TENNIS IN MIDDLE STATES Contest Approaches for Privilege of Challenging Whitman-Melange of Other Sports.

The fifteenth annual lawn tennis tournament for the championship of the middle states will be held under the auspices of the United States National Lawn Tennis association on the courts of the Orange Lawn Tennis club at Mountain Station, N. J., beginning Monday, July 1. The winuer of the men's championship singles will have the privilege of challenging Malcoim D. Whitman, the present champion of the middle states.

There will be a new challenge championship trophy offered this year, to become the property of anyone who shall win it three times, the former trophy, offered under similar conditions, having become Whitman's property last year. There will also be prizes for the successful competitors in both singles and doubles and a consolation

It is only fifteen years since the few women who ventured forth on the clumsy, oldfashioned heavy tricycles in vogue in the '80s were considered very bold and unfeminine, and the possibility of any women riding on bicycles was proclaimed a crazy dream of bicycle manufacturers.

A great betting scandal has been discov ered in the English government telegraph department. The operators in the central office in London have been in league with others in suburban and provincial offices for swindling bookmakers. The methods adopted have been ingenious, elaborate and successful, and included a resort to forgery. A score of men have been suspended pre liminary to their dismissal, and an exhaustive inquiry is now proceeding, with a view to ascertaining the exact extent of the evil. The present intention is to institute criminal proceedings against the leaders.

The American Bicycle company has secured some of the fastest men in the country, including sprinters and pace followers, for its team for the coming season.

starts July 6 and ends September 7. Billy Brady is now a full-fledged bicycle manager. In speaking of big races Billy "If the American Bicycle company trust think they have the best riders under control I will match Jimmy Michael and Harry Elkes against any two they choose for a \$5,000 or \$10,000 side bet, best two out of three races, at any distance. I do not include Johnny Nelson in this defi, as he is also under written contract to me to appear at my track. Harry Elkes is rapidly recovering from his recent fall and will make his first metropolitan appearance at Manhattan beach on July 4 in an hour race, open to the world. I offered Jacquelin, the Frenchman, \$2,000 and expenses for one race with Elkes and he refused to come to this country."

The N. C. A. Board of Control held a meeting at Buffalo last week. Amicable arrangements were made with the Canadian Wheelmen's association, which last year kicked over the N. C. A. traces, and it is more than likely that the N. C. A. grand in the game. The scores were: circuit will include several Canadian cities this season. Applications for reinstatement acted upon favorably were as follows: H. C. Gariner, Harry Barrow, Emil Rudloff, Philadelphia; A. C. Moran, Washington; Thomas L. Bird, St. Paul. The unsuccessful applicants were: Burt Hazzard, Geneva; D. J. Hill, Seattle, Wash.; Will R. Brown, New York; Robert Hunter, Newark, N. J.; Arthur J. Hammond, Lynn, Mass.; Everett E. Ryan, Walton, Mass.; Joseph Szparadowski, Waterbury, Conn. A half dozen other applicants were temporarily tabled. It was decided that any rider who failed to pay his indebtedness for the services of a trainer would be suspended until the amount was paid. P. G. Van Cott, New York, was suspended from all competition until June 28 for conduct unbecoming a gentleman at a recent meet in Hartford, Conn.

"Plugger Bill" Martin, the bicycle rider from Lowell, Mass., closed, according to Australian newspapers, a successful season May 15. In a report of the great event of that day in the Australian Cyclist reference was made as follows to the Lowel

rider: "Martin, the sensational American rider, was the star item of the program and he maintained his extraordinary reputation by winning the classical events of the day, the one-mile international scratch and the eight hours' great wheel race of \$600. There were 30,000 people at the races. A sheet would have covered the first three riders His competitors in the mile finals were W H. McDonald and D. J. Walker."

T. J. Gascoyne and Sydney Jenkins, the English cyclists, who have been training at Manhattan Beach track, will probably be matched to compete in a tandem race paced by motors. The pair are the champlons of England on the two-seated machines, while the Butler brothers, Frank and Nat, are considered one of the best tandem teams in the country. To settle the question of speed beyond dispute the man-

agers of the Revere Beach track near Boston have made offers to the riders for a tenmile race, to be held on July 4, each team to provide motor pace. If arranged it will be the first race of the kind ever held in America, although such contests have been a feature of the French tracks during the past year.

The movement for good roads which is now well under way in nearly every state in the union is taking a new form in some states. It is in the shape of a proposal to make the tramps incarcerated in town and county jails earn their keep by working on the road. Over a year ago the commissioner of Beaver county, Pennsylvania, at the solicitation of local cyclists, decided to utilize the services of all tramps in the county prison to better the conditions of the county highways. It was at the season of the year when tramps were numerous and when they are gathered in from all highways and given liberal service in the county jail. Here they were set to work breaking stone and after a sufficient amount of stone had stretch of roadway. The tramps did not relish the work, but were kept at it indefatigably, with the result that within six months' time Pennsylvania boasted of one of the smoothest, firmest and best constructed macadam roadways in the country for a limited distance. Pittsburg riders know of it and enjoy it and have been hoping that the example of the Beaver county authorities would be emulated by those of other adjoining countles. For some reason the experiment has not been followed up and tramps have been suffered to live in idleness at the expense not only of Pennsylvania, but of other states. It is argued that were the tramps that fill the county jails of New York, Chicago, Detroit and other large cities put to work each fall upon county roads the owners of bicycles, automobiles and horses, to say nothing of the farmers, would profit materially.

MISS HECKER WINS AGAIN Metropolitan Golf Club Champion in Now Counted On to Win Women's Open Tourney.

Miss Genevieve Hecker is again a golf champion. By defeating Miss Ruth Underhill in the Women's Metropilitan Golf association of New York City at the Nassau Country club she has for the second successive time won the title of champion of this organization and her latest triumph has placed her as a big favorite for the women's open national championship, to be played at Baltusrol Golf club in October. Miss Hecker won by 2 up and 1 to play. Had she been opposed by Miss Margaret Curtis of Boston, Miss F. C. Griscom, the Philadelphia girl, who holds the amateur championship, or Mrs. R. H. Barlow, the Philadelphian, who has recently come to the front, or by Miss Beatrix Hoyt, might possibly have made the round in a 90, but after winning three easy holes at the start her game seemed to lack snap At the end, when dormie 5, Miss Hecker had three unlucky holes, but when she pavements, inviting lake and riverside re- halved the seventeenth in 3 she had the match won. Miss Underhill played pluckily and always used good judgment.

The details of the play are extremely interesting. Miss Hecker led off from the tee and drove her usual long ball. Miss Underhill was less fortunate and put her silent steed as a popular pastime. And the ball into high grass. Two shots were lost stouts are there a-plenty. It was then a case of 2 up and 2 to play for the champion, and the 160 pond hole came next. Each was over safely and the hole was halved in a par 3, finishing the match and the metropolitan championship for Miss Underhill was warmly gratulated by her clubmates for making a closer finish than had been expected early
