

SHORTAGE OF LEMON MARKET

Demand Exceeds Anticipations of Dealers and Families Alike.

PRICES ARE INCLINED TO GO SKYWARD

No Fault of the Mixer if You Tasted Conspicuous Absence of the Real Thing in Your Fourth of July Lemonade.

The person of riotous mood who sought to make his burning Fourth July throat with a glass of lemonade has no vocal outburst coming if he found the decoction lacking somewhat in strenuousness or smacking slightly of citric acid or other occasional substitute for the native juice of the lemon.

This fact was due to a local shortage in lemons, or rather of lemons of the kind that meet the readiest market, and a consequent enhancement of local prices.

Lemons are designated by their size, which is demonstrated by the number that comes in a box. They are classified as 200s, 240s, 300s, 360s and 420s, and the designations mean that just that number are in a box.

The 200s and the 360s are the popular classes in commercial circles, and retailers are averse to handling any other sizes because it disturbs their prices.

These sizes have been popularized, and no one wants to break away from them. Commission men say that there was an abundance of 200s and 240s in the market, but since the early part of the week the demand for the medium and smaller sizes has exceeded anticipations and a shortage ensued.

As a result lemons which had been selling for \$3.50 a box jumped up to \$4.50, and retailers were glad to get them at that price rather than resort to larger sizes, which also went up somewhat because of the advance of their less significant companions in commerce.

It is said that the period of privation is over, as the festival that occasioned the demand is past and shipments are coming in to ease the shortage.

PUBLIC SCHOOLS IN CUBA

Secretary Bureau of the Board of Education Receives a Report.

J. F. Burgess, secretary of the Board of Education, is in receipt of a report from Matthew E. Hanna, United States commissioner of public schools, which gives the first authorized statistics concerning the public schools in Cuba.

In the six provinces of Cuba there are 172,273 pupils enrolled. Of this number 60,499 are white and 62,854 are colored. The teachers number 2,593 and 115 of these are colored. The salaries of teachers aggregate \$494,861.

MRS. BRUNER IS INJURED

Wife of Former County Superintendent Falls from Moving Street Car.

Mrs. Sarah Bruner, wife of J. B. Bruner, formerly county superintendent of schools, was painfully injured yesterday while alighting from a street car at Seventeenth and Charles streets. She stepped from the footboard with her face toward the rear platform, and, as the car had not yet come to a dead standstill, was thrown violently to the ground, striking on her hip. Being a woman considerably advanced in life, she suffered severely under the shock. She was carried to her home, 1525 North Seventeenth street, where a physician was called to attend her.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told by thousands of thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by all druggists.

READY BY FIRST OF YEAR

Architect Tells How Work on New High School is Progressing.

"The new high school building will not be ready for use until January 1 of 1902," John Latenser, architect for the Board of Education, regarding the building, which will be entirely under roof by September. Work has begun already on the installation of the heating, ventilating and electrical plants and the plumbers have done some preliminary work. It will probably be two months before the contractors will begin on the exterior decorations of the building."

She Didn't Wear a Mask.

But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished, as will all eruptions, fever sores, boils, ulcers, carbuncles and felons from its use. Infallible for cuts, corneas, burns, scalds and piles. Cure guaranteed. 25c at Kuhn & Co.

ON THE NORTHWESTERN LINE.

Cheap Excursions.

\$16.75, Milwaukee and return, July 20, 21 and 22. Cincinnati and return, \$22.50, July 4, 5, 6. Detroit and return, \$22, July 5, 6 and 7. Chicago and return, \$14.75, July 23, 24, 25.

Very low rates to the Buffalo exposition.

City ticket office, 1401-1403 Farnam street.

Additional Accommodations.

On account of the very low rates made to Colorado points.

THE UNION PACIFIC

has placed in service another through Pullman sleeper on train No. 3, for Denver, leaving Omaha at 4:25 p. m. daily, and continuing until September 10.

A tourist sleeper will also be attached to this train for Denver, July 6 to 13 inclusive.

This service affords passengers the very best accommodations with the greatest possible comfort.

Reservations should be made as far in advance as possible.

Our regular prices are, as a rule, lower than the "reduced" prices of other stores. Hayden Bros. Read our ad on page 7.

Dr. Lord has returned. Office, Paxton block; hours, 2 to 4. Telephone, 32.

NO THOUGHT OF REMOVAL

General Manager Dickinson Settles Rumors Concerning Union Pacific Headquarters.

If ever a question existed as to the future location of the Union Pacific headquarters, it was definitely and finally settled yesterday by General Manager Dickinson, who said:

"A proposition to remove the headquarters of the road from Omaha to Salt Lake City has never been entertained, or even suggested. There is absolutely nothing in it."

