Littlefie'd's Criticism of Insular Cares Evokes Conflicting Demonstrations.

COMMITTEE UPHOLDS BANKRUPTCY LAW

Reports to Bat Association's Convention at Denver that it Still Believes Such Legislation Wise and Beneficial.

Bar association by the address of Congressman Charles E. Littlefield of Maine on "The Insular Cases." Mr. Littlefield's address drew forth loud and long-continued applause and a motion was made to t nder him a vote of thanks for it, but this was declared out of order by the president on the ground that the speaker is a member of the association.

The view of the mover was not, however, universal with the members, for just before recess was taken Adolph Moses of Chicago made a vigorous protest against what he characterized as an "unwarranted attack upon the supreme court of the United | and a statesman. States." His remarks were cut short by a point of order, but his words were greeted Rogers of Denver, who spoke on "The Law with applause in which a considerable minority of the convention joined.

Littlefield's Speech.

Mr. Littlefield's speech was the feature of "These cases," he said, "considered in resolutions, which were adopted:

"These cases," he said, "considered in the manner in which the results were reached, the incongruity of the results and the variety of inconsistent views expressed by the different members of the court, are without parallel in our judicial history."

Taking up the first case, known as De Lima against Bidwell, stating the opinion of every member of the supreme court on the same, the speaker said: "Justice Brown did not announce the conclusion and judgment of the court, affirming the judgment of the court, affirming the judgment of the court below, but rendered one of his own." Referring to the opinion of Justices White Shiras and McKenna, in the same case, the speaker said:
"Technically speaking, there is no opinion of the court to sustain the judgment. If

of the court to sustain the judgment. If the Dooley case (known as Dooley against United States) is controlled by the Downes cases there would seem to be no good reason why it should not have been decided.

of opinion than usual with reference to it. Mr. Justice Gray is the only one who indicates his 'position' in this case." Mr. Littlefield considered the other cases which had been passed upon and said in the unsettled condition of the court it was hardly worth while to speculate as to the result of those cases. His conclusion as to

Porto Rico's status is, briefly! "So far as the operation of the constitution was concerned, this territory was to more; treasurer, Francis Rawle, Philadelall legal intents and purposes a part of the United States. It matters not how the constitution reached the territory so far as this case was concerned, so long as it was there."

Mr. Littlefield next discussed the thirteenth amendment to the constitution as it has been construed by the supreme court in Porto Rico and the Philippines. He quoted the amendment and gave a history of the case. Then he said, referring to slavery as it existed in the United States: "The negro cannot be driven out of the south. He is vastly the superior of the

Filipino physically and until the Philippines produce a Fred Douglass or a Booker T. Washington he has nothing to fear in an intellectual comparison."

Standing Committees' Reports.

onclusion of Mr. Littlefield's address reports of the following standing committees were submitted without being read: Jurisprudence and law reform; legal education and admission to the bar; com-

mercial law; internal law; obituary; law reporting and digesting. The commercial law committee in its re-

port expressed dissatisfaction with the new bankruptcy law and declared that it has made strong efforts to secure amendments, but in vain. The committee is still of the First-That a bankruptcy law is wise and

beneficient legislation. Second-That the ideal bankruptcy law is one that: (a) Allows every honest debtor to procure a speedy discharge from his obligations upon the surrender of all his property; (b) gives every creditor a complete remedy against actual or contemplated fraud on the part of the debtor; (c) punishes all fraud on the part of the debtor or creditor with relentless severity. Third-That our present bankruptey law,

to fulfill these conditions, needs careful and trenchant amendment on the lines that this association has approved. the association should,

through its committee the commercial law for the ensuing year, continue its line of work looking to the perfecting of the bankruptcy law.

Moses Reproves Littlefield.

At this point Mr. Moses got the floor "I wish to record my note of dissent to the general applause which followed the presentation of 'the insular cases' by Mr. Littlefield. When the matter came to my attention I looked with a great deal of pleasure to the fact that he had ers; Saturday fair; north to east winds. chesen this difficult subject for the information of this association. I regret to have listened not to a piece of information, but rather to what I consider an unwarranted attack upon the supreme court of the United night or Saturday; variable winds, becomattack upon the supreme court of the United

States and as a member of this association ing northeasterly.

