

**CAMP AT OLD FORT OMAHA**

Entire Military Force of Nebraska Meets Here Next Month

ADDED ATTRACTION FOR AK-SAR-BEN

General Colby Makes the Choice After Considering Many Sites and Governor Savage Approves It.

(From a Staff Correspondent.)

LINCOLN, Aug. 26.—(Special Telegram.)—General Colby tonight decided to have the annual encampment of the Nebraska National guard held at old Fort Omaha from September 10 to 15, inclusive. The entire military force of the state will be assembled, consisting of the First and Second regiments of infantry, a battery of light artillery, a troop of cavalry and an independent company of infantry, the latter recently organized at Tekamah.

The selection of the time and place was made by General Colby and approved by the governor. Various places had been under consideration, but the authorities after considering all propositions agreed on Omaha as the most advantageous location. The total mileage for the transportation of the troops to and from Omaha will be less than if any of the other sites proposed had been selected. The encampment will take place during the Ak-Sar-Ben celebration.

Sec. Gillilan's Enemies. The police authorities of this city are proceeding upon the theory that the murder of John J. Gillilan was premeditated and not the result of an attempted holdup. All police clues are being followed, but most attention is given any evidence or indication of a feeling of enmity that might have been entertained by anybody toward the dead man. Chief Hoagland is still confident that the murderer will be caught, but he refuses to discuss the case with the public. The coroner's inquest was continued this afternoon at the establishment of Undertaker Heaton. Two women who live near the scene of the crime testified that a few seconds before the shooting they heard someone shout, "No you won't," and that there were also sounds of scuffling. R. C. Maloney, son of Mrs. P. J. Maloney, testified that he knew Gillilan slightly but he could offer no evidence of any material importance as to the case, or the evening of the murder when Gillilan called at his mother's home, just prior to the murder.

George Peterson, 1134 K street, had a story to tell though he did not testify to the coroner's jury. He had been visiting friends in the south part of town the evening of the murder and was returning to town about 1 o'clock when he passed the east side of the capitol at the juncture of J street. He saw two men on the grass who looked like the guilty men from the various witnesses. They shaded their faces as he passed and he thought no more of them until he learned of the murder.

At 3:15 o'clock the jury retired to deliberate in secret, all persons being excluded from the room. Funeral services over the remains were held yesterday afternoon at the Gillilan home, 1906 E street. Rev. W. H. Mans and Rev. J. Lewis Marsh were in charge. Mr. Marsh referred eloquently to the tragedy. The remains were sung by Miss Buraby and the Misses Trigg. The pallbearers were Clinton R. Lee, Frank W. Hill, W. M. McManis, Elmer L. Perkins, E. A. Rogers and F. H. Stevens.

Suicide in Hospital. Mrs. Lena Borne of Saranville, Clay county, committed suicide in the hospital for insane this afternoon by hanging herself. She window the attendants and in one of the toilet rooms found a long strap, which she used in self destruction. She tied one end of the strap to the transom over her room door and then dropped downward, the nose tightening about her neck. When discovered she was unconscious. The woman was committed to the hospital June 19. She suffered under the hallucination that her husband was trying to poison her.

Two new state banks were given charters today by Secretary Kayser of the State Banking Board. One is the State bank of Filley, in Gage county, organized by Anton Sugi, J. H. Steinmeyer, Joseph Cery, Cery and Carol Sugi, and incorporated for \$20,000. The other is the Citizen's bank of Johnston, Brown county, capitalized for \$5,000 and incorporated by A. G. Holt, Emma H. Holt and Nellie Holt.

Governor Savage today honored the requisition for Detective Fred M. Hans, who is wanted in Logan, Iowa, to answer to the charge of perjury. Hans is now under arrest in Omaha and he will be taken back to Logan by the sheriff of Harrison county. The charge against the detective is based upon the testimony of Francis Daniels. Given during the prosecution of Dick Latta for the robbery of an Elkhorn freight train. Hans testified that Daniels who is his brother-in-law was not present when Latta was arrested but Daniels declares that he was there at the instigation of the detective.

Requisition for James Toman. Requisition papers were signed by the governor for the return of James Toman from Cedar Rapids, Iowa, to Omaha, where he is to be tried on the charge of assault with intent to kill. The complainant is James Koschan, who alleges that he was brutally attacked by Toman on the night of August 21.

Accused by Former Partner. Eliza Lewis a stockman who lives at Eleventh and Washington streets, is charged with forging the name of Henry Osackop to a check on the Columbia National bank for \$13.50. The check was cashed by a merchant, transferred through the clearing house and paid by the bank. The forgery was discovered when the check was returned to Osackop. Lewis was formerly a business partner of the complainant, who lives at Walton.

