POOR JUDGMENT MAKES IT POSSIBLE

Roarkeites Do a Little Lunkhend Work Just at the Time the Visitors Take Up Their Hitting Streak.

By astounding exhibitions of poor judgment at critical points in the game Omaha lost to Minneapolis the second game of the rubber. Eight to seven was the final score and at the beginning of the ninth inning it was 7 to 3 in favor of the locals. Right at this juncture, however, the visitors rapped out five hits off Herman, two of them doubles and it meant five runs in a The Omahas were unable to do anything to retrieve themselves when they finally came to bat again by making the two rubs necessary to win or even the one

which would have tied the game. This avalanche of runs and the consequent defeat is traceable directly to any one of three mistakes. Most strongly of all it points to poor judgment in leaving Herman in the box when even as far back as the sixth he had shown every sign of being done for the day. Till then he had allowed only four hits, but right there three more came and one was a double. Still be was left to go on and though they only took one each in the seventh and eighth the fatal batting of the ninth was due solely to Herman's condition. Two other pitchers were warmed up, but nevertheless he was allowed to continue the game.

Fatal Blunder at Fielding.

Even so the game might yet have been won but for an unfortunate piece of work in that same inning. There was one out, with two men on bags, when Congalton hit a popup out behind Stewart. The captain, Genius and Letcher all went after the ball, which was a high one, yet it dropped safely to the earth, with the trio standing within a few yards watching it. It was probably Genins' ball and Stewart and Letcher thought so, so they stopped, but Genius also stopped about the same time with the idea that one of the others had it natled and so it was a hit instead of an out and there were three men on bases. Then Law followed with his double, bringing in all three and Beiden did likewise. scoring Law. That made four, when it might have been only three, which would have made the score 7 to 6 for Omaha. And the next man up, Cockman, went out, making what should have been the third, but was only the second, so that McConnell got a chance to bat in Belden, the eighth and

The other place where the winning tally or two might have been killed was in the sixth, when Law made first base on Mc-Andrew's error and Belden arrived safely at second because Toman dropped a ball that was thrown squarely to him. Both men scored later.

Dad Clark's Gloom.

Pitching probably lost the game, but it by no means won it. "Dad" Clark was far from enigmatic, or even puzzling. Eleven hits, with a home run mixed in, made him feel badly and he had gone to

singles and a home run, the latter with the bases empty. But the visitors did the slugging. Brashear and Belden each took four safe ones out of five times at bat and one of the left fielder's was a two-bagger. Cockman also had two singles and a dou-

A Travel Point

Pan-American Exposition

HE Pan-American, to be held at Buffalo, N. Y., May 1 to Nov. 1, will be one of the greatest and most beautiful expositions the world has known. To enjoy its beauties will be worth any effort. The question of traveling to and from Buffalo is one to be carefully considered. You will desire to travel by the route affording the most comfort and interest. The return trip, too, must be considered, as after you have done the Exposition, Buffalo, Niagara Falls and vicinity, you'll be tired and wish to reach home quickly.

The Lake Shore

and Michigan Southern Rallway as the leading line to Buffalo by reason of the frequency of its trains and the certainty and punctuality of their movement will best meet this requirement. It is the only double track line, and the completeness of its service eight through trains daily among them the only daylight train, places it at the forefront among Eastern roads. The country traversed is the fairest and richest of the Middle States

-the most interesting on the way to Buffalo. Affickets over this route afford use of stuamers either way between Cleveland and Hudlaid, and stop at Chautauque on return trip within limit of ticket. Our "Been" a Trains" contains full information. Sent free on request. Look is through carefully.
