

NEWSBOYS TAKE A DAY OFF

Picnic at Krug Park is Declared a Rip-roaring Success.

INTERESTING EVENTS ARE NUMEROUS

Many Prizes Are Given for Championship in Contests Involving Skill, Speed and Endurance—How the Boys Spend the Day.

"These picnics is like pickin' up change in de street," said Fattie Fisher, as he rubbed a little arnica on his shin and glanced over the list of prizes. "Me an' my partner, Swipsey O'Brien, wuz in de 'r's legged race, see? And 'is is 'at we git—a meat ticket in a Council Bluffs hushery an' a fancy laprobe. Swipsey's glad he's got dat laprobe, 'cause wenever he goes out drivin' in his rubber-tired rig he 'll use it, an' make de millionaires out of de bullyward look like a bunch o' ninny-pots. An' 'bout dis meat ticket—say, Youse couldn't buy dis meat ticket—offen me fer a half interest in Mogy's shine parlor. De meals in dat pie foundry is 15 cents, an' dey sets me back two bits to git over de 'dinner an' back. Dat's why I'm so stuck on dis meat ticket."

"Den dere's Muggale gets 12 worth o' typewriter. He says he's going to have de luddy write out de standin' of de league teams fer seven years back fer him, so he can have it framed, but de kids is goin' to swap de copy an' de luddy 'll write out de time table fer '89. 'I'll be all right; wid Muggale, Muggale won't know de diff. An' 'Tug Morrissey, w'at can write, gits a box o' writin' paper wid perfumery out o' it; Keeno gits a smokin' jacker an' a pair o' knit slippers, an' another kid—'s name wuz his name now even more—gits a paper boxful o' somebody's breakfast food. He says he's goin' to wet it in de hydrant an' feed it to de first horse he sees. An' dat's why I says dat dese picnics is like findin' munny in de street."

It is feared that Fattie was a little sarcastic in his comment on the newsboys' picnic, held Thursday afternoon in Krug park. It will not be denied that some of the prizes offered and won were hardly suitable presents for the average newsboy, but this could not be avoided. The prizes collected from hundreds of business houses, and each house contributed some article peculiar to its line of trade. That is why Swipsey got the laprobe and Fattie the meat ticket on a Council Bluffs restaurant. But there'll be no objection to their taking the articles back and getting the cash for them.

One of the most thrilling contests at the park yesterday was the shoe-and-stocking race. Only those possessing shoes and stockings were eligible, and of these some twenty "runners" were entered. The race removed their footgear, the latter was thrown in a heap in the middle of the field, and a strong boy with a walking stick stirred it up until rights and lefts were hopelessly mixed. Then Captain Harry Loftus gave the command for the contestants to stand back twenty paces, the open space was cleared of stragglers; "All ready!" shouted the captain; Lieutenant Joe Carroll, his pistol held aloft, counted, "one, two, bang!"

In an instant there was a tangle of legs and arms over the pile of socks and shoe-leather, each contestant endeavoring to secure his particular property. One no sooner found his shoe than another jerked it away from him. Joe Newman found his left early in the scrimmage and thrust it into his hip pocket, which left him free for the work to follow. Then he picked up two socks—a red and a gray—and by the time he'd found his other shoe he was ready to dress his feet. It was to this maneuver, doubtless, that he owes the honor of winning the race. He was a curious company of callibumpkins that crowded about the captain a moment later, claiming prizes in the contest. Right shoes were on one left; some were one long sock and one short one, and Fattie Fisher was ruled out 1 cause he wore congress gaiters that didn't seem to be laced. However, he was not alone in this, as all who failed to get the right shoes on in the proper manner shared his fate. Joe Newman won first prize and Meyer Cohen second.

Egg Race is Interesting. The egg race was a quaint contest of speed, skill and nerve. Each contestant held in his right hand a tin teaspoon, in the bowl of which rested a hen's egg. His left arm was bound to his side with a cord. At the crack of the pistol the rush started for the goal, each striving to run as fast as was consistent with the retention of the egg in the spoon. After the flag dropped the course looked like an omelet, attesting that this was a race which was not necessarily to the swift.

The chariot race, as these newsboys gave it, was a thing which would have staggered the ancient Romans. It takes five boys to make a chariot, with its driver and other attendants. Two lads stand erect to represent the horses, with their hands standing immediately behind them, stooped, with their heads pressed against the small of the "horses'" backs, while a fifth and smaller boy stands humped up with one foot upon the shoulders of each of the last two, and drives the "chariot" with reins made of twine. This combination is not conducive to a high rate of speed, but with a little aid of the imagination it suggests the Roman chariots as sometimes seen in the circus ring.

