lows Boy Tortured. Friends in Iowa have written the War department for further particulars of the injuries to Corporal Ed Farrell, formerly of Marshalltown, who enlisted in the United States army at Audubon a year ago years: last January and is now a corporal in the regular service in the Philippines. Information has come to them that he was in command of a small scouting detachment of twelve men, which was sent out in advance of the regular command. While reconnoitering the men were surprised by the natives in the ambush and overpowered. One of the number was killed before help could arrive and the savages were in possession of the small band of soldiers long enough to torture several of them severely, including Corporal Ferrell. Farrell was badly wounded in the head during the skirmish. The captured soldiers were liberated after being in the hands of the Filipinos several hours and all the injured men were, at the time the word was sent from the islands, improving. He was expected home soon, as the

last word sent was that he intended re-

This telephone and telegraph assessment work is the last which comes to the counties and it always causes a serious delay. The matter of who shall pay the taxes on the telegraph lines along the Burlington railroad is still in dispute. The executive council assessed the wires to both the Burlington and the Western Union and the railroad company is preparing to go into court and establish the responsibility

AUSTIN IS TENNIS CHAMPION

Final Round Played in Tournament on Athletic Association Courts.

YOUNG MAKES A GALLANT EFFORT TO WIN

Successive Sets Go to Austin, How-Who Shows Unfailing Strength and Judgment-Final Set Goes to Deuce.

The tennis championship of the Amareus Athletic association, and to all purposes the championship of Nebraska, was determined vesterday afternoon in favor of DeRoy Auson. Austin won in the finals over Courad H. Young, 6-4, 6-2, 7-5, in as pretty tennis a. George as any seen in Omaha for many a long

The players had a respectable gallery, the veraudas of the club house being well filled and the unstinted enthusiasm evidenced after a good rally showed that the game is again high in the popular esteem. Austin's victory was due to unvarying steadiness together with exceptional strength and judgment. He played in perfect form and never seemed off his game for a moment.

Austin's return strokes are a worthy ob ject of contemplation. He combines speed with a vicious cut that leaves little to be desired. Austin, attempted little net work. relapsing on each occasion to the back line where he felt himself equal to almost any

emergency. Young was in all respects a worthy opponent and in the first and third sets did brilliant execution. His smashes were accurate and strong, the ball crossing the net at a terrific pace. His acceptance of labor going through many reports to gather seemingly impossible chances also brought any considerable information desired. He rounds of applause. At times Young's net has, therefore, planned to secure from the | work and placing were too much for his heads of the various institutions the his-torical information desired and has sent served successive doubles or volleyed into the net and his good work was brought to naught. The rally in the last set when Young ran the games up to five all showed a pluck and endurance that won him com-

mendation. In the firs set Austin apparently did not realize the gravity of the situation until the game stood 4-1, Young leading. Austin then called upon his resources and took five successive games, winning 6-4. He continued his thorough-going work through the second set, winning without difficulty, 6 to 2. Young started with a rush in the final set and made a gallant effort to carry it off. He held Austin down effectively until the games mounted to deuce. The latter settled into his faultless form, however, and carried

off the succeeding two games. The courts were in good condition, but utterly unfit for championship play, the back fences being too near the lines. Austin on one occasion plunged headlong into the

Digeste Dyspepsia Cure

cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fall in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspensia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is Kopol Dyspersia Cure, which digests what you eat, and has been used with remarkable success,- not a single failure to curo being reported from the many thousands who have used it.

J. E. Peabody, Pitcairn. N. Y., says: "The first dose of Kodol Dyspensia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."
