# Saturday, August 31

Will be the last day that we shall close at 1 p. m. this year. Our Saturday closing has been a great success and we shall always close our store at 1 p. m. Saturday during July and August.

We have taken every thing from our stocks that looks like summer that we have left, and shall sell it Saturday morning at 8 o'clock, for almost nothing. Read the quotations below and come early, as quantities are not large.

### Two Silk Specials for Saturday Morning—

If the lots we tell of were big lots you might suit your convenience as to coming. But, the fact is, there is not a large quantity. You must come early to get them.

### Stylish Foulard Silks—

All this season's goods, not an odd color in the lot, throws off rain like a rubber coat and will not spot with water—regular \$1.00 quality.

### \$1.00 Foulard Silks, Saturday Morning, 25c a yard—The New, Pretty Wash Silks—

and they are in the prettiest striped effects, this season's favorite colors. The silk itself is a beautiful quality, will wash nicely and not fade.

### Colored Dress Goods Remnants, Half Usual Remnant Prices—

In accordance with our custom, these short ends of dress goods must go to give room for other goods.

1-3 yard remnant gray nun's veiling for 3c. Never sold for less than 50c a yard.

1-4 yards mixed cheviot for \$1.25, regular \$1.00 a yard goods.

1-5 yards plaid for 7c, worth 25c a yard. 1-1 yard remnant mixed millineries for \$1.10, regular 60c a yard goods.

1-6 yard remnant cheviot for \$2.00, regular \$1.00 a yard goods.

## THOMPSON, BELDEN & Co.

T. M. C. A. BUILDING, COR. 16TH AND DOUGLAS STS.

### Jorj of the trades unions arranged to participate.

The first break in the strike at MeKeopier was made this evening when about forty men went to work in the seamless tube department of the National Tube works. The men returned on the same basis they worked before the sympathetic strike was inaugurated. The men did not organize, although they met with Federation of Labor men a number of times. It is thought many more will return tomorrow morning. The men are not molested, as their return was a surprise to the strike leaders. The tube works officials are jubilant over the break at the seamless and the outcome of today's parade to Duquesne.

### SAYS WHY SHAFFER SHOULD GO

Labor World Gives Twenty-Four Reasons Which It Considers as Sufficient.

PITTSBURG, Aug. 30.—The Labor World's editorial that so stirred the steel men today is a long one, entitled, "Sacrifice Shaffer, Save the Amalgamated!" It says:

Is the Amalgamated Association of Iron, Steel, and Tin workers a labor union? Is it a labor union in a lost fight and sacrificed on the altar of the mad and selfish ambition of this creature Shaffer? This is no time for sentiment. It is a time for facts and plain speaking. The fight against the Amalgamated headquarters, where Shaffer comes, to spare the brave men of this front, leaders of organized labor, forbid it in the name of the cause you hold dear, but which is being sold without a whimper to live. Forbid it in the name of labor's honor and honesty, which Shaffer has sold for a few dollars.

Then follows an intimation of an accusation of stock dealing that Mr. Shaffer has repeatedly denied. The editorial continues: Impose him for plunging the Amalgamated into a ruinous and unwarranted strike.

Impose him for calling out the men that men without giving the subordinate leaders a chance to vote on the question of a strike!

Impose him for making demands that were so arbitrary that the men held out the trust could not with honor submit!

Impose him for calling a strike on demands that he had no right to make!

Impose him for calling out the tipplars men in July and the National without consulting anyone when he was framing it!

Impose Shaffer for making this his strike. He is fitted that New York responsibility be fitted that New York agreement and when he repudiated it the bill was incurred by the organization!

Only Shaffer's name was signed to the second strike call.

Impose him for going into this strike without funds or the prospect of funds to support it! Strike benefits begin next week and he has not enough money to last three weeks if every striker gets his due.

Impose him for not accepting the Hotel Lincoln proposition that would have given him four more steel plants than the Amalgamated association had last year.

For Advancing Deposit Withdrawals.

Impose him for his crazy scheme to take the women of the steel industry out of the hands of the employers.

Impose him for getting the Federation

### Eczema

How it relieves the skin, itches, oozes, dries and scales.

See people call it letter, milk crust or salt rheum.

The suffering from it is sometimes intense, local applications are resorted to, but they mitigate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.

