is an enlargement of the thyroid gland, or the anterior part of the neck. It is said that whenever goitre has arisen without being inherited it is often caused by impurities in potable water. The whole of the thyroid gland, or both lobes, or only one, may be the seat of the disease. In exceptional cases an accessory lobe is present and becomes enlarged. Cysts are formed from the normal follicles of the thyroid, by their distension with colloid material, the epithelial lining degenerating as the cysts increase in size. The cyst-wall is formed by inter-lobular septa and capsule of the gland. In pure cysts the serous fluid which is secreted from the walls replaces the colloid contents. In the fibroid form the connective stroma increases at the expense of the follicles and tough bands of fibroid variety does not.

### LAST DAY OF RACE MEET

Large and Enthusiastic Crewd Gathers

EVENTS ARE FULLY UP TO STANDARD

Management Successfully Frowns Upon Anything that Smacks of Collusion-Story of the Races in Detail.

Close to 1,000 people attended the closing program of the week of running races at the Omaha Driving park Saturday afternoon and enjoyed a series of events that were fully up to the standard maintained during the earlier portions of the meeting. The rigid treatment accorded on Friday to the first positive symptom of collusion between owners to throw a race had a salutary effect upon the events of Saturday afternoon, and every race was a genuine contest of speed and endurance. Outside of the attendance of Friday the crowd was the biggest of the week and the enthusiasm was more marked than upon any other day. The morning had been comparatively cool and a refreshing breeze had imparted new vitality to horses and riders, which bore them up well when the scorching weather returned with the afternoon.

Five events had been scheduled, but a seven-eighths mile race for horses which had not taken first or second money, for a purse of \$80, was declared off.

Acts Like Circus Horse. When the horses were brought out for the first race, the five-eighths of a mile dash for non-winners, Racine Stice indulged in a little circus cussedness and after knocking out a panel of fence in a rear-end collision, bucked and threw herself over backward. Her mount, the alert colored boy, Cottrell, fell squarely upon his back, but managed to clear the mare's fall. After a long spell at the post the quintette was sent away, with Uncle Sam, Long up, three or four lengths in the lead. This lend was considerably cut down by Des Moines, who pressed the leader closely in turning into the last quarter, but went lame in the left foreleg as he entered the stretch and finished second by a length. Orphan Boy followed at about an equal distance.

The three-quarter-mile dash was a cinch for Lord Howard, Dailey up. The Lord took the lead just after quitting the post and strengthened it gradually until he finished three lengths ahead of Prairie King, who led the bunch by a length, Todd

King, who led the bunch by a length, Todd taking third place.

In the five-eighths mile dash for the \$40 purse, with \$50 added, Madame Bishop, with Eddie Porter up, gained a length on the siart and held it during the race. At the end of the first eighth Horne was pressing her close, but could not lap her. At the five-eighths post Bishop began to increase her lead and finished a length and a half to the good. It was as pretty a race as one would care to see, but the effect of it was marred somgwhat when Madame Bishop's mount weighed in three pounds short. The leader was, therefore, put back to fourth place, the other horses ranking accordingly, Horne, with Dailey up, taking first place.

The fourth race was a quarter of a mile and repeat. Six horses started. Jim Hicks had been picked as a favorite and he soon demonstrated the wisdom of the choice, winning the first two heats. In the first a bad start was given, Hicks, with Doty up; Pumpkin Seed, ridden by Snowball, and Leu H., with Cottrell in the saddle are tearing toward the leader. Pumpkin Seed took the lead at first and looked for a time like a pretty sure winahead just in time to capture the heat, closely crowded by both Pumpkin Seed and Leu. In the second heat a more equitable start was made, but Pumpkin Seed was not in the leading bunch. Hicks led from the start and passed under the wire with a safe margin, Leu H. closing second and Billy Van third. Results:

NEW YORK, June 29.—Blue Girl, running in the name and colors of John E. Madden, won the \$20,000 great trial stakes at Sheepshead Bay today. She carried top weight of 125 pounds and, with Shaw up, won ridden out by a length from Hyphen, while W. C. Whitney's Goldsmith finished third, a length and a half back. Mr. Whitney shared the honors of Blue Girl's victory, as he owns a half interest in the filly. Results:

CHICAGO. June 29.—The Oakwood handicap, the first of the handicap features at Washington park, was run today. There was a good field and the weather was fine. Robert Waddell, now enjoying the distinction of being a local public idol, carried the top weight, considering his age, but was nevertheless played by almost as many betters as all of the other starters put together, and when he landed a victory there was great enthusiasm. Bullman rode the Derby colt and got him off in front. Eddie Jones went after the Derby winner, but Bullman kept the rail and did not allow a rival to take it away from him, although Jones showed in front for a time on the back stretch. Approaching the far turn Bullman again drove the 3-year-old to the fore. It was a long way from home, and as the entire field, with the exception of Advance Guard, was bunched close behind, it appeared doubtful if Waddell could last. His closest attendants, however, tired one by one, while the Derby coit hung on ard got into the stretch with two lengths' lead. At Washington Park.

At St. Louis Fair Grounds.

ST. LOUIS, June 29.—Getaway day at the fair grounds was marked by one of the most threatening demonstrations ever witnessed on a race track in this city. The trouble was caused by the unsatisfactory running of the fifth event, in which Varro, Chappaqua and Peaceful were figured as the principal contenders. Varro on the form shown in his recent performances was made a red-hot favorite at 13 to 10, with Chappaqua well fancied at 14 to 5. Three to 1 was chalked up against Peaceful. Starter Bruen shocked the backers of Varro and Chappaqua by letting Peaceful off with a flying start, not dipping his flag until that horse was beyond the time flag. The crowd yelled in derision as Peaceful opened up a big gap. The other contenders never had the shost of a chance to win, Peaceful won, pulled up, by half that distance from Varro. Hundreds of angry men surrounded the judges' stand demanding that Peaceful be set back and crying. "thleves," "robbers' and other like terms, while hisses could be heard throughout the grounds. Peaceful is owned by C. J. Cella, a brother of one of the proprietors of the race track, and this fact was strongly commented on. Track fast. Racing will be resumed at Delmar park Monday. Results:

First race, one mile, selling: Hardly, 107 (Gilmore). 8 to 1, won; Sylvan, 103 (Bassinger), 12 to 1, second; Insurrection, 109 (Fauntleroy), 12 to 1, third. Time: 1:42½. Dan Paxton, Judge Ma Big System. CHICAGO, June 29 .- (Special Telegram.) -In connection with the report that the accounting departments of the Southern Pacific, Oregon Short Line and Oregon Railway and Navigation company are to be consolidated, Chicago ratiroad men say it is a fact that General Auditor Erastus Young, Freight Auditor H. J. Stirling, Auditor of Passenger Accounts F. B. Southard. Comptroller William Mahl and other accounting officers of the various lines have been summoned to attend a conference at Omaha Monday, at which Mr. Harriman will be present. Mr. Harriman passed through Chicago today on his way to Omaha, but succeeded in preserving his usual sphinxlike silence. It was rumpred when the announcement was recently made of the unification of the traffic matters of the Harriman lines that the process would extend to other departments and no man save Mr. Harriman can tell where this consolidation will stop. The same spirit is pervading the entire railroad world and the financial heads are determined that great economies shall be inaugurated.
