Ladies' silkoline and silk mercerized vests, plain and fancy colors, 15c.

### RECEPTION TO THE BISHOP

Omaha Methodists Entertain Rev. Dr. Charles McCabe and Wife.

### HE TELLS OF SOUTH AMERICAN TRIP

Emphasizes the Vastness of the Sister Continent and Tells of Need of Mission Money—Proposes Ten Millions.

The Methodist of Omaha was represented at the First Methodist Episcopal church last night, the occasion being the reception to Bishop Charles McCabe, who, with his wife, has just returned from a tour of the South American republics, where he held two conferences and visited innumerable schools and missions. The formal reception was in the auditorium of the church, being presided over by Dr. J. W. Jennings, after which the women of the congregation served refreshments in the church parlors. The reception opened with prayer by Dr. D. K. Fyfe of Trinity church. The address of welcome was made by Dr. A. C. Hirst, who spoke in behalf of the ministry and laity of the diocese.

Bishop McCabe began his address with a remark to the effect that the day was one of special significance to him, as it was the forty-first anniversary of his marriage. Dr. Hirst then proposed the chau-tauqua salute, in response to which each member of the congregation waved his handkerchief in congratulation.

"I never fully realized until now," said the speaker, "how deficient is Methodism in bishops. We have but sixteen for the whole world, which is all out of proportion to the other denominations, and I believe that the general conference at its next meeting ought to elect thirty-four new ones. The Roman Catholics have twenty-eight bishops in China, and we have one; the Church of England has twenty-one bishops in Africa, and we one. He is a giant, but if he should die who would take his place? All this is extravagant economy on the part of the church at large and the time will come when it will be corrected. "One of the first objects of special interest that I observed after leaving the United States was the evidences of attempts to dig the Nicaragua canal, and as I witnessed these ineffectual efforts on the part of a private corporation I wondered why the United States doesn't buy it out and dig the canal itself. It is only forty-seven miles across the isthmus, and this government could dig it in two years.

**Vastness of South America.**  
"One can get no idea of the size of South America by consulting the maps. The states of the size of New York could be carved out of Colombia alone. There are 120,000 square miles of fertile land in Argentina, where in recent years wheat in great quantities is being raised. It is no longer

possible to forecast the wheat market of the world without including Argentina in the estimate. Brazil is as large as the whole of the United States, exclusive of Alaska, yet it is comparatively undeveloped—undeveloped because the population lack Yankee thrift and enterprise."

The bishop related incidents connected with his visits to Chili, Ecuador and Patagonia, and touched upon the work of the church in other republics of the southern continent. He referred to the two great schools at Santiago and Concepcion, each occupying property worth \$100,000, the gift of Richard Grant and Andrew Fowler of New York. From the east coast, he said, he went to the east via Magellan and the Falkland islands, thence to Montevideo and Buenos Ayres. There is a strong work now established on the east coast and if Methodism realized half its importance he said, there would be no trouble in raising twice as much as at present for the support of the churches and schools there.

**Ten Millions for Missions There.**  
"We need \$10,000,000 for our missions in South America," he resumed, "and we can raise it. We can raise it if we give only a penny a day. The only trouble with the Methodist church is that it doesn't take up collections enough. It ought to take up one every day."  
While Omaha is the bishop's headquarters he will be able to spend but little time here, and his stay this summer will not exceed six weeks. The greater part of his visitation will be spent in the state in conferences, evangelistic work, dedicating churches and assisting in the raising of church debts.

The tour of the state will include Lincoln, Fremont, Norfolk, Nebraska City, Kearney, Stanton, Hastings, Falls City, St. Edward, Columbus, Blair, Sargent, Neligh and Hebron. One of Bishop McCabe's principal efforts will be in assisting Dr. Huntington, president of Wesleyan university of Lincoln, to raise \$15,000 the amount which remains of the \$50,000 debt on that institution.

In speaking of the debt of the First Methodist church of Omaha Bishop McCabe said: "We have had two meetings for its consolidation. Dr. Jennings and Dr. Hirst are laying careful plans for extinguishing it. In this I am ready and willing to join with the church and its friends and help in every way that I can. I believe that with concerted effort every cent of it can be raised. As yet, however, we have decided upon no definite plan of action."

**Mrs. McCabe Travels.**  
Regarding a home in Omaha he said: "I might fit up a home here and leave Mrs. McCabe to care for it during my absence, but as in my thirty years of church extension and missionary work I have averaged 300 days a year away from home, I propose in my journey in future to take her with me. A Methodist bishop cannot be local. Our plan for superintendency is a general one and as we have but sixteen bishops for the whole world, we may be sent to India, Africa, China or South America, but we are always sent to foreign fields for two years, so I will probably return to South America about the middle of December."

"In the meantime about August 21 I will leave here and hold one conference in Nevada, four in California, one in Arizona and the Rock River conference for Chicago and that vicinity. After October 15 there are three general committee meetings for church extension, southern education and missionary purposes, which will attend to the disbursement of over \$2,000,000 and will be attended by all of the bishops of the church. Then comes the bishops' meeting, at which we receive directions for the next six months and then we go to South America."

