INTENSE HEAT FINDS THE MEN GALLANT

They Shade the Women from the Sun, Buy Them Drinks and Create Diversion, While Much Business to Done.

EL RENO, O. T., July 11 .- The total registration of homesteaders at El Reno yesterday was 4,018, 193 being women. Com-missioner Richardson established a separate registration booth for women. Mr. Richardson says he can register 8,000 daily from now on or as soon as organization of his force is perfected.

EL RENO, O. T., July 10 .- Following out the proclamation of President McKinley opening up to settlement by whites the 1,300 farms in the Klowa-Comanche country, the first registration of homeseekers was made here and at Lawton at 9 o'clock this morning. Hundreds were still lined before the various registration boards when darkness came tonight and tomorrow and next day the registrations will continue until all who come have been given an opportunity to file their names. The drawing by lottery will begin July 29 and until then none of the 50,000 applicants will know whether or not he has been lucky enough to receive a homestead.

The lottery scheme robbed the opening of the picturesque run and the exciting times incident to the great opening of the Cherokee strip ten years ago. Compared with that event the affair today was tame in the extreme. Although there are perhaps 20,000 people in town, practically no disorder prevailed. As a rule the homeseekers were well provided with money and provisions and aside from the long wait in the sun before the registration booths, no serious inconvenience has been experienced

Sleep in Open Streets.

Last night hundreds of people slept in the streets and alleys to maintain their places in lines which began forming yesterday at the six registration booths in El Reno. Many had waited on the border of the new country for two years or more and the last night of their long vigil was the most trying they had experienced. The line was made up of the halt, the lame and the brawny frontiersman, sprawled out elected a captain and each man and woman in line was given a number which they pinned conspicuously to their clothes. A ompany member was permitted occasion ally to absent himself from line for a short breating spell and invariably his place was

protected by his fellow watchers. Interlopers Try to Push In.

As the hour of 8 o'clock neared interlopers tried to push in and break the numerical order of the line organization. This instantly raised bad blood and when word was passed down the line a little later that the booth officials would not recognize the line organization, but would register the first person to present themselves, there was threats of violence and rioting seemed likely. Trouble was prevented by the early announcement that the line organization would be respected by the government officials. Cheers and waving of hats greeted the word and from this time forth no sign of trouble was apparent. Applicants were admitted to the booths four at a time and the filing proceeded rapidly all day long.

Gallant to the Women.

During the day the heat became intense, but no serious suffering was reported. The numerous women in line were treated gallantly by the men, who shaded them from sun with umbrellas and furnished drinks from the lemonade venders who plied their ranks.

The second place of registration named in the proclamation was at Lawton, twentyfive miles overland, where similar scenes to those enacted in El Reno were witnessed. The people in the vicinity of Mountainview and other points along the border contiguous to that point left yesterday for the interior and presented themselves early today at Lawton booths.

OPENING NOT TO BE DEFERRED Secretary Hitchcock Telegraphs President Springer There Can Be No Postponement.

WASHINGTON, July 10 .- The complaints from land offices in Oklahoma other than El Reno and Lawton that they should be allowed to make registrations from the opening of the reservations are regarded officially as not well founded. The matter was taken up some weeks ago and Delegate Flynn at the time unsuccessfully endeavored to have the other Oklahoma offices

Included.

It is claimed here that the reports of the number of cattle on the land to be opened has been exaggerated and that there are in fact on the Wichita reservation only 72. 000 head. The opening of certain lands on August 6, which stockmen are seeking to have postponed, is mandatory. A large par of the 72,000 head on the Wichita lands it is claimed, can be shipped to market by the allotted time and the rest moved down to the Klowa grazing lands, which will not be thrown open to settlement. In response to a telegram from John W