**Hood's Sarsaparilla** positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

### INDICTMENT IS DISMISSED

Case Against Captain Herlihy Is Dropped—To Be Submitted to Grand Jury.

NEW YORK, Aug. 30.—An indictment against Captain Herlihy, charging him with neglect of duty in that he failed to close disorderly houses in his precinct, was dismissed by Recorder Gunderman in a decision on a demurrer to the indictment entered by Herlihy. The dismissal was granted with the understanding that the case be resubmitted to the grand jury.

The demurrer raised the point that there were 110 specifications in the indictment, enumerating that many disorderly houses, and that if the case went to trial each would have to be proved. This is the point upheld by the recorder.

Since Shaffer will not sacrifice himself he must be sacrificed. The Amalgamated association must be saved and Shaffer sacrificed. Shaffer and save the Amalgamated association.

### GARDNER WHIPS KID CARTER

Lowell Fighter Puts Up Splendid Battle, Literally Fighting Down the Brooklynite.

SAN FRANCISCO, Aug. 30.—George Gardner of Lowell, Mass., defeated "Kid" Carter of Brooklyn tonight in the eighteenth round.

The contest was a most remarkable one from the standpoint of determination and gameness. There was not a moment in the whole fight that the men were not fighting in the most determined manner.

Gardner put up one of the most aggressive and clever fights ever seen in a local ring, and displayed the finest of generalship, and was cool and determined in every mixup.

His long reach enabled him to jab Carter in the face whenever he chose and his right arm jabs were especially effective. He simply fought Carter down. The crowd was one of the largest seen in the pavilion for a long time. The contest was handled by the National club.

### Assay Office at Rapid City.

RAPID CITY, S. D., Aug. 30.—(Special.)—The first National bank of this city narrowly escaped being burned to the ground last evening. Fire started from the furnace in the Cleverly assay office and had been burning a long time before discovered.

A large loss was sustained by the Johnson and Reeves Mercantile company, adjoining the bank. Water ran into the store and damaged a large amount of goods.

### Government Remains Neutral.

QUITO, Ecuador, Aug. 30.—Although the government of Ecuador has adopted neutrality measures, which are being generally respected, it is known that the liberal revolutionary troops are beyond the frontier of Carchi and within sight of a military force of the Colombian government. There has been no invasion of Colombia by troops of Ecuador.

### Bats All-Ireland Team.

BUFFALO, N. Y., Aug. 30.—The Gaelic football match, the feature of the Irish sports in the Stadium this afternoon, was won by the Kiernans of a local team from the All-Ireland team by a score of one goal and three points to five points.

### SAYS THE PRIESTS MUST GO

Colombian Revolutionist Tells What His Party Will Do.

NEW YORK, Aug. 30.—"Since the Spanish-American war the United States of Colombia has been invaded by about 5,000 priests and friars who have gone to that country where chased out of the Philippines. When the revolutionary party in the United States of Colombia is successful, these people will be expelled," said Raoul Perez, who is the diplomatic secretary of the Colombian revolutionary party in the United States, at his headquarters in this city tonight.

"The revolutionary party has 35,000 men in the field," he continued. "They are fully equipped with modern rifles and plenty of ammunition. The opposition has about 20,000 men—that is the governmental party. They are poorly armed. The revolutionary party controls the town of Honda on the Magdalena river. That is the principal river running into the interior and Honda is the principal town on the river, being the key to the whole central part of the country.

"We are perfectly capable of maintaining control of this city, and our generals are rapidly spreading out and will get control of the principal cities of the country and compel the government forces to surrender. Almost every government regiment is on the verge of mutiny. The trouble commenced fifteen years ago, when President Nunez made himself dictator. He was thrown into prison and died from poison. President Santan, who succeeded him, also assumed the dictatorship. He was crowded into the background by Vice President Maroupin. The latter is still in control.

"He was amenable to reason and the trouble would have been ended had it not been for the intrigues of the Spanish priests from the Philippine islands. When we gain control we will expel this disturbing clerical element. We will then inaugurate a democratic government, based on the same system as that of the United States of America. We will establish public schools, insist on freedom of thought, and will aid in the construction of all modern electrical and other improvements.

