As yet the strike in the steel industry has produced no serious effect upon the general business of the country, but now that the strike is to be extended it is to be feared that it will sooner or later have a wide-reaching effect.

THE BARTLEY DEFAUCATION.

KEARNEY, Neb., Aug. 4.—To the Editor of The Bee: There appears to be a very marked discrepancy between the estimates of ex-Treasurer Bartley's defalcation; some have placed it at as low as \$200,000 and others have asserted that it exceeds \$500,000.

Western Irrigation.

Philadelphia, Pa., July 27.—Development of which, under irrigation, will sustain in a such a population greater than that which at present is to be found in the states where they are located. There can be scarcely a doubt that the ultimate extent of this development is limited only by the capacity of the streams and the vital and controlling function of their streams in the future welfare of the vast extent of the national domain.

Another American Victory.

Globe Trotters Cease to Be "Easy Marks" for Tipsters. Minneapolis Journal. Across and underneath the Atlantic there sped last night news of good cheer, glad tidings of another American victory abroad.

Light and Shades in Gotham.

Financial and Sanitary Results of Progressive Administration.

These bilious souls in the Anti-Imperialist league and elsewhere who doubt the American capacity to govern outside of the United States have had a shock lately in Porto Rico, which is regrettably prosperous under the rule of "despots" and "satraps."

Marked Reduction of Tips.

Foreign cabmen, guides, clerks, servants, tapsters, porters, stewards, ushers, conductors, hotel keepers, hospital runners, charity promoters and others and there are many others—complaining that Americans do not insult them by offers of tips half so often or so generously as they used to do.

Gorman's Plan Too Peaceful.

If the disfranchisement law of the Maryland democrats is a failure because so many of the white members of Mr. Gorman's party are unable to read and write, how are the negroes to be disfranchised?

Suegal for Back Taxes.

There is an appearance of reason in the demand of the manufacturers of proprietary medicine for a special act of congress by which they may receive a rebate on the same plan as that which is provided for the packages which have not been sold, on the same terms that have been allowed to manufacturers and dealers in tobacco and cigars.

The Harvest of Gold.

Huge Pile of Precious Metal Rolling into American Coffers. St. Louis Globe-Democrat. Good judges estimate that \$100,000,000 in gold from the mines will be added to the wealth of the United States this year.

A Confident Trust Magnate.

In a late interview President Havemeyer of the American Sugar Refining Company confidently declared: "What we want above all things is free raw sugar and we are going to get it. That will prove a great blessing for the country at large and it is coming. I do not think the opposition of the beet sugar people will amount to anything."

Senator McLaurin Has Served Notice on the Tillman Following in South Carolina.

Senator McLaurin has served notice on the Tillman following in South Carolina that he has a pitchfork of his own and knows how to use it. When the fight is over the party will be in a badly nussed condition.

Wrapped in a Fog.

Atlanta Journal. Lord Salisbury says England is paying a big price for glory. We are on the price all right, but where does the glory come in?

Too Great a Risk.

Washington Star. Mr. Bryan says he would not enter into a bond to refrain from running for office. He would find it extremely difficult to find a bondman for such a purpose.

Heilism of the Snake.

Related Protection of Forests.

St. Louis Globe-Democrat. Secretary of Agriculture Wilson is right in prominently emphasizing the destruction of forests as a cause of drought. In pioneer days trees were cut freely by a few men, but it will not do to let the millions of today slaughter them at will.

A Temporary Loan.

Chicago Chronicle. Parliament has granted \$15,000,000 to aid the Transvaal and Orange River colonies. The grant is to be repaid by those states as soon as the taxes can be levied.

When Editors Did Some Thinking.

Detroit Free Press. Editor Bryan made a talk to the Missouri Press association, during which he said that in a daily paper does not have time enough to think that the financial heresies of Mr. Bryan must never be allowed to lead the country into repudiation and dishonor.

Humility of Chairman Jones.

Cincinnati Enquirer (dem.). Chairman Jones has got far enough along after the disasters of 1896 and 1898 to contemplate with complacency the possible elimination of William J. Bryan from leadership. Mr. Jones is very tenacious about a principle, or about what may have the appearance of a principle, but he has the human weakness of wanting to win occasionally.
