Wheat Helped by Higher Cables and Smaller Werld's Shipments.

JULY CORN CLOSES QUARTER-CENT DOWN

Onts More Active Than Any Other Market-Big Demand from Shorts -Provisions Dull and Fentureless.

CHICAGO. June 17.—The wheat market developed some weakness toward the end of tonays a session, though, as a whole, prices were fairly steady, the July delivery closing \$\frac{1}{2}\text{c}\$ lower. July corn closed \$\frac{1}{2}\text{c}\$ lower. July corn closed \$\frac{1}{2}\text{c}\$ lower. July oats \$\frac{1}{2}\text{c}\$ improved and provisions from a shade to \$\frac{1}{2}\text{c}\$ lower.

The volume of wheat business was not large. The improved tone of the Liverpool cables, coupled with a decrease in world's shipments and quantity on passage, gave the wheat market a good start today, July delivery opening unchanged to \$\frac{1}{2}\text{c}\$ lower. On covering by shorts, who were moved to action by reports of big crop damages in Europe, there was an early advance to \$70\frac{1}{2}\text{c}\$, at which trading was mostly of a local nature, though there was some buying for export. Disappointment was felt by the bulls over the small decrease in the visible and the long wheat accumulated on the upturn was put out, breaking the price to \$\frac{1}{2}\text{c}\$. Some considerable purchases by the elevator people caused a reaction to \$\frac{1}{2}\text{c}\$, at which the market closed \$\frac{1}{2}\text{c}\$ lower and fairly steady. The visible supply decreased \$\frac{1}{2}\text{c}\$ ob bushels, against \$\frac{1}{2}\text{c}\$ lower equal to \$\frac{1}{2}\text{c}\$ ob bushels a year ago. World's shipments of wheat and flour were equal to \$\frac{1}{2}\text{c}\$ ob bushels a vear ago. Seaboard clearances of wheat and flour were equal to \$\frac{1}{2}\text{c}\$ ob bushels. Minneapolis and Duluth reported \$28\$ cars, against \$\frac{1}{2}\text{c}\$ last week and \$69\$ a year ago. Local receipts were seventy-four cars, six of contract grade.

The bull element that caused the notable appreciation in corn Saturday was on hand at the beginning of business today and despite reports of a continuation of excellent weather in the corn belt the July option opened firm, selling between 42% 43%c, and closing steady at %c down at 43%c. The firmness at the initial sales was of brief duration, owing to selling orders from the west and a ready acceptance of bids sent out two days ago, and the decline abroad absorbed all the profits and added a loss of about %c. A rally toward he close was the result of the exhaustion offerings and the return to the buying ide of the elevator people who ran the rices up last week. Trading was dull Local receipts were 251 cars, sixteen of contract grade. Five loads were reported taken for expert. bull element that caused the notable export.

The oats market was more active than any other. There was a big volume of trade early in the day and the demand came principally from shorts. July eats sold between 27½ and 28½c and closed ½@½c improved at 28½c. Local receipts were 184 cars.

The provisions market was dull and bare of speculative interest. July pork sold between \$14.62½ and \$14.70, closing 7½c down at \$14.67½. July lard ranged from \$8.50 to \$8.52½@\$3.55, at which latter price it closed a shade lower. July ribs sold between \$8.05 @\$6.07½ and \$8.10, closing 2½c down.

Market Succumbs to Heavy Gold Exports and High Money Rate.

NEW YORK, June 17.—The stock market made a vigorous attempt today to withstand the chilling effect of heavy exports of gold and the flurry in the money rate to 5 per ceat, but the general show of strength at the opening was forced to succumb to this development, in spite of the persistence of some notably strong spots. The closing showed advances very generally wiped out except in the few stocks which moved against the current. St. Paul continued to be most conspicuous of these and the strength in that stock was supplemented by advances in various other railroad stocks from individual causes and by a buoyant tone for the independent companies and a few industrials. Missouri Pacific was slightly affected by the dividend. The opening was strong, with 15,000 shares of St. Paul taken at a spread of 2½ points, the quotations varying from 181½ to 184, compared with 180 on Saturday. The stock touched 185% after in the day on enormous dealings. The belief is well defined that an offer is to be made of 4 per cent at the ratio of 200 at par of the bond for 100 at par of the stocks, as was done for the Burlington. As certificates for the Burlington stocks are ruling at 195%, the price seemed to be the objective point for St. Paul. The dependent steel stock companies were affected by rumors of pending absorption into the United States Steel corporation. Tennessee coal rose an extreme 7½. Colorado fuel, 5%; Republic steel, 3½; the preferred and Hocking Valley. 2½. The advance of 4% in Illinois Central had no other explanation than the rate of the dividend return.

Amalgamated Copper was firm all day, but it was not until the final dealings that it was rushed perceptibly up to 130, with indications of distress on the part of the shorts. The activity of the trading decreased conspicuously after the gold shipments were announced to an aggregate of 4.550,373, following a decrease for the week before of 57,991,550, thus cutting down nearly two-thirds the bank's surplus ports and High Money Rate. NEW YORK, June 17.—The stock market

The bond market was rather active and irregular. The total sales, par value were \$3,395,000. United States refunding 2s, the 3s and new 4s declined 3, per cent on the last call.

