the First Step in That

CHICAGO, July 8.-First steps toward the founding of a labor temple in this city were taken by the Chicago Federation of Labor, when a resolution empowering the executive committee to consider the pro-ject was adopted by the delegates to the assembly. Under the terms of the resolution the committee is required to report at as early a date as possible whether the proposed labor temple should be leased, purchased or built. It is the purpose to make the "temple" a home for all the Chicago labor unions, a place where they could hold meetings, have their offices and develop in addition, through clubs and benevolent societies, the social side of life that is now too often neglected wholly in trades organizations as at present conducted. The resolution, which was introduced by President Otto Novak of the United Metal Workers' union, recited some