**WEEPING WATER GOLD CRAZE**

Prospectors Discover Flint Mines of Indians and Think They Have Eldorado.

WEEPING WATER, Neb., Aug. 26.—(Special.)—The recent gold excitement near Hastings recalls the fact that nearly every locality in Nebraska has had a similar experience. Weeping Water passed through its craze at an early date that few remember it. In fact it occurred before the town existed and was, no doubt, the first effort made for gold in Nebraska.

In the early '50s after the California discoverer had opened up the trails across this state, two miners, working westward, crossed the Missouri below Plattsmouth several miles and followed up Weeping Water creek until they came to a high hill not far from where this city now stands. Here they discovered what they believed to be ancient gold mines that had been worked by the earlier Spanish explorers. Deep pits on the hillside and close to them old stone furnaces and by the stream in the little valley below the ruins of gold washing apparatus testified the miners that ore had been found at the place. They returned to Iowa with glowing accounts of the new Eldorado and soon many men with tools and machinery came across the Missouri and rode up the little creek. Work began, but continued for a short time only. No gold was found and it was soon learned that the pits were the abandoned pits of the Indians where they had been accustomed to secure their supply of arrow heads. The "furnaces" were merely rocks reddened by the fires of the Indian camp.

**CHARGED WITH EMBEZZLING**

R. D. Stover, Former Manager of Western Union at Beatrice, Is Arrested.

BEATRICE, Neb., Aug. 26.—(Special.)—R. D. Stover, former manager of the Western Union Telegraph company here, was brought back Saturday night from Kansas City, where he had been arrested, charged with embezzling \$200 from the company while acting as its agent. Stover was turned over to Sheriff Waddington and had his hearing before Judge Enlow this morning. He was placed under bonds of \$500 to appear for trial September 2. He secured a bondsman late this evening. It is said that Stover kept a false bank book and in this way he seems to have fooled the company's auditor. The Fidelity Bond company of Maryland was on Stover's bond and its attorney says no mercy will be shown to Stover. Drinking and gambling are said to have caused the downfall of Stover.

**STANTON ROLLER MILLS BURN**

Supposed to Have Started by Spontaneous Combustion in Coal Bin.

STANTON, Neb., Aug. 26.—(Special.)—The Stanton roller mills burned to the ground this morning at 4 o'clock. It is not known how the fire started, but it is believed to be from spontaneous combustion in the coal bins in one corner of the engine house. There was only \$1,500 insurance and the loss falls heavy on J. R. Cookus, the owner. Fortunately for the community the new water power mill is just completed and will be placed in operation as soon as the dam across the Elkhorn river, now under construction, is completed.

**Highlanders' Picnic at Beatrice.**

BEATRICE, Neb., Aug. 26.—(Special.)—The Royal Highlanders' field day will be at Beatrice Thursday. A splendid program has been arranged for the occasion. **Crops in Saunders.**

WAHOO, Neb., Aug. 26.—(Special.)—The crop report of Saunders county is in excellent condition. The southern half of the county will have at least half a crop, while from Wahoo north to the river the prospect is as good as in any part of the state. Many farmers claim they will get thirty bushels to the acre. There is a large amount of ordinary soil eroded. The wheat yield was uniformly good and other small grains were fair. The hay crop, especially along the Platte bottoms and in the Wahoo valley, has been excellent. There has been a greater variety of grains planted this season than ever before. Broom corn as a product is gaining a steady hold. There are several large patches of tobacco near Prague.

**Need Not Grant Certificate.**

HARRISON, Neb., Aug. 26.—(Special Telegram.)—A decision of importance to school teachers of Nebraska was handed down today by District Judge Westover, who denied the petition of Prof. George W. Meyers, asking for a mandamus to compel County Superintendent Burke to issue him a certificate. Superintendent Burke did not deny that Meyers had not complied with all statutory requirements or was not qualified in every way, but the force of the decision is that the superintendent uses his discretion in granting certificates and that the court has no jurisdiction under the petition.

Peruna Cured Her. It Will Cure You.

Miss Alice Graham, 488 6th Ave. New York City. The Peruna Medicine Company, Columbus, Ohio. Gentlemen—This fall I caught a heavy cold at a dancing party and a most unpleasant catarrhal condition developed in my head and throat. Mother thought that Peruna might help me and sent for a bottle. We had never used any patent medicine before, but were forcibly convinced of the merit of Peruna. It took less than two bottles to drive all unpleasant effects away; in addition it gave renewed life and vigor. I felt happy and very active and have not been sick since.—Alice Graham, 488 Sixth avenue, care Burley, New York City.
