Governor Savage has appointed Clay Fox mining congress which will be held in Mr. Fox will take the place of E. L. Meyers, resigned

New Cattle Company.

Articles of incorporation of the F. M. Cattle company of Burwell were recorded in the secretary of state's office today. The company is capitalized for \$25,000 and its incorporators are: L. B. Fenner, J. M. Easterling, Blake Maher and W. D. Oldham. Fails to Hand Down Decisions.

After remaining all day in conference the supreme court and commission at 5:30 adjourned until tomorrow morning without handing down any decisions. Upward of 100 opinions have been prepared, but all of the smallpox contagion. At the recent of them will be withheld until the close of the sitting.

Prisoner Marries Rich Widow. Benjamin J. Valek, sentenced to imprisonment for seven years for perjury under extenuating circumstances, was this morning married to Marie Hlavaty, a Bohemian widow living at Dawson, Neb. Immediately after the marriage Governor Savage commuted the sentence of the prisoner to one year and five months, allowing him his liberty this afternoon. The commutation was granted on the express condition that the prisoner, who has been out on parole, would ing with the cows a dog came running out reform and marry the widow, who possesses of a yard and frightened the pony. He

about \$40,000 in real estate. Tax Levy for Laneaster. The county commissioners met this

morning and fixed the tax levy for the coming year at 16.6 mills. The levy last year was 17.4. Last year the property of Lancaster county was valued at \$9,270,858.47. This year the valuation was \$6,815,375.61. Primaries Under Old Method.

Chairman Dobbins of the republican the trucks and derailing the car. county central committee today announced track was torn up for several yards and that unless a majority of the committee ordered otherwise the primaries would be conducted under the old method in view of the fact that a clause had been discovered in the Van Dusen law making its application optional. So the chairman will instruct that the primaries will be held as usual in the city precincts and will not attempt to introduce the cumbersome Australian ballot system in the rural districts. The candidates will also provide their own tickets

Dispute Fairness of Contract. Local members of the Ancient Order

of United Workmen threaten to cause considerable trouble because the contract for printing the Nebraska Workman, the official organ of the order, was let to W. N. Huse of Norfolk at, the rate of \$9 per thousand copies instead of \$4 per thousand, the lowest bid. After considerable trouble over the matter, the printing board was ordered to let the job to the lowest bidder. This, local members claim, was not done. Now the disprinted and will endeavor to mail one to set aside. every member in the state in order to bring about an tavestigation of the matter,

In paying quantities.

Robert Lucas of Foster has been missing hogs from his pen several times lately and secured an officer to discover the culprit. The result was the arrest of Frank Broughman, who confessed to taking thirty head, of which six were on his place at the time of the arrest.

The appropriation for paying the matron at Indian agencies has been cut down and as a result the services of the matron at the Winnebago agency have been dispensed with. The salary of a number of other employes has been cut on account of the scaling of the appropriation.

All signs point to the fact that the number of the services are serviced in the services. All signs point to the fact that the rumor of the intention to abandon Forts Niobrara and Robinson have no foundation in fact. The government is spending a large amount of money this year in permanent improvements at these posts and their location on the border of the big Sioux reserva ion makes them a necessity for many years to

come.

Norris Brown of Kearney is being mixed up with other people so much lately that he is beginning to fose faith in his own identity. One paper said he had been appointed a judge in the Philippines and another that he had committed suicide. The man who secured the judgeship was Judge Norris, late of Ponca, and the one who committed suicide was Norris Humphrey of Lincoln.

ANOTHER BRIDGE AT ST. LOUIS Mayor Stevens of the East Side Hints and the Public Draws Conclusions.

ST. LOUIS, July 9 .- Mayor M. M. Stevens of East St. Louis today said that negotia tions were pending with a railroad company for the building of a third bridge across the Miss'ssippi at this point, under the charter granted by congress. Mayo Stevens was not prepared to make public the name of the road, but it is believed that the Southern Railway is the road re ferred to.

SICKLES TOO ILL TO RETURN Sickness that Prostrated Him

The Beemer Times is entitled to the prize and fish stories. It tells of a man who ashe ill day and didn't get a bite. He concluded to show his friend what his dog could do and threw a half dollar into the lake and

July 9 .- General summary: The past week has been hot, with heavy showers in eastern counties. The daily mean temperature has averaged 5 degrees above pormal. The maximum temperatures for the week generally exceeded 100 degrees in southern counties and were but

little below 100 degrees in northern. The rainfall of the past week has been heavy in southeastern counties, varying from one to nearly six inches; in the northern and western counties it has generally been less than half an inch. . Winter wheat harvest is nearly com-

pleted and threshing has commenced in southern counties; the yield is good in both quality and quantity. Spring wheat and oats have been considerably damaged by chinchbugs and dry weather in central and southwestern counties, and in many fields these crops will be about a failure. In some places chinchbugs are leaving the wheat fields and attacking the corn. Corn has been damaged slightly in a few southpast week; generally, however, corn has sils." grown well and in a large part of the state this time of year. G. A. LOVELAND, Section Director, Lincoln, Neb.

CONDITION OF IOWA CROPS Small Grain Damaged by Heat, but Corn is Laid By in Good Condition.

United States Department of Agriculture, Iowa Section, Climate and Crop Service, Weather Bureau. For Week Ending July 8, 1901 Des Moines, Ia.—The weather was cinnati and other western cities, which exceedingly hot from the 1st to the 5th, the heated period culminating in maximum temperatures from 100 to 104 degrees at portion of a freight train. Just what numerous stations on the 4th inst. The intensity of the heat was relieved to some extent by local thunderstorms and wind squalls, from the 1st to the 4th, and numerous stations in the southwestern and were killed. The dead: northern districts report more than the normal amount of rainfall. Probably threefourths of the state received a fair amount of moisture, but the intense heat and high winds caused rapid evaporation, and the effects of dry weather are noted in the pastures, gardens and grain fields. In some sections the cats crop has been prema-turely ripened, and it is probable that the quality of spring wheat and barley has been somewhat impaired by excessive heat. Good progress has been made in having and the conditions have been favorable for securing an excellent quality of hay. Oats and barley are being cut, and spring wheat is about ready for the barvest. The corn crop is generally in good con

FRANK ANDERSON, engineer of the passenger train, Buffalo. O. G. M'CULEN of Cincinnati, mall clerk. Infured:

William Eliott of Buffalo, fireman of passenger train; will probably die. W. M. Baker of Columbus, mail clerk; injured on head and body; not serious. E. F. Loveless of Cincinnati, mail clerk: slight.

Two tramps, identity not established badly hurt. The shock to the passenger coaches was terrific, and although the occupants were badly shaken up, no passenger was hurt. At least one person is believed to be buried under the wreck. Two Nottingham doctors responded to a call for assistance. The roadbed and the two tracks were torn up for quite a distance and the embankment will have to be repaired before the track can be relaid. The Lake Shore is blocked east and all trains are being sent over the Nickel Plate. The passengers of the wrecked train were taken to Cleveland over

at work on the Lake Shore. Committee on National University. DETROIT, Mich., July 9.—The National Council of Education adopted a resolution receiving the committee on a national university, but declaring the council was not prepared to abandon the position of the National Education is sociation in favor of a national university.

the Nickel Plate and wrecking trains are