### Decision on Delima Case.

WASHINGTON, Aug. 30.—Mr. Tracewell, comptroller of the treasury, has rendered a decision which disposes of the famous Delima case. He holds that under the decision of the United States supreme court in that judgment obtained by Delima for \$14,997 from the United States on account of duties paid by them on goods shipped from Porto Rico to the United States, between the date of the ratification of the treaty of Paris and that of the approval of the Foraker act, may be paid out of the general appropriation for the Treasury department without further action by congress.

### Mysterious Steamer Near Colon.

COLON, Colombia, Aug. 30.—A strange steamer appeared off the port last night for the second time. It hovered about two hours and then disappeared. The captain of the United States gunboat Machias has gone to Panama to consult with the United States consul there.

The local situation here. The government has set at Barranquilla a large quantity of arms belonging to the rebels.

HENRY, B. C., Aug. 30.—John Hendry, president of the Hastings mill at Vancouver, and Captain McKean, agent of the Great Northern railway, have caused active work to be begun on the construction of the Vancouver, Northern & Yukon railway.

It is said that the line will be constructed within a year and that the new government bridge across the Fraser will be used by the Great Northern.

### Disposition of Many Farms.

WASHINGTON, Aug. 30.—Hon. Binger Hermann, commissioner of the general land office, has completed his annual report, which shows that during the year 15,662,705 acres of the public domain were disposed of, and that the receipts of the office were \$4,572,160. The receipts exceeded those of last year by \$392,402 and the land disposal by 2,169,908 acres.

### PLAN LIVE STOCK EXHIBIT

Cattle and Sheep Breeders Meet with World's Fair Managers.

### DELEGATES FOR FOREIGN SHOWS

President David R. Francis Emphasizes Importance of This Industry in Development of Louisiana Territory.

ST. LOUIS, Aug. 30.—Delegates representing the various national live stock associations of the United States met here today and took measures to co-operate with the committee on agriculture of the Louisiana Purchase Exposition company in securing for the World's fair to be held here in 1903 the finest exhibit of live stock ever gathered together.

Colonel Charles T. Mills of Springfield, Ill., stated the purpose of the meeting and nominated former Governor Norman J. Coleman of St. Louis as its chairman. Colonel Mills was elected secretary. Addresses were made by ex-Governor Norman J. Coleman, President David R. Francis of the Louisiana Purchase Exposition company, Mr. Paul Brown, chairman, and Mr. Robert Ault, secretary of the committee on agriculture.

In his address President Francis outlined the scope of the coming exposition and dwelt in detail on the importance of live stock to the agriculture of the Louisiana Territory. He said the live stock show would be international in character and that representatives would be sent to the Dublin horse show, which will be held next month, and to whatever Clyde's association in the American Foreign countries, provided they are of sufficient importance to justify the World's fair being represented there.

On motion of Colonel Mills, the chair appointed a committee of five to nominate a permanent committee for the American Foreign stock interests of the country before the directors of the Louisiana Purchase exposition. Governor Coleman appointed the following committee to nominate three men to be the permanent committee: C. W. Brown, N. B. Ogive, Matthew Wink, C. B. Denton, R. H. Smith, N. J. C. M. Wadlow, Francis V. and C. P. Mills, Springfield, Ill.

The following were represented at the meeting: The American Association of Cattle Breeders' association; the American Cattle Breeders' association; the Dairy Breeders' association; the American Arthur's Breeders' association; the American Brown Swiss Breeders' association; the American Jersey Breeders' association; the American Poland China association; the American Dutch Jersey association; the American Cotswold association; and the American Southdown association.

### LAST OF THE YACHT TRIALS

Final Test of Columbia and Constitution Scheduled for Today.

### SHAMROCK SAILS IN LIGHT BREEZE

Challenger Shows Its Sails to Admirable Spectators and Does Some Pretty Work in a Four-Hour Spin.

NEWPORT, R. I., Aug. 30.—The final series of races between Constitution and Columbia will begin over the Newport course tomorrow. Of all the contests that have taken place between the American and New York boats, these are the most important, for on their result depends the selection of the defender to sail against Shamrock II in the great races for the America's cup off Sandy Hook. No challenging committee of the New York Yacht club has as yet been formed in selecting the American boat. Out of sixteen boats already finished each has now eight, and so close are the two boats in the matter of speed, many good yachtsmen say that, however the outcome of the trials it will still be a hard task to choose between them.

