LAWSUITS THE FALL FASHION

City Appears as Defendant in Two of the New Cases.

DETECTIVE WEIR SUED FOR AN ARREST

Man with Hundred Dollars Resents Being Classed as Vagrant and Forced to Stand Up in a Cell All Night.

The city of Council Bluffs drew two personal injury damages among the grist of cases filed yesterday for the September term of the district court. Mrs. Eleanor Rice, mother-in-law of Lieutenant Governor Millman, appears as plaintiff in one, and Ernest Marsh in the other.

Mrs. Rice wants \$3,000 of the municipal surplus cash for injuries received the evening of July 19, when a buggy in which she and two friends were driving was overturned down an embankment on Third street near the new High school building. Mrs. Rice suffered a fracture of the right arm near the shoulder and other injuries. The embankment was caused by the grading of part of Third street between Story street and Fifth avenue. Mrs. Rice contends that the city is liable for the accident, as there was no lights or danger signals displayed at the point where the grading had been partly done.

Ernest Marsh demands that the city pay him \$2,000 for a broken leg, which he suffered as the result of falling February 6 on South Main street, near the St. Joe house. The city, Marsh alleges, was negligent in permitting the ice to accumulate on the sidewalk and make slippery places for the unwary pedestrian.

Bicycle Detective a Defendant.

Daniel L. Weir, the bicycle-mounted detective, attached to the police force, was made defendant yesterday in a \$1,000 damage suit brought by John Kaur, a horse-trader from Fort Scott, Kan. Burch, with a companion named Morris, was arrested Wednesday evening by Weir on "suspicion" and placed behind the bars at the city jail. He secured his release Thursday morning by depositing \$48.12 of the \$50.52 he had with him when arrested, as security for his appearance in police court next Monday. On the blotter at the city jail the charge of "suspicious" was entered against Burch's name, but the next morning he was arrested himself pulling down the crossing gates at the Northwestern tracks. Still in charge of the gates and the object of the night, that followed, Burch was knocked down. Still was released on his promise that he would appear in court this morning, but O'Brien spent the night behind the bars.

Supreme Head of Eagles

President Del Cary Wins His Flight to the Council Bluffs Aerle.

Supreme President Del Cary Smith of the Fraternal Order of Eagles was the guest last night of the Council Bluffs aerle and in consequence there was considerable flapping of wings and other doings in his honor. Following the regular order of business, including the initiation of several eaglets, a social session was held, at which a general good time was had and refreshments were served. Addresses were made by Police Judge Aylesworth, City Attorney Wadsworth, C. J. Dobbin, Edward Sherlock, Alderman Brown and other prominent members of the aerle. A feature of the entertainment was a number of selections by the Aerle quartet.

Davis sells glass.

W. E. Hoyt, a motorman in the employ of the Omaha & Council Bluffs Railway and Bridge company, has brought suit for \$10,000 against the Illinois Central railroad, Victor E. Labbe, city ticket agent of the railway company, being named as party defendant.

A switch engine of the Illinois Central collided with the motor car of Hoyt who was motorman, September 14, at Fifth avenue and Fourteenth street. The force of the collision smashed in the front vestibule of the motor and Hoyt, besides receiving other injuries, was badly cut about the face by broken glass. He was laid up several months. With his face swathed in bandages, with openings for the eyes and mouth, Hoyt was a familiar sight on the streets for several weeks.

Hoyt alleges that the switch engine failed to stop at the crossing by ringing a bell or tooting its whistle. He asserts that his injuries have permanently disfigured him and that his face is scared for life, all of which makes him suffer much mental anguish.

Motor Company Asked to Pay.

James P. Holden brought suit yesterday against the motor company for \$1,000. He alleges that August 13 last while alighting from a car at Sixteenth street he was thrown violently to the ground and across a rail by the sudden starting of the car. He claims the negligence of the motorman and conductor was responsible for the accident, which landed him in a cell in which the \$32 of the amount sued for is to reimburse him for what he expended for medical attendance, etc.

The petition in the suit of John O. Bennett against the motor company was filed yesterday.

yesterday. He wants \$5,000 for injuries alleged to have been received while employed as a guard at the bathhouse on Manhattan beach, Lake Manawa. He says that on July 21 there were several thousand people at the bathhouse and while trying to keep the people back from crowding on the steam launches he was crowded off the platform and his foot caught between the steps and the platform, smashing the flesh and injuring the bones of the foot and leg. Bennett also sues for the salary which he claims he would have received had the company not discharged him in July. He alleges that under his contract he was to have employment until the close of the season.

The petition in the suits of C. R. Hannan and Ira Ruffron against the motor company were filed yesterday.

Two Women Want Divorce.

Mrs. Christine Westrom filed suit for divorce yesterday from Julius Westrom, whom she married in Hamilton county, Nebraska, January 3, 1888. She bases her petition on statutory grounds and asks that she be awarded the custody of their four children, whose ages range from 5 to 14 years, also that the title to eighty acres of land in Nebraska which they own be decreed in her favor.