The day passed off without accident and was highly enjoyed by all the picnickers, of whom there were about 150. There was plenty to eat and drink, good music, a cage of monkeys and ample street accommodations, all without cost to the boys. The prize events were as follows:

The angler will find in Utah ample opportunities to indulge in his favorite sport. The mountain streams are stocked with gamy trout and the but little less gamy black bass abounds in the waters of Utah lake. In season good duck hunting can be had on Utah lake, the Jordan and around the pools and lagoons of the Salt Lake valley. On the mountain sides grouse are plentiful and larger game can be found on the mountain ranges of the Uintah and Grand ranges. Reservations for time-tables, folders, illustrated books, pamphlets descriptive of the territory traversed or any information, apply at city ticket office, 1224 Farnam street; telephone 315.

Mines' Fall Kills Two.

LEADVILLE, Colo., Aug. 22.—George Kline, aged 36, and John Eckstrand, aged 38, miners at the Stevens' shaft of the Iron Silver Mining company, were instantly killed today. They were in the bottom of the shaft and Eckstrand started for the surface carrying a long drill on the cage. When he reached one of the levels the drill caught in the timbers and the man was jerked out of the cage. He fell to the bottom, fifty feet below, on Kline, both men being killed.

LULL IN THE PROCEEDINGS

No Further Action in the Proposed Arrest of School Directors.

VALIDITY OF ORDINANCE IS QUESTIONED

Attorney Morgan, Representing the City Council, Says He Expects to Proceed According to Ordinances—Something to Be Done Soon.

Robert Smith, who has been designated by Chairman Hascall of the council judiciary committee as the first member of the Board of Education to be prosecuted in the police court for enacting contemptuously at the subpoena issued by the investigators of "well-dressed rumors," declares he is not at all nervous. He was at the city hall yesterday morning to attend a school board committee meeting. "They can't take me any too quick," said Mr. Smith. "As soon as we get into court with this matter Mr. Hascall will find out that his made-to-order ordinance, declaring it a misdemeanor to refuse to appear as a witness before his committee, isn't worth the paper it is written on." President Hayward of the school board, who is also threatened with arrest, was in his usual good humor when seen at his place of business yesterday. "I haven't seen any patrol wagons around my front door yet," he said, with a smile, "but as soon as one pulls up I'll jump right in and be good. We natives are advised, not by the school board's attorney, but by other eminent counsel, that the ordinance under which we are to be prosecuted is invalid, and so we don't anticipate any serious trouble. The whole proceeding looks very funny to us."

Validity is Questioned.

It is the contention of the school directors that the ordinance passed by the council last week making it a misdemeanor for any person to refuse to appear as a witness before the council committee is invalid for the reason that the legislature has, by statute, given to the city council the authority to call witnesses before it and the power to punish for contempt and that this act does not contemplate a delegation of the authority and power by the council to any committee or other tribunal. In other words, if the council, as a whole, had undertaken this investigation it would have had the authority and power to compel the members of the school board to appear and testify, but it cannot by ordinance or other means shift the authority and power granted it by the legislature to the police court or to any committee of the school board. It was stated by a member of the school board yesterday that he expected City Attorney Connell, who has just returned from his vacation, to call off the judiciary committee. "Mr. Connell knows that the ordinance will not hold in court," said this man, "and I think he will so advise Mr. Hascall and no complaints will be filed."

When Mr. Connell was asked in regard to the matter he said that he had not given it any attention and would leave it in the hands of his assistants, Mr. Morgan. "Unless I receive orders to the contrary from the judiciary committee," said Mr. Morgan, "I shall proceed to carry out the order already given by it. The only reason the complaints against the members of the school board have not already been filed is that I have been too busy with other matters and have not had time to get at this particular business. None of the school directors are going to run away and there is no particular hurry about this. I will file the complaints and warrants for their arrest. I think there will be something done in that line very soon."

For Whooping Cough.

"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton of Danville, Ill. "A small bottle of Foley's Honey and Tar cured the cough and saved me a doctor's bill."

SERGEANT BEBOUT Tells of the Great Results Given by Cramer's Kidney Cure

Omaha, Dec. 18, 1900. CRAMER CHEMICAL CO., Albany, N. Y.: I was unable to get any relief from physicians who have continually been treating me for kidney trouble. They gave me all kinds of nauseating medicines that would not agree with my stomach. I began to get worse—nervous and my sleep was impaired, in fact my whole system was shattered. I tried many different remedies, but found no relief. One of my brother officers suggested to me to try Cramer's Kidney Cure, which I did. After taking three bottles I am today feeling better than I ever did, and am a cured man from kidney disease. My stomach is in better condition and my sleep is natural. Thank you for this wonderful remedy. I can recommend it to all persons that are troubled the way I was. SERGEANT BEBOUT.