Bishop McCabe will preach Sunday morning in the First Methodist church of South Omaha.

### PRICES TAKE A TUMBLE

Bids on Asphalt and Brick Paving Are Comparatively Low.

### NOTABLE DIFFERENCE OVER LAST YEAR

Considerable Surprise Results When the Board of Public Works Opens Bids for Work Now Under Contemplation.

The prices on asphalt and brick paving have gone glimmering. Yesterday afternoon the Board of Public Works opened bids for the paving of forty-six sections of streets in various parts of the city.

The Western Paving and Supply company of Chicago offered bids on asphalt that varied all the way from \$1.47 to \$1.59 per square yard. Last year all bids hovered around the \$2 point. C. E. Fanning of Omaha filed the lowest proposals on vitrified brick. His bids varied from \$1.15 to \$1.50 per square yard.

The specifications for paving were as follows:  
Asphalt: Class E—Re-paving, broken stone, 1 1/2-inch binder, 1 1/2-inch surface.  
Class F—Re-paving, broken stone, 1 1/2-inch binder, 1 1/2-inch surface.  
Class G—Re-paving, broken stone, 1 1/2-inch binder, 1 1/2-inch surface.  
Class H—Re-paving, broken stone, 1 1/2-inch binder, 1 1/2-inch surface.

Vitrified brick: Class A—Six inches of concrete, 1 inch of sand, 1 inch of sand on brick.  
Class B—Six inches of concrete, 1 inch of sand, 1 inch of sand on brick.  
Class C—Six inches of concrete, 1 inch of sand, 1 inch of sand on brick.  
Class D—Six inches of concrete, 1 inch of sand, 1 inch of sand on brick.

**What They Propose.**  
The proposals of the various paving contractors were as follows:  
Western Paving and Supply Company—Asphalt, class B, five-year guarantee, \$1.59; class E, five-year guarantee, \$1.47 to \$1.50; Standard Paving Company—Asphalt, class B, five-year guarantee, \$2 to \$2.10; class E, five-year guarantee, \$1.96 to \$1.97.  
Grant Paving Company—Asphalt, class B, five-year guarantee, \$1.75 to \$2.25; class E, five-year guarantee, \$1.58 to \$1.57.  
R. F. Conway Co.—Asphalt, class B, five-year guarantee, \$1.62 to \$1.75; class E, five-year guarantee, \$1.29 to \$1.25.  
Barber Asphalt Paving Company—Asphalt, class B, five-year guarantee, \$1.75 to \$2.01; class E, five-year guarantee, \$1.59 to \$1.59.  
High Mughy—Stone block, class C, one-year guarantee, \$1.70; class A, one-year guarantee, \$1.62 to \$1.66.  
C. E. Fanning—Vitrified brick, class A, one-year guarantee, \$1.15 to \$1.21; vitrified brick, class C, one-year guarantee, \$1.24 to \$1.50.

George R. Crandall—Vitrified brick, class C, one-year guarantee, \$1.37 to \$1.52.  
W. P. Mumaugh—Disintegrated granite, class A, one-year guarantee, \$1.16; class C, one-year guarantee, \$1.43 to \$1.46.  
George W. Crandall was the lowest bidder on combined curbing and guttering, having offered the exceptionally low price of 57 cents per lineal foot. Other bidders on the curbing and gutting were: Commercial Land company, Parkhurst Carbing company, J. E. Riley, W. P. Mumaugh, Grant Paving company, James P. Redman, John M. McGowan.

It will require several days to tabulate the bids and the board will not announce the successful bidders until next week.

### Exhibition Stage Holdup

PIERRE, S. D., July 5.—(Special Telegram.)—The weather is again hot today and the carnival crowd is sweltering. The base ball game was won by the home team, giving it two out of the series. The principal attraction of the evening is a stage holdup.

### Pierre Sees the Probabilities

PIERRE, S. D., July 5.—(Special Telegram.)—While there is nothing definite here in regard to the successor of Senator Kyle the belief is here that it will not be Kittredge, but some man from the northern part of the state. Among the men regarded as probabilities are Campbell and Lawson of Aberdeen and Burke of this city.

### Knight's Preserve Electric Arch

The Knights of Ak-Sar-Ben have purchased the splendid electric arch that ornamented the main entrance to the museum festival pavilion and will preserve it for use during the fall festivities.

### A. B. KITTREDGE HAS HOPES

Republicans Predict He Will Be Appointed as Senator Kyle's Successor.

### SIoux FALLS, S. D., July 5.—(Special Telegram.)

Republicans of Sioux Falls predict that the mantle of United States Senator James H. Kyle, who died a few days ago, will fall upon the shoulders of Hon. A. B. Kittredge, a prominent attorney of this city and former republican national committee man for South Dakota. This prediction is based upon a careful review of the situation and the present political conditions in the state. The republicans of the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J. Gamble, the senator whose term expires this year, has been elected last winter, is a resident of the extreme southern part of the state, and the northern portion of the state have practically been conceded the senatorship for the full term of six years, beginning March 4, 1903, as Robert J.