It has never been admitted that there was anything more authentic than gossip as a basis for the report, but in some quarters the rumor was accepted as a reasonable forecast of the road's plans. Some months ago, when the reality of the Harrison consolidation first became generally known, the Salt Lake papers launched the story. It was then tentative and conditional and attracted little attention.

About two weeks ago, when news of the merging of the accounting departments of the Harrison lines was published, the rumor touching the removal of the Union Pacific headquarters was revived, this time with more assurance, being presented by the Denver and Salt Lake papers as a foregone conclusion. The statement of General Manager Dickinson, however, proves the project to be pure fiction.

CLEAR AWAY SUSPICION

Albert Brueschweiler Not the Man Who Annihilated Little Mary Marks.

Albert Brueschweiler, who committed suicide last week has been cleared of the charge of having annihilated Little Mary Marks. William H. Olmsted, administrator of Brueschweiler's estate, called at the sheriff's office yesterday and stated that no such buggy or pony as were used in the Marks case were ever owned by Brueschweiler. Mr. Olmsted has lived within a stone's throw of Brueschweiler's residence for years and has been familiar with the personal property of the deceased.

When Brueschweiler was found with his throat cut last Friday Mr. Olmsted took possession of his live stock, which included several cows and a bay and a gray horse. There was no small black pony, such as was used by Mary Marks' assailant, among the property.

Mr. Olmsted says that Brueschweiler committed suicide probably because his dairy license had been revoked.

If your brain won't work right and you miss the snap, vim and energy that was once yours, you should take Prickly Ash Bitters. It cleanses the system and incorporates both body and brain.

IMPROVING FREE DELIVERY

Assistant Superintendent Charles Hedges on Business Trip to Omaha.

Charles Hedges, assistant superintendent of the free delivery system of the Postoffice department, is in Omaha on business looking toward the improvement of the service. The branch offices have been so successfully conducted that the department is encouraged to add to them. Mr. Hedges thinks it probable that two more offices will be established, the location depending upon an inquiry not yet completed. It is probable also that new routes will be laid out in districts not completely covered. A system of night deliveries to hotels and other places of public resort has been applied successfully in the east, and if the superintendent deems the time ripe a similar innovation will be introduced here.

Do you want a sound liver, vigorous digestion, strong healthy kidneys, regularity in the bowels? Take Prickly Ash Bitters. It has the medical properties that will produce this result.

Cheap Summer Excursions via Illinois Central R. R.

St. Paul and return, July 1-9, \$2.85. Minneapolis and return, July 1-9, \$3.50. Duluth and return, July 1-9, \$3.50. Cincinnati and return, July 4-6, \$2.50. Detroit and return, July 5-7, \$2.00. Chicago and return, July 23-25, \$1.75. Louisville and return, August 24-26, \$1.50. Buffalo and return, every day, \$2.75.

Circuit tours via Great Lakes to Buffalo and intermediate points.

Spirit Lake-Lake Okoboji

conveniently reached via Illinois Central railroad from Omaha. The only road having both morning and evening service to above points. Low rates. For particulars call at city ticket office, 1402 Farnam street.

Wanted—A general agent for Nebraska for Capital Stock Accident company.

Gilt-edged contract. Address The Union Accident Stock Co., Denver, Colo.

Package of Bonds Missing.

TOPEKA, Kan., July 5.—Several days ago a driver for an express company received a package containing bonds to be sent from Topeka to Hiawatha. When he reached the express office the driver declared that the envelope was missing. Returning to the sender, he learned that the city of Hiawatha, Kan., in bonds of \$1,000 had not been found. Payment on the bonds has been stopped.

Runs into a Coal Train.

BUFFALO, July 5.—A northbound car on the Main street line smashed into a New York Central coal train at the Jewett avenue crossing early today. The car was crowded with passengers and several were injured. John Ruskey was hurt internally. John Herr and Mrs. H. P. Blaker of Brooklyn were severely injured. Other passengers were injured. The gate tender says the gates broke down and that the trolley car broke through them.

KELLEY, STIGER & CO.

KELLEY, STIGER & CO.

Cor. Farnam and 15th.

NOW HE IS A PICADOR

Dr. P. O. Rue Can Make Pills or Fight Bulls with Equal Dexterity.

Dr. P. O. Rue, the bridegroom who spent a week overtime in the city jail two months ago because he had no clothes with which to go abroad, has turned up as a picador in the South Omaha bull fight, where he is known as William Smith.