For Arizona—Generally fair Friday and I wish to raise my voice in protest against the use of this platform for a purpose of this kind. I remember to have read that when the celebrated case of Copen against Virginia was decided by Chief Justice Marshall he was burned in effigy in the city of Baltimore. He was denounced in every not the only instance where denunciation has followed the action of the supreme court of the United States. Those who believe with the majority have full confidence in the sober second thought of the people of the United States as to the correctness of this great decision. It has a political aspoct and it is but natural that all of us free Americans should take divergent views, but I protest against the use of this platform on the part of any man however cap-

Here Thomas M. Patterson of Pennsyl vania interposed a point of order, which was sustained by the president, and recess was taken until 8 o'clock tonight.

Women Lawyers Not Eligible.

The section of legal education of the American Bar association met this afternoon at the Taber Grand opera house. Her-

tion. This decision was reached in the case of Mrs. Jane B. Ott of Dyersville, Ia., who lad applied for membership. The council Local Forecast Official had applied for membership. The council

make women eligible. Estabrook on Hamilton.

When the evening session was called to order Henry D. Estabrook of Chicago was introduced and spoke on "Alexander Hamilton as a Lawyer." He said that next to the fact that George Washington was what he was, the country and the world is perhaps most indebted to the fact that Alexander Hamilton was a lawyer. He was at the head of the American bar. Hamilton was a great scientist in the domain of civil law. His mind was acute, logical and al-DENVER, Aug. 22.—A sensation was together objective. Hamilton was an old caused at today's session of the American boy at 18. There is no evidence that he ever had any boyhood. At the age of 23, in the midst of war, Hamilton had felt the necessity for a national constitution and had anticipated many of the provisions of the instrument finally adopted. Hamilton was nobly ambitious, but wisely cautious; sometimes most tentative when he was really most assured. "Of tributes to his legal abilities there is no end. John Marshall ranked him, next to Washington, the greatest character in history."

The concluding paragraphs of the paper were quotations from Hamilton's contemporaries praising him as a man, a lawyer

AFFAIRS AT SOUTH OMAHA

Another Hitch in Long Delayed Sale of the Refunding Bends.

CERTIFIED SESSION LAWS CALLED FOR

Mayor Intimates that Broker Roobles Has Had Plenty of Time for Definite Action - General News from the City of Packers.

The mayor has completed the signing of the issue of the \$50,000 414 per cent general indebtedness refunding bonds. that remains to be done now is for the city clerk to attach the seal of the city to the parchment. In less than an hour after the mayor had finished signing his name 1,000 times or more he received a message from the attorneys representing the buyer of the bonds to the effect that a certified copy of the sessions laws would be needed before the bonds would be accepted.

Last June, in open competition, G. W Hoobler of Omaha bid a premium of \$313 for this issue and the council awarded the bonds to him. Ever since the award there has been trouble of some sort about the issue. First, there were histories to be made and sent east for approval, and then a lithographed copy of the bonds. The copy did not suit the lawyers and another was made, and then another, so that the city has been to a big expense. Then Hoobler wanted a certified copy of the city charter and Attorney Cohn was sent to Lincoln to secure this.

When the request for a certified copy of the session laws was made to the mayor he threw up his hands and made a few remarks which would not look well in

It was stated yesterday that the laws are needed to see if the Lincoln charter had been repealed and the South Omaha

charter properly passed. Figuring on Refunding Bonds.

Councilman Ed Johnston and Attorney Harry Cohn spent yesterday at the office of the city treasurer figuring up the amounts due from special grading, curbing and paving taxes, which have been de-clared void by the courts. The task appears to be an endless one, as some of the taxes have been refunded as they became delinquent. It will take several days to arrive at the exact amount. This work is to be pushed in order that there may be an issue of bonds to relieve the city from paying a high rate of interest. The new charter permits the city to issue bonds for he as a member of the committee had not this purpose at a rate of interest not exseen it. Considerable feeling was shown ceeding 4 per cent. As the figures are running now there is no telling just how and the report was postponed until tomor-row. The meeting then took a recess until It may be \$50,000 and it may be \$100,000. tabulated statement will, however, be

Changing Ferry Terminal.

