A conference was held last evening between the trustees of the public library and the members of the city council, which, it is said, will result in the aldermen rescinding their action in cutting out from the city levy the 3-mill tax recommended by the library board to create a fund for the purchase of a site for a library building. The conference was held behind closed doors. Congressman Smith, one of the trustees, presented the matter on behalf of the board to the aldermen. He explained to the library trustees the strong hopes of a liberal donation from Andrew Carnegie as soon as a site for the building had been secured. Until the city owned a site for the library nothing, he said, could be expected from the millionaire. Congressman Smith, while not entering fully into the question of the right of the city council to wipe out entirely the levy recommended by the trustees, said it was a debatable question, but as a question of public policy asked that the aldermen rescind their action. When seen after the conference several of the aldermen said the manner in which the matter had been laid before them had changed their minds and that they were now favorable to the 3-mill tax being included in the levy. The library trustees went away smiling and it is thereby inferred that they were perfectly satisfied with the results of the conference. The matter will come up at the meeting of the city council Wednesday night. Davis sells paint. C. E. Ross Held on Suspicion. C. E. Ross, a negro, is under arrest at the city jail on suspicion of having stolen a pair of trousers in Sioux City, which he pawned in this city Sunday evening. He suggests that possibly Ross might be Francis, the negro wanted for the murder of Miss Henderson at Holden, Mo. The police have decided to hold Ross until a description of Miss Henderson's murderer can be secured. Davis sells glass. Authorities Investigate Fire. COURT CASES ARE ASSIGNED

Judges Announce Plans for Fifteenth Judicial District.

NEXT TWO YEARS FULL OF BUSINESS

September Term of District Court Opens with a Heavy List of Cases

First. Judges N. W. Macy, W. R. Green and O. D. Wheeler met yesterday afternoon in the courthouse and assigned the terms of court for the Fifteenth judicial district for the years 1902 and 1903. Judge A. H. Thornell is sojourning at Manitou, Colo. for the benefit of his health and was unable to attend the meeting. Practically the only change in the assignment from the last two years is the placing of Logan, Atlantic and Red Oak in the same circuit. Heretofore the presiding judge has been invariably compelled to adjourn court in Council Bluffs in order to hold the Red Oak term. Under the new assignment the judge presiding at the Atlantic term will also hold the one at Red Oak. This arrangement will obviate the Council Bluffs term being shortened as heretofore. This is the assignment: Judge A. B. Thornell: 1902—Council Bluffs, January 7; Sidney, March 15; Glenwood, April 15; Clarinda, May 6; Harlan, September 2; Avoca, September 23; Audubon, October 14; Audubon, November 25; Red Oak, December 16. 1903—Council Bluffs, January 6; Sidney, March 15; Glenwood, April 14; Clarinda, May 5; Harlan, September 1; Avoca, September 22; Audubon, October 13; Audubon, November 24; Clarinda, December 5. Judge N. W. Macy: 1902—Harlan, January 7; Avoca, February 4; Audubon, March 4; Logan, April 11; Atlantic, April 18; Red Oak, May 27; Council Bluffs, September 2; Sidney, November 5; Glenwood, November 25; Clarinda, December 5. 1903—Harlan, January 6; Avoca, February 3; Audubon, March 3; Logan, April 10; Atlantic, April 17; Red Oak, May 26; Council Bluffs, September 1; Sidney, November 4; Glenwood, November 24; Clarinda, December 4. Judge W. R. Green: 1902—Sidney, January 7; Glenwood, January 27; Clarinda, February 13; Harlan, March 15; Avoca, April 15; Audubon, May 12; Logan, August 28; Atlantic, September 23; Red Oak, October 20; Council Bluffs, November 25. 1903—Sidney, January 6; Glenwood, January 27; Clarinda, February 13; Harlan, March 15; Avoca, April 14; Audubon, May 12; Logan, August 27; Atlantic, September 22; Red Oak, October 19; Council Bluffs, November 24. Judge O. D. Wheeler: 1902—Logan, January 7; Atlantic, February 4; Red Oak, March 4; Council Bluffs, March 11; Sidney, September 2; Glenwood, September 23; Clarinda, October 14; Harlan, November 25; Avoca, November 25; Audubon, December 9. 1903—Logan, January 6; Atlantic, February 3; Red Oak, March 3; Council Bluffs, March 10; Sidney, September 1; Glenwood, September 22; Clarinda, October 13; Harlan, November 4; Avoca, November 24; Audubon, December 8. September Term in District. Judge N. W. Macy of Harlan will convene the September term of court in this city this morning when the grand jury will be impaneled. The members of the grand jury are: C. B. Bardsley, Neola; Lewis Shisida, Underwood; J. S. Garkhuff, Loveland; Fred Heuwnick, Dumfries; Jacob Engler, Minden; A. B. Rowe, Council Bluffs; F. B. Chambers, Arnold; W. M. Schoening, Treynor; A. C. Graham, Council Bluffs; N. Swanson, Crescent; R. V. Churchill, Neola; Peter Rief, Council Bluffs. The September term promises to be an unusual heavy one, the docket showing 472 cases, of which 300 are old, ones and 172 new. The number of law cases is particularly heavy, among the cases being many large damage suits. The Omaha & Council Bluffs Railway and Bridge company figures as defendant in no less than eighteen suits. The famous suit of James Doyle against James P. Burns, president of the Portland Gold Mining company, has been assigned as the first jury trial for this term. The jury panel has been summoned to meet September 23, when the jury trials will begin. These are the petit jurors for this term of court: John Hartymarten, Minden; J. M. Harr, Council Bluffs; Matthias Kruger, Minden; H. J. Palmer, Council Bluffs; A. B. Mikesell, Council Bluffs; D. P. Howes, Council Bluffs; William Hetrich, Treynor; G. W. Spencer, Neola; S. Covall, Council Bluffs; William Davidson, Pleasanton; George A. Hayes, Council Bluffs; John Ransom, Reels; J. A. Vernon, Council Bluffs; G. W. Smille, Council Bluffs; V. B. Perry, Quick; E. E. Adams, Council Bluffs; J. M. Melser, Council Bluffs; Peter Johnson, Underwood; George F. Smith, Council Bluffs; Jacob Steele, Council Bluffs; John Meek, Council Bluffs; Joseph Lidgett, Council Bluffs; L. Smith, Council Bluffs; Ernest C. Klopning, Weston. LABOR PARADE IS ABANDONED Various Causes Interfere with Program of Council Bluffs Unions. Several things happened yesterday morning to prevent the labor unions parading as arranged before boarding the cars for Omaha, where they joined in the celebration at Syndicate park. In the first place the band from Silver City, which was to have headed the parade, was two hours late in reaching here and the members of the labor organizations were not willing to march without music. Then the hour of the parade was about the time for the change in the shifts in the railroad yards and this prevented the members of the several organizations of railroad men from participating. The parade was accordingly abandoned and the various unions boarded the cars at Willow avenue and proceeded direct to Omaha. The band arrived in time to take part in the parade in Omaha. Labor day was generally observed as a holiday in Council Bluffs. Those of the retail stores which opened at all closed their doors at noon. Fairmont park was the objective point of the pleasure-seekers, while quite a large number spent the day at Lake Manawa. MANAWA KEEPS THE CUP St. Joseph Yacht is Defeated by Andover in Two Races, and Then Capsizes. The challenge cup presented by the motor company to encourage yacht racing at Lake Manawa will remain at home and will not go to St. Joseph. The wind was more favorable yesterday and two races were sailed, both of which were won by A. H. Dickinson's crack yacht Andover, which showed itself the fastest sailer with a good wind. In the second race Andover was favored, as it had the misfortune to capsize after turning the stake on the last leg. The boats were close together when the accident occurred, but it is doubt-