It will be remembered that after the tailor foreclosed on his effects the doctor's wardrobe consisted of a suit of sky-blue underwear, but now he is garbed in khaki blouse and trousers all loose and fringed with rawhide thongs and embroidered with bangles. About his neck he wears a red and yellow bandana, while his sombrero has the broadest brim of any in the arena.

It is the doctor's new role to ride a raw-boned broncho and to pretend to gawd the bull with a thing called a pike.

The fact that his Council Bluffs bride, with whom he lived a week, has sued him for divorce and is all alimony seems to give him little concern.

It Dazzles the World.

No discovery in medicine has ever created one-quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's several tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, whooping cough, it is the quickest, surest cure in the world. It is sold by Kuhn & Co., who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

July 20, 21 and 22, Milwaukee and return, \$14.75.

Low rates to summer resorts. City ticket office, 1504 Farnam st. Tel. 234.

Publish your legal notices in The Weekly Bee. Telephone 228.

No Particular Credit

Any person who tells the truth and is honest in all dealings, both business and otherwise, is sure to get credit in particular in OUR OPINION—because he is supposed to do those things—BUT if a person starts in with "GIBBS" against him to accomplish a certain purpose, the success of which will depend on the success of the WHOLE COMMUNITY, and after his hard work, time and cold cash has been plentifully expended, he is told: "LOCAL CREDIT FREQUENTLY DOES NOT COME TOGETHER." He is told to "COMBINE OR TRUST" and then sent a MEMBER TO GIVE UP TO JOIN; HE APPLICATES the invitation, but we don't join with a cent; that makes them MAD—we were sorry that we kept right on doing business AFTER OUR OWN STYLE and the financial increase in our profits—that we are getting our EARNED CREDIT—See.

SCHAEFER'S Cut Price Drug Store.

KNIGHTS ARE INDUSTRIOUS

Efforts to Make BIG Increase in Ak-Sar-Ben Membership Are Active.

Available funds to the amount of \$20,000 is the mark which the Knights of Ak-Sar-Ben have set for the preparation and conduct of the annual fall festivities and two hustling committees are now at work in an effort to provide revenues in that amount. There is one committee soliciting memberships in the knighthood. It has assumed the task of running the membership up to not less than 1,000 and it does not propose to let up in its effort until at least that many loyal citizens of Omaha have enrolled their names and paid the \$10 fee. This will provide just half of the fund found to be absolutely necessary. The other committee is soliciting subscriptions to the annual parade fund, which must also reach a clean \$10,000 in order to make the festivities go.

Both committees met at the Commercial club yesterday and reported encouraging progress. Neither was willing to give out the exact figures by which their success could be measured pending another meeting to be held next Monday, but reports from both meetings indicated that satisfactory progress was being made.

The work of soliciting is being systematically carried on and it is said that merchants are manifesting their duty in a more liberal conception of their duties in the matter of fortifying the Board of Governors with the necessary funds. The membership of 1,000 is not an unreasonable anticipation, as it has exceeded that figure in one or two years and this year the work and equipments at the den are far more attractive than ever before.

SCIENCE SCORES AGAIN.

A Preparation that Will Destroy the Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ that digs into the scalp and saps the vitality of hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that will kill that germ. After a year's labor in one laboratory the dandruff germ destroyer was discovered and it is now embodied in Newbro's Herculid, which besides curing baldness and thinning hair speedily and permanently eradicates dandruff. "Destroy the cause, you remove the effect."

SAN FRANCISCO AND RETURN \$45.

Via Rock Island Route.

Cool Colorado.

Colorado is the finest state in the country to spend your vacation. Send 3 cents in stamps to T. E. Fisher, general passenger agent, Denver, for handsome illustrated literature regarding this wonderful state.

Dance Tonight.

Jolly Eight's lively ball this evening, Washington hall, 13th and Harney streets; fine orchestra; a grand good time for you. Gents, 25c; welcome.

READ

There are good and bad fountains, tidy and untidy operators. Some of the fountains look very handsome in their marble and iron plated fittings, but the 2000 pipes and other features screened from public view are not so inviting. Lots of the fountains are never cleaned from the beginning of the season to the end. A dozen fountains examined by a newspaper reporter for his paper reported that could the smiling customer have seen the inside of the fountain where the water sets, the glass of soda would have been left untouched.

IF YOU COULD ONLY SEE INSIDE! Our new 20th CENTURY FOUNTAIN needs no inside inspection. Everything about it is exposed to full view, nothing to conceal; comparison for cleanliness, neatness and beauty is asked with any fountain in the city. Our new 20th CENTURY and LEMON, made from the fresh fruit, is extra fine.