Secretary Watkins of the Pontoon Bridge ompany said last evening that more than likely the terminal of the bridge would be changed from Missouri avenue to O street. While the bridge is not yet constructed it is under way and is being built as fast as the material arrives. It is asserted by those who have made investigation that by a little work on O street it can be made a much better route to the river than Missouri avenue. The big sandbar at Missouri avenue will in a measure protect the western anchorage of the bridge and give a better roadway to the city. Preparations for the opening of O street are now being made.

City Saving Money.

By the opening of the Missouri avenue oute to the river the city is saving \$300 a year which was formerly paid the private property owners for the privilege of getting to the river. Under the new order of things the garbage master and others are at liberty to haul refuse to the river without being molested or charged in any manner. While this saving does not amount to a great deal, a showing of economy is made by the administration. It has been suggested that the amount saved be expended in putting the Twelfth street hill in a passable condition.

Selling Doctored Milk.

Yesterday Mrs. P. H. Toner brought to Sanitary Inspector Jones a sample of milk sold to her by a regular dealer which evidently contained drugs of some kind. The milk had been kept exposed to sunlight and heat for a number of hours, but would not sour. The result of the exposure was a most disagreeable odor. Inspector Jones has the sample in his office and proposes to have it analyzed by a chemist. The milk dealer who sold this fluid to Mrs. Toner will be called up on the carpet by the inspector.

Demand Better Road. Those who are now using the ferryboat are loud in their demands for a better road to the river. The road from J street south day; cooler in northern portion; easterly to Missouri avenue is very steep and a loaded wagon has a hard time pulling up, even with a good team. It is asserted that the expenditure of about \$100 by the city on this road would place it in a fit condition for travel. As it is now only light rigs can get up the hill. The council is to be asked to take some action inasmuch as the ferry company has made the road across the sand-

bar passable. Wanted for Assault.

Warrants were issued yesterday by Police Judge King for the arrest of Jack and Tim Broderick, Joe Hennessey, John Gillan and . McClair. It is alleged that these men assaulted Anna Weisenberg at Thirty-second and T street a few nights ago. The girl, who is only about 15 years old, told the judge a story of depravity which shocked The police are now looking for the young men who are said to have committed the assault.

NEW BOOKS AND MACAZINES

Another Novel by Maurus Jokai Translated

NEW WORK BY AUTHOR OF EBEN HOLDEN

First Juvenile Book of the Season-Set of Little "Sunshine Books"-News of Publishing Houses and Authors.

The world has produced few novelists the equal of Maurus Jokai, the Hungarian. were all written in the Magyar language, his native tongue. Owing to the difficulty of rendering that language, almost Oriental mained as a closed book to English readers. During the last few years several of his best known and most popular novels have been translated and published in this country and have met with such popularity that two new works are announced for this year. One of them, entitled in English "Manasseh," is at hand. It is an absorbing story of life among a primitive and happy people hidden away in far Transylvania, whose peaceful life is never disturbed, except by the inroads of their turbulent neighbors. The opening scenes are laid in Rome and the view of the corrupt, intriguing society there forms a picturesque contrast to the scenes of pastoral simplicity and savage border warfare that succeed In some ways this story might be described as lighter than many of the novels of the author, but it contains the wealth of inci-Weaver electors to keep Nebraska out of dent characteristic of all his writings. In amount of incident that Maurus Jokal is able to crowd into one novel. At the same time there is never anything in the way of wearisome detail, but the whole story is full of action, incident crowding upon in-"I am just up from a hard spell of the cident in rapid succession. Readers who

Irving Bacheller, author of "Eben Hel-There is no need of employing a den," one of the most popular novels published last season, is out with a new story.

"D'ri And I." The widespread popularity of the earlier work will incline the reading public favorably to the new, but it will not be dependent upon the reputation of anything that may have gone before it—it has a charm all its own sufficient to carry it into favor with the lovers of good fiction. "D'ri And I" is a border taie of the war of 1812 and the scenes are laid in the same north country which was de-Hays-Bryan.
