

Kodol

Digests what you Eat
Dyspepsia Curo

A healthy stomach, capable of digesting a good, square meal, is a great blessing. It keeps the body strong by insuring plenty of nourishment. In fact, it means perfect health. But something must be done when the stomach is so tired that it can't digest what you eat, for undigested food poisons the blood.

We can recommend a preparation that completely digests all classes of foods—that is **KODOL, DYSPEPSIA CURE**. It gives the stomach perfect rest and allows you to eat and enjoy the variety of food that is necessary for maintaining health. It never fails to cure indigestion, after everything else has failed. It is pleasant to take and can be used in all conditions.

"For many years I suffered from chronic indigestion, and it seemed as though nothing was going to do me any good. On the advice of a friend I commenced using Kodol Dyspepsia Cure. It gave me immediate relief and I continued its use, until now I feel that I am cured."—Henry F. Cramer, Wendenville, N. Y.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The 81 bottle contains 24 doses the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly.

CHEAP WATER FOR LINCOLN

Joseph Burns Thinks to Save the City Many Dollars.

INCIDENTALLY WILL PROFIT HIMSELF

Lancaster County Gets a Splendid Rain—Change in Omaha Bridge and Terminal Company—Other State News.

(From a Staff Correspondent.)
LINCOLN, July 1.—(Special.)—Joseph Burns of this city, formerly a member of the legislature, was before the city council tonight with a proposition which, if accepted, will, he declares, result in a saving to the city of Lincoln of many thousands of dollars a year. He agrees to supply the city with water at a rate of 8 cents a thousand gallons, the same to be pure, fresh and unlimited.

Under the existing system, which is owned and operated by the city, the water costs on an average of 15 cents per thousand gallons and the receipts of the water commissioner's office just about equal the expenditures, or, in other words, the water department is no more than self-sustaining. Mr. Burns would have the city still maintain the water commissioner's office and pay the difference between the present price and the 8 cents contract price into the sinking fund, and he says that by doing so the entire indebtedness of the water department could be paid off within a few years.

"I am simply offering the city a good business proposition and I frankly admit that I expect to make money myself," said Mr. Burns. "For years the council has wrestled with the water question with no satisfactory result. They are divided as to the best course to pursue and are rent by factional strife over the matter. Today insurance companies are at a tremendous risk, the water supply threatens to fail and if a fire should occur there would be nothing to do but watch it sweep unimpeded on its way. I believe I have a proposition that will benefit the city and I intend to do all in my power to get the council to accept the plan which I will submit this evening. I was connected with the location of the Mockett and Rice pumping stations and my judgment in these matters is now proven to be correct. My well on the capitol grounds will furnish twice as much water as the contract calls for and I believe I am right on this scheme also."

Details of the Proposition.
"I will furnish all the material and labor necessary to construct a plant of such proportions as will give the city an ample supply of good water at all times, the same as that furnished by the Rice and Mockett stations. I will construct reservoirs with 2,000,000 gallons capacity and pump into and out of the same at all times. I will agree to furnish and pump into the city mains all the water the city requires for use, agreeing to keep the pressure up to fifty pounds per square inch for domestic and up to from ninety to 100 pounds at the pumps for use during a fire.

"I will furnish the necessary boilers and pumps to do this work, including all of the expense of every kind and guarantee plenty of water as above for a term of twenty years at a sum of 8 cents per thousand gallons so pumped into the city mains. The city shall put in and control the meter to measure the water from the pumps, the same as it is measured to the consumers. In this way the city will be out no expense for water supply outside of the salary of the water commissioner and clerks in the water office, and will receive, without cost, if the present rates are maintained, 7 cents per 1,000 gallons for all the water consumed in the city with no money for experimenting or hunting water. The city would, in this way, soon be able to meet its obligations against the water department.

Mayor Winnett Opposed.
Mayor Winnett is opposed to the proposition submitted by Mr. Burns. He said to the correspondent at the conclusion of the meeting: "I am decidedly of the opinion that it would be unwise to accept the offer. Distributing water is a great deal of laboring it. You start with a good load, but when you get to the destination your stock has greatly decreased. Under the plan suggested we would have to pay for all water during the time it is water used at fires. Last year the receipts of the water department were increased \$10,000 and the expenses were decreased \$9,000 and I think the department is too good a thing to let go."

Fireworks Order Rescinded.
Mayor Winnett said that on account of the rain today he would not insist on the enforcement of his anti-fireworks order July 4.

The acetylene franchise and the anti-acetylene ordinances were read tonight and will come up for discussion Monday.

