MILWAUKEE, Aug. 17.-The Bay View mills of the Illionia Steel company will be closed down at 2 o'clock this afternoon in order to allow a full attendance of the members at the Amalgamated association lodges at 3 p. m., when the strike order of President Shaffer will be again considered. From a canvass among a number of the men this morning it is learned quite a number of them will favor a strike. They are considered to be in the minority, how ever. The old men are said to favor remaining at work and will bring all the power they can to bear in that direction when the meeting is called to consider the famous strike order.

Michael F. Tighe, President Shaffer's representative, will be given a respectful hearing in any event.

Superintendent George L. Reise of the Illinois Steel company's Bay View plant is prepared to renew the contract now existing with either the men individually or feited. Mr. Reise does not believe the men will strike. body tomorrow afternoon.

Amalgamuted Association Will Refuse Aid from the Chicago Steel

Workers.

CHICAGO, Aug 17 .-- A dispatch from Milwaukee today quoted Assistant Secretary Tighe as follows in reference to the South Chicago union: "I shall not return to the Chicago mills unless invited and I have not been invited. In reference to the assection that the South Chicago men insist on their right to pay part of their wages to the association to aid in prosecuting the strike, I would say that the Amalgamated does not want blood money. They have refused to stand by the organization; they have been read out of it and that ends the matter unless they repent. Until they are with us on principle we want none of their

assistance. Secretary Tighe has been invited to visit the union at East Chicago, Indiana, where there are independent mills. It is a social call only that is asked and he probably will accept the invitation Monday.