NEW YORK, July 10 .- The Boer refugee, David Stephen Duplooy, who was held by the immigration officials as a stowaway immigrant, was released today by the board of special inquiry, after examination into the case. Duplooy came here on the Trin-LOTTERY DEAL SPOILS PICTURESQUENESS idad, after escaping from Darrell's island The case was treated as that of a stowaway immigrant, no weight being given to the fact that Duplooy had been a prisoner of war. R. von Schroom, owner of an apartment house in this city and of a ranch in Yuma county, Colorado, assured the board that he would look after the Boer and that there was no danger of him being a public charge, the board then disposed of the case by imposing a fine of \$10, which was paid by Charles D. MARSEILLES, July 10 .- Precautionary measures taken to prevent an outbreak of bubonic plague among the crew and passengers of the French steamer Laos, Captain Flandin from Yokohama May 31, which arrived here July 7, have been handleaped by the refusal of the Arab stokers to submit to vaccination with plague serim.

Grave fears are held that the plague will spread unless all the passengers and crew of Laos now held in quarantine are inoculated. The passengers of Laos complain bitterly of the inadequate accommodations, bad food and lack of bedding at the quarantine station.

Laos arrived at Marseilles with fifteen cases of bubonic plague among the Arab either the McLean men or the Johnson stokers, two deaths having occurred during the trip. The steamer left Colombo June 16, other, to control the state executive comand Djibouti June 26.

The democratic state convention here today had more prominent men as delegates cated. than any convention of democrats in Ohio Alshire and Holman were favorites at great odds from the start. Young was sprung discussed. as a surprise and nominated over Smoots, who had been such a favorite that others would not previously enter the race for clerk of the supreme court. None of the delegates outside of Cleveland knew Young and he was nominated because Cuyahoga wanted him. Cuyahoga could get anything it wanted, except the head of the state ticket, after the Johnson amendments were ingrafted into the McLean platform and that document as amended was adopted

with unanimity. It was currently reported that Johnson desired the nomination of Monnette as attorney general and that the McLean men wanted Monnette defeated. At any rate, the defeat of Monnette was so decisive as was not defeated by Mykrantz, who had been the favorite, but by McCarthy, who was being called an "also ran" until one of the Monnette men circulated the report that McCarthy was an attorney for the Standard Oil company. MINDEN, Neb., July 10,-(Special Telegram.)-County Treasurer Aifred Norlin was arraigned in the county court this morning upon the charge of embezziement and was bound over to the district court in the sum of \$10,000. He requested District Judge Adams, whose home is here and who is at home, to call a special session of court and pass upon his case. This was don. He pleaded guilty and was sentenced to the penitentlary for six years and to pay a fine of \$5,400, that being the amount of the embezziement charged in the complaint, and the amount of his shortage after the restitution of yesterday. He will be taken to the penitentiary either tomorrow or next day.

Norlin lived beyond his means, got behind and used the money with the intention of replacing it, instead of which things kept getting worse and instead of going to assistance which they would giadly have given he attempted to cover up the real condition by coarsely executing another crime.

The county board has appointed M. O'Meara, a farmer, who was formerly county treasurer of Franklin county, to representatives. KANSAS CITY, Mo., July 10 .- The full horror of the train wreck on the Chicago & Alton railroad near Norton, Mo., this morning, when a westbound passenger train collided with a fast livestock train, both going at good speed, was not realized until tonight, when a train leaded with bruised and scalded persons arrived here and transferred its sufferers to the hospi-

First reports of the accident indicated that four trainmen and two passengers were killed outright. Of the wounded who started for this city four were dead before the train arrived and seven passed away at the hospitals before midnight, making seventeen deaths up to the present time. In St. Joseph and University hospitals are thirty persons, at least two of whom are expected to die. The physicians will not give an opinion as to the condition of the sufferers. Most of them were scalded by the steam that issued from the locomotives, both of which were wrecked and piled up in a heap of wreckage with two of the pas-

senger cars. Identification of those of the dead who passed away without regaining consciousness was difficult, owing to the fact that clothing had been hastily stripped from the body in order to give relief to the tortured