Two New Lincoln Schools.
The Board of Education tonight awarded contracts for constructing two new school buildings to Campbell Bros. of this city. The buildings are to be on the grounds of the capitol and Fine Street schools and will cost \$150,000 each.

Lancaster County is Soaked.
Following a rapid decline in the temperature a good, soaking rain fell all over Lancaster county this morning. At 6 o'clock the thermometer indicated 94 degrees temperature, but an hour later it had fallen to 80 and the wind had changed around to the north. It is believed here that the rain came in good time to save grain in the exceptionally dry places of the county. It will probably retard the harvesting of wheat, but it is not feared that it has damaged that cereal.

As a result of the downpour everybody in Lincoln and surrounding country is in good spirits. Reports from reliable authorities are that both corn and wheat are in good condition.

In Lincoln the rain measured about one inch and in some portions of the county it was still heavier.

Trusty Convict Escapes.
Convict B. P. Mallory, a trusty at the state penitentiary, escaped early this morning and has not yet been located. He was usually sent out to work in the stock yards. Attired in a uniform of bed ticking he hid as soon as his movements were unobserved. Making his way from Hamilton county for assault and only had the major fraction of a year to serve.

State House Water Works.
The new water works system installed at the state house by Joseph Burns has been continuously in operation for several days and it is estimated that during this time upwards of 30,000 barrels of water have been flowed over the lawn. The average discharge is 400 barrels per hour and the plant has been working night and day for nearly a week. The water is pronounced by experts to be excellent in quality and apparently the supply is inexhaustible.

For the amount of water now being discharged by the artesian well the city charges at the rate of \$10 per day. This is a difference of \$0.50 per day in the actual cost of water.

Omaha Bridge and Terminal.
The Omaha Bridge and Terminal company today filed amended articles of incorporation in the secretary of state's office. The change is in the internal management of the company.

Articles of incorporation of the Fraternal Hall association of Valentine were recorded in the secretary of state's office. The object is the construction of a fraternal hall, and the organizers are Masons and Women.

The Riverside Park club of Merrick county has been incorporated under the laws of the state, by H. Coover, A. J. Foster, O. Forsell, J. B. White, S. Henshaw, H. S. Miller and John Higgins. Another organization incorporated today is the Social Club of Republican clubs, of which the principal incorporators are: L. P. Anderson and Fred P. Cox.

Secretary Hoyce of the State Banking Board today chartered the Bank of Holbrook, Furnas county. The institution is capitalized for \$5,000, and is organized by J. M. Patterson, S. M. Patterson, Sam Patterson, E. A. Patterson, H. G. Miller, J. R. Coover, H. W. McFadden.

Adopted Son Claims the Property.
W. A. Bentley, the adopted son of Mrs. Mary A. Bentley, who died May 28 without kith or kin, this morning requested the county judge to set aside the last will and testament of his foster mother and give all the property, amounting to some \$10,000 or \$20,000 to him. In the will Bentley is cut off with the meager sum of \$25.

Mrs. Bentley left the major fraction of her estate to the German Catholic church of Lincoln. Bishop Boncompagni received \$2,000 for proposed Catholic church orphanage. Other friends and church dignitaries received small tributes of her esteem in the shape of a few hundred dollars. But the greater fraction of the property went to the church.

Bentley declares that he is the only adopted son; that he is the sole relative of the woman now living. He insists that at the time she made the will Mrs. Bentley was of unsound mind and incapable of making a legal disposal of her property. The church officers also heaved her, he avers, and worked upon her sympathies and fears, thus securing a generous slice of her property for themselves. He contends that the district court has no jurisdiction and relatives of the woman of her condition and prevailed upon her to exclude the legal heir and for these reasons he asks that the instrument be set aside.

The hearing on the district court's proceedings in the district court this morning and asked that Mr. Bentley produce the proof of his adoption. They affirm that while Mrs. Bentley was not physically strong she was intellectually clear and that she made the will long before her last illness.

Some difficulty was experienced in securing the attendance of a Miss Sandton who first signed the will. She was finally brought into court, however, and testified that she saw Mrs. Bentley sign the will. She was also very certain that Mrs. Bentley was sound minded. Later on she admitted that she had only met Mrs. Bentley the day the will was signed. Miss Sandton, the day the will was examined. Bishop Boncompagni and his attorneys were on the scene and will put up a hard fight to sustain the will. The hearing will last several days.