Mrs. Gretchen Cochran alleges that a young woman named "Kathina" has supplanted her in the affections of her husband, William T. Cochran, and for this and other reasons she filed suit for divorce yesterday. In addition to the divorce she asks for the custody of their three minor children, \$30 a month permanent alimony and \$20 a month for the support of her children. The defendant is a locomotive fireman of this city. The Cochrans were married July 9, 1890, in this city.

Narrowly Escape Drowning

Miss Macomber of Omaha and a Friend Rescued from a Perilous Position.

SPRIT LAKE, Ia., Aug. 24.—(Special.)—Miss Macomber, daughter of the late John Macomber of Omaha, and A. Christensen of this place nearly lost their lives on Lake Okoboji Wednesday evening. They had been sailing with three other persons during the afternoon, the lake being comparatively calm. Later all save Mr. Christensen and Miss Macomber landed. A storm came up and, being unfamiliar with the management of the craft, they were practically helpless. Ex-Secretary of State G. L. Dobson, on Dixon's beach, saw their peril and started to their relief in his launch. When he was a mile from the launch, another launch puffed out, but after ten minutes was compelled on account of the heavy sea to put back. A small steamer pushed out, but soon blew its distress whistle and the Hiawatha, a larger steamer, started to the scene. Mr. Dobson, however, reached the unfortunate couple first and took them aboard his launch, landing them at Gilley's beach in safety.

When rescued they were up to their necks in water, hanging onto the side of the capsized boat, and every moment were engulfed with waves. Dobson had a rough time getting to the couple, having difficulty in keeping from being swamped himself.

The sailboat was not a seaworthy craft, being built for racing, and in the hands of skilled sailors would have had difficulty in weathering the storm.

L. H. WELLER NAMED FOR GOVERNOR

Republican State Committee Organized with Spence as Chairman and C. W. Phillips as Secretary to Control the Campaign.

(From a Staff Correspondent.)

DES MOINES, Aug. 24.—(Special.)—The middle-of-the-road populists of Iowa held their state convention yesterday. It was attended by about fifteen delegates and Jo Parker, national secretary. Andrew McKee, secretary of the Iowa Populist party, and M. Harvey of Polk county were elected. The following ticket was nominated: Governor, L. H. Weller of Chickasaw county; lieutenant governor, Perry Engle of Jasper county; judge of the supreme court, J. R. McElwaine of Polk county; railroad commissioner, Lark M. Mowbray of Shelby county; superintendent, I. C. Harlan of Woodbury county. The following platform was adopted:

We, the populists of Iowa, in convention assembled in Des Moines, Iowa, August 24, 1901, do hereby give our unqualified endorsement to that first great declaration of principle of our party, the Omaha platform, and all subsequent national platforms.

We demand the formation of plain trusts to which the people are compelled to pay enormous tribute while these heart-breaking conditions are using every advantage gained by their financial power, secured by subsidized press and official favor, to crush their competitors and to keep the classes of our country. We see a favored few issuing their notes of indebtedness and loading them on their competitors, and to take the place of a sound, safe and stable currency issued by the government. We demand in nation, state and city, to further increase their extortion from the people and to increase their power and authority in the legislative, executive and judicial departments of state and nation. We demand the abolition of the franchise of corporations, the formation of vast corrupt and debauched political rings and combines in nation, state and city, usurping the power of the people to rob the people by the franchises granted them and to their corrupting campaign funds. All these evil conditions we realize to be the result of the present system of government, state and city governments of conferring the sovereignty of the people upon private individuals, that they may perform public functions for their own private gain. Therefore, as a remedy, we demand that the franchise be given to public individuals and corporations.

We extend our sympathies to all peoples struggling to establish a republic in the forms of government and we condemn the concerted action of the present administration and the present congress in their efforts to crush out young republics and to establish in their place crown colonies and imperial rule. We demand that the franchise be given to public individuals and corporations. We demand that the franchise be given to public individuals and corporations. We demand that the franchise be given to public individuals and corporations.

An executive committee was appointed to have in charge of the coming campaign, consisting of Spence, Phillips, Clayton, Way and Bruce. The committee was agreed upon with the candidates and a majority of Cummins men on the committee. He was identified by means of a package of cigarette papers on the cover of which his name was written.

Will Be Brought Back.

Governor Shaw has issued a requisition on the governor of Oregon for the return to Iowa of Frank Kaufman, who organized and managed the American Paper Stock company at Omaha and in Des Moines and worked a smooth swindle before he cut entirely loose from it. Kaufman is the man who, after he had got into trouble here, went to various cities and got money on sight drafts from jewelers and bankers. He worked his scheme at Cedar Rapids, Dubuque, Sioux City, Minneapolis, St. Louis, Denver and Colorado Springs and got about \$1,000 before he was arrested here. He never arrested, as there was no proof that he shared in the profits of the swindle. In fact, it is certain that Kaufman failed to keep his word and divide up with his consorted jewelers and bankers. He is now in Portland and the marshal of Cedar Rapids has gone to bring him back to Iowa for trial on a charge of obtaining money by false pretenses.

Milwaukee Cut-Off a Certainty.

The delay in the building of the cut-off of the Milwaukee railroad from Davenport to Ottumwa is at an end and this week the right of way agents, Senator Titus and Attorney James McKee, went out along the line in Muscatine county and commenced paying for the right of way.