The challenge committee is now composed of Commodore L. C. Ledyard, chairman; Rear Commodore C. L. F. Robinson, secretary; J. V. S. Odie, J. Malcom Forbes, J. Pierpont Morgan, S. N. Benson, Edward M. Brown and Archibald Rogers. It is understood that J. Pierpont Morgan, who is one of the owners of Columbia, will either resign from the committee or take no part in the selection of the defender. E. Morgan, Columbia's managing owner, has already resigned and his place was filled by the appointment of Mr. Rogers.

At the finish of the trial races next Wednesday the regatta committee, consisting of Former Commodore S. Nicholson Kane, Chester Griswold and Newbury Lawton, will turn over to the challenge committee the data regarding all the races between Constitution and Columbia, thus they will take into consideration all the previous races as well as the three trials and, make up their opinion, but inasmuch as the two boats are so close, many yachtsmen believe that the coming races show the other.

### Both Boats Fit for Race.

Both boats are at their mooring fit for the fray. Constitution has been put in the best possible trim by its designer, Nat Herrschhoff, whose lines has hitherto prevented him from devoting much time to the boat. It is the inability of the part in the management of Constitution has been a serious loss and now that he himself has been able to prepare it for the trials, his friends expect greatly improved performance. The mainmast that was first tried in the Southwest was well rotated as it is by far the best of all. The new boat was given a trial spin down the bay today and the sails had a good stretching. The headstays, which slackened when the boat was hauled out, were also set taut and all the rigging was given a good stretch. Columbia also was given final touches today and both boats are now ready to show the best speed there is in them.

Sir Thomas Lipton, owner of the challenger, will be a spectator of the races. He has accepted an invitation to be the guest of Commodore Ledyard at dinner on Monday and the event will be made the first official welcome to the British yachtsmen by the officers of the New York Yacht club. Other guests will be the owners of Constitution and Columbia.

### Shamrock Shows Its Sails.

NEW YORK, Aug. 30.—Shamrock had a most interesting trial spin today over the bay in a light breeze from the southeast. After making a couple of tacks it stood out to sea on the starboard tack to fetch mainmast, club topsail, jib and baby jib topsail. Passing Sandy Hook lightship she showed a most pleasing performance. Sir Thomas Lipton and George L. Watson, with Commodore Hillyard, were then transferred to Erin, Shamrock, after making a short tack, kept off at 1:15 for home. The 3-ker boom was dropped to port at 2:05, the sail was hoisted in one minute. The following yacht got a good look at the sails for the first time. At 1:45 a balloon forecast was substituted for the working one. With the wind over the port quarter Shamrock, for the next hour, traveled nine knots easily, making more than a ripple on the water. Coming through Gedy's channel at 2:46 the wind increased and with a good burst of speed the yacht traveled from there to the point of the Hook at a twelve-knot clip. There it tacked and took in all its sails except the main, which it sailed to its mooring and made fast for the day.

What is said to be the greatest water in the history of the sporting world was made today on the result of the international yacht race. Twenty American and British capitalists are in the year in a venture which involves nearly \$500,000. W. F. Munn, president of the Pittsburgh Stock Exchange, representing ten wealthy real estate of that city, gave assurance to Walter J. Kingsley that the \$100,000 which he brought on to the United States in a venture which involves nearly \$500,000. W. F. Munn, president of the Pittsburgh Stock Exchange, representing ten wealthy real estate of that city, gave assurance to Walter J. Kingsley that the \$100,000 which he brought on to the United States in a venture which involves nearly \$500,000.

### Blind Woman Run Over

Three Men in a Truck Whip Up Their Horses, Leaving Victim Prostrate.

Mrs. Blanche Ball of 1011 Atlas street was struck down and one of her feet severely crushed by a heavy wagon at Thirteenth and Howard streets, late yesterday afternoon.

Mrs. Ball is blind and was being led across the street by her 5-year-old son. Three men were in the wagon and immediately after the accident they whipped up the horses and got out of sight before a description of them could be obtained.

Mrs. Ball was taken to her home and Dr. Ralph attended her.

### Meeting of Library Board