Wife Gets the Divorce.
When Harry K. Mitchell began divorce proceedings against his wife, Ollie M. Mitchell, was not caught napping. In Ohio where she had gone for a visit she heard of the suit and immediately returned. She came back at him with a counter suit and this morning Judge Corah gave her a decree and added to it \$50 in excess of the costs of the suit by way of alimony. They were united in marriage in Springfield, O., in 1882. Mr. Mitchell alleged that he had not had sexual intercourse with her and she made the counter charge of cruelty and desertion. From the tangle of criminal and recrimination the court at length awarded the decision to the woman in the case. Mr. Mitchell is a man of color.

Jesse Rodgers is Sinking.
Jesse Rodgers, whom Mike Kilroy shot at last night, is more and more sinking and his physicians declare he is rapidly nearing the end. His brother, Frank, has arrived from Missouri and now watches by his bedside. Rodgers has a burning fever and is kept continually under the influence of morphia.

ENGLAND EATS YORK FLOUR

Mills at Nebraska Town Ship Hundreds of Barrels to Liverpool and London.

FRED WILLIAMS IS KILLED

Illinois Man Run Over Near Chadron by Westbound Elkhorn Passenger Train.

CHADRON, Neb., July 1.—(Special Telegram.)—Fred Williams of Harrisburg, Ill., was struck by No. 3 westbound passenger train four miles east of here Sunday morning and killed. He left here on passenger train No. 4, eastbound, Saturday night and must have fallen from the train and been hurt as he was making a feeble effort to rise from the track when the train struck him. The train was coming down a steep grade at a high rate of speed and the engineer did not see him in time to stop.

Madison Crops Booming.

MADISON, Neb., July 1.—(Special.)—Crops in this section of Madison county are looking fine. There are some fields of corn not advanced to what they should be, but the warm weather has been what was needed. Most of the fields will be plowed by July 4. Small grain looks fine and is ripening well. Harvest will begin next week.

Shelton Minister Resigns.

SHELTON, Neb., July 1.—(Special.)—Rev. L. W. Scudder, who has been pastor of the Presbyterian church at this place for several years, has resigned and today preached his farewell sermon. He will move to Norfolk, Neb., to take charge of the work at that place.

Record Week at Shelton.

SHELTON, Neb., July 1.—(Special.)—The past week has been the hottest experienced in this section for many years in June. Some fields of grain have been cut, but the most of it will be put in shock the coming week. The quality is first class and the yield heavy.

YOUNG MAN HANGS HIMSELF

James Jensen Commits Suicide in the County Jail at Fremont.

MIND DERANGED FROM SICKNESS

Ties Suspenders Around His Neck and to Iron Bar and Dies with His Feet Resting on the Floor.

FREMONT, Neb., July 1.—(Special.)—James Jensen, 21-year-old son of Chris Jensen of Ames, committed suicide by hanging in the county jail here today noon. Jensen disappeared from home last Tuesday and as he had just recovered from a severe illness his parents were looking for him all last week. Yesterday he was found in a demented condition in a hayrack near the Platte river by H. Bailey and was taken to his home. This morning his father brought him to Fremont and consulted his physician, Dr. Brown. On the advice of the doctor, he was taken to the room in the county jail to remain until the Board of Insanity Commissioners could pass upon his case tomorrow morning. At 12:20 his dinner was taken to him by a prisoner and he then appeared all right.

A while after a prisoner in the cell underneath the room occupied by Jensen heard a noise and called loudly to the sheriff. Mr. Kreader was in his office and immediately entered the hall and went to the room occupied by Jensen. He found the boy had hung himself by his suspenders to an iron rod across the top of the cell. His feet were resting on the floor. Physicians were summoned, but it was too late. The body was removed to Denigler's undertaking rooms and will be taken to Ames for burial.

Coroner Martin held an inquest this afternoon at which the fact developed that the boy had been sick with typhoid fever for some time previous to leaving home and had been at times out of his head. He had been in the employ of the Standard Cattle company.

CROWDS DESPITE THE HEAT

Number of Visitors at the David City Chautauqua Reaches Six Thousand.

DAVID CITY, Neb., July 1.—(Special.)—Notwithstanding the intense heat, accompanied by a strong, dusty south wind, the attendance at the Chautauqua yesterday was larger by far than on any previous day. A conservative estimate places the number at 6,000. The day's exercises opened with an address on "Normal and Junior Sunday Schools," by A. M. Walling. Rev. M. C. B. Mason, colored, of Cincinnati preached a sermon in the forenoon. In the afternoon the Fiske Jubilee singers occupied the platform for a short time. Rev. Mason delivered a lecture, "Some Providential Movements for the Evangelization of Africa." At the close of his lecture people extended donations toward the evangelization of Africa which amounted to \$100. After the lecture by Dr. Mason Prof. W. H. Myers, assisted by a chorus of 100 voices, rendered a sacred cantata.