The Commercial Advertiser's London financial cablegram says; What activity there was in the stock market today was furnished by American shares. They were freely dealt in, but other departments of the market were idle. Consols were heavy in anticipation of another issue. American stocks opened firm and then went higher on New York support. The feature was St. Paul, which touched 191. This advance was partly due to covering by the bears, who have become somewhat fearful that the recent shipments of the certificates of the stock to New York have produced a shortage of 10,000 shares here. The main cause of the advance was the report that Union Pacific would get control of St. Paul on the basis of \$200 in bonds for \$100 par value of St. Paul stock. This is regarded as a good thing for St. Paul and the prediction is made that it will touch \$210. The arrangement is considered as bad for Union Pacific. Tintos are 56% on Paris sales, fortnightly statistics showing an increase of 302 tons in stock and \$17 tons in supplies. Discount rates are unaltered. Tomorrow there will be a call for 10 per cent of the £60,000,000 consols. Paris exchange, 25.40; Berlin, 25.4014.

NEW YORK, June 17.—COTTON—Today's events in the cotton market were emphatically builish. While the rise was started by Liverpool, the New York market subsequently took the lead, only to be outdone by New Orleans late in the session. The strong point of the day was in the midafternoon, when shorts lost their nerve owing to reports of large New Orleans and other southern buying orders. The west poured in orders for August and October and January. The advance carried July to 8.36c. August to 7.75c. October to 7.41c and January to 7.45c, after which there was a reaction of 364 points. It was reported that drouth complaints were becoming numerous in Texas, spot cotton was said to be hardening rapidly on a scare of northern spinners and urgent buying for the July "clique." The market was finally steady, with prices 9614 points hisher. Spot closed dail. 4cc hisher; middling uplands. Sige; middling guif. 83. Sales were 1,500 bales.

LIVERPOOL, June 17.—COTTON—Spot, fair demand, 13-22d higher; American middling, fair, 53d; good middling, 4'4c; middling, 4'4c; low middling, 5'4c; modicalles, all American; receipts, 10,000 bales, stock, 111.549 bales; ordinary, 5'4c; middling, 6'3c; good middling, 8'3c; middling, 6'3c; middling, 6'3c;

Bigin Butter Market. ELGIN, Ill., June 17.—BUTTER—The of-ferings of butter on the Board of Trade aggregated 13,200 lbs., for which 19c was bid Manufacturers declined the offers and the call closed with no sales made. The quotation committee announced a strong market at 19c, an advance of 4c. Sales for the week were 882,000 lbs.

provisions of section 37, chapter 18, article 1. Compiled Statutes, 1889, is derivative and not original.

2. A claim against a county must be presented in writing, to the county board before that body has jurisdiction or authority to act upon it.

3. The only claim which the county board is, by section 27, chapter 18, article 1, Compiled Statutes, 1899, authorized to examine, adjust and allow, or reject, is one which must be paid by the issuance of a warrant upon the county treasurer.

4. The right of a taxpayer to test the validity of a claim against the county does not arise until there has been an adjudication by the county board in favor of the claimant.

5. The approval by the county hoard of the report of a county officer made in compliance with the requirements of section 43, chapter xxviii. Compiled Statutes 1899, is not a judicial order, it has not the force or conclusiveness of a judgment and is not appealable.

Captain Sentenced for Bribery. MOBILE, Ala., June 17.—In the United States court today Captain C. W. King, former construction quartermaster at Fort Morgan, Ala., was sentenced to imprisonment in the penitentiary for one year and a half and to pay a fine of \$3,000. He gave notice of appeal and made the required bond of \$10,000. King was convicted several weeks ago of receiving a bribe with intent to influence his official conduct.

about 50c, and Chicago went off 25@35c, with the good kinds 10@16c lower. In view of such reports sellers at this point could not well prevent a drop in prices.

Bulls and stags were also slow sale today and could be reported weak to a dime lower in sympathy with the decline on other cattle. Veal calves were also hard to move at steady prices, and they sold lower unless they were good.

HOGS—There was a light run of hogs today, but other markets were all quoted lower and as a result prices at this point took a tumble. Packers were bidding generally 5c lower, but sellers were holding their droves at good stiff prices and did not like to cut loose at the prices offered. In some cases the market was fully 5c lower, while in others it was only about 25c lower, the in others it was only about 25c lower than on Saturday. The bulk of the early sales went from \$5.80 to \$5.85. It was rather a slow market, but owing to the light receipts it was not long before the bulk of the hogs was out of first hands. The last end of the market did not show much of any change though the feeling was no better. Everything was sold in good season and the long string went at \$5.824 with the bulk at \$5.8058.85 and the top at \$5.875, so that the general market was only about 2½ \$6c lower than on Saturday. Failure in life is more often due to exhausted nerve force than to lack of capital.

Strong nerves are the capital that helps men conquer conditions.

When people lose their capital they set to work to regain it.

When we lose our nerve force we ought to seek a means of getting it back. There is a way, certain and scientific.

\$1.00 per box; 6 boxes \$5.00 mailed securely sealed upon receipt of price. Book free.