This morning the Women's Christian union occupied the platform for an hour. J. P. Keating, D. D., delivered a lecture, "Wanted, A Man." In the afternoon General Z. T. Sweeney, ex-consul general to Turkey, entertained the audience with a lecture, "The Golden Age." The afternoon program concluded with round table.

York County Politics.

YORK, Neb., July 1.—(Special.)—Republican candidates for county offices are circulating among their friends and acquaintances. The following are the county offices to be filled: County judge, county clerk, treasurer, superintendent, sheriff and surveyor. For county judge the present incumbent, W. F. Wildman, is thinking of running for a third term. B. Taylor, attorney, is a candidate for the nomination. Owing to the increase of population there will be a recorder of deeds elected. Only one candidate has announced himself for this office. J. A. Eklies of Thayer. There will be a number of candidates for county treasurer and sheriff.

Eight Days of Wind at Harvard.

HARVARD, Neb., July 1.—(Special.)—Yesterday continued eight successive days of intense heat and wind, the mercury reaching 106 at 2 p. m. A strong wind prevailed most of the day. Wheat is over-ripe and with the heavy winds that have prevailed some of it has shelled off. The crop of spring wheat will be light, but the winter wheat continues to promise well and by July 4 will be in shock and partly in the stack, a thing that has never before occurred. Today the weather mild, with little wind and considerable indications of rain.

Saves His Field from Fire.

CLAY CENTER, July 1.—(Special.)—Sparks from an engine on an excursion train yesterday on the Kansas City & Omaha set fire to a wheat field of John Delahunty, two miles east of here. Mr. Delahunty, discovering the fire, immediately plowed several furrows around it and contained the damage to a few acres.

Plattsmouth Farmers Complain.

PLATTSMOUTH, Neb., July 1.—(Special.)—During the past week the mercury has ranged from 95 to 103 degrees and farmers are complaining of the excessive hot weather.

TO THE PUBLIC: Come to our Drug Store for **MULL'S GRAPE TONIC**

The Reconstructor of Health, Run Down Systems and Worn Out Tissues. We guarantee it to be the best spring tonic and the only one of the kind known.

A FRUIT TONIC LAXATIVE

For old people who feel the need of strength and vitality, it is a welcome friend. It sends new blood through their veins, builds them up, bringing them back to a life of usefulness where living is a pleasure and not an existence of misery.

Don't give up until you have tried the discovery which the doctors have stunted **THE NEW WONDER FOR BAD HEALTH.**

It is recommended for children as well as adults. Invalids can use it with perfect safety and good effect. It is woman's best friend. It has proven valuable in the treatment of La Grippe and kindred ailments. It acts on the Liver, Kidneys and Blood, regulates the bowels. It is a laxative tonic, an unusual combination. Grapes and medicinal properties of crushed fruits combined with nature's health-giving herbs are the basis of Mull's Grape Tonic, a combination never before thought of.

Indigestion, Stomach Troubles, Sick Headache, Etc., Quickly Disappear with Its Use.

Mull's Grape Tonic, the Crushed Fruit Laxative, is good for everybody, sick, half sick, or if you merely "feel bad." No matter what the trouble may be, a few doses of this remedy, or in severe cases, a bottle or two, usually restores health and renewed life and vigor.

Get a full size bottle at 50c. It's pleasant taste renders it acceptable to all. It is so good a remedy that benefit usually follows the first dose.

All we ask for is a trial. Because of its wonderful curative power and rare merit we shall hereafter keep it on sale.

A 50c Bottle is almost as large as the \$1.00 size of other remedies.

Every dose is worth the price of a full bottle to anybody. Its very taste is a pleasure. Every system requires a remedy of this kind. Yours truly,
Your Druggist.

Twelve Western Girls

The Bee has a treat in store for twelve western girls who earn their own living. It intends to send them on the twelve best trips which can be planned and pay all of their expenses, including everything. Not only this, but so that they can enjoy the vacation to the fullest limit, railroad tickets will be provided for whom-ever they choose to go with them.

Who they shall be is to be determined by the readers of The Bee. Everyone should save their coupons and it may help some girl whom you know to be particularly deserving of a vacation to win a place. Such a trip they could probably never take otherwise; surely not without a great deal of sacrifice and saving.

To vote, cut a coupon from page two, fill it out properly and deposit it at The Bee office or mail to **Vacation Contest Dept.**

The Omaha Bee, Omaha, Neb.