ful if it affected the result any, as Andover had each time on the last leg of the course distanced its rival. The first race was sailed in one hour and six minutes, being one minute over the original time limit and nine minutes under the extended time limit agreed upon Sunday evening. Andover came in two minutes ahead of the St. Joseph yacht, without taking advantage of its handicap of two minutes. In the second race Andover sailed the course in one hour, five minutes and fifty seconds, finishing alone. The capsizing of the St. Joseph yacht was due to the spinner pulling it over. The accident occurred just after the boats had passed the stake at the south corner of the course. The steam launch containing the judges at once went to the assistance of the crew, and several of the sailing craft which were following the racers. W. T. Van Brunt was much chagrined over the mishap to his boat, it being the first time it had ever capsized. He accounts for the accident by saying that the sails when a sudden gust of wind struck them, for which they were unprepared, and over the boat went. Mr. Van Brunt is a true sportsman and has not given up hope of being able to take the cup to St. Joseph. He proposes to sail another race in October, when he will bring a boat here built more on the lines of Andover.

HELD UP BY TWO ARMED MEN

Victim is Saved by the Timely Arrival of an Electric Car.

A man whose identity was not disclosed was held up by two men last night about 10 o'clock, at the corner of Twenty-first street and Eighth and Half avenue. The men were armed with revolvers, but their attempt to rob their victim was frustrated. Conductor Hatton of the Fifth avenue motor line on a return trip from the Union Pacific transfer, noticed three men standing under the trees at the corner of Eighth and Half avenue, and, thinking they were waiting for the car, signalled the motorcar to stop. As the car reached the spot Hatton noticed that two of the men had revolvers and they were pointing at the third man, being assistance at hand, the man who was being held up gave a yell as the car approached and made a rush for it, while the two thugs ducked into the weeds. The man who had been held up was almost paralyzed from fear when he got aboard the car, and it was some minutes before he was able to relate his experience to Conductor Hatton. He said he was walking north on Twenty-first street when the two fellows jumped out from the long weeds and each presented a revolver at his head, ordering him to hold up his hands. He complied with the demand and the fellows were about to go through his pockets when the car drove in sight. The victim of the holdup got out of the car at Pearl and Broadway without Conductor Hatton thinking of getting his name. Hatton reported the incident to the police and an officer was sent to the scene of the holdup, but the men had disappeared.

CITY COUNCIL WAITS AWHILE

Adjourns to Wednesday Night Without Transacting Any Business.

After the city council had been in session about half an hour last night the question was raised whether it had the right to transact business on a legal holiday, and there being some doubt in the matter an adjournment was taken to Wednesday night. The question was raised by Alderman Boyer, who said that City Solicitor Wadsworth had given it as his opinion that it was doubtful whether any action taken by the city council on a legal holiday would be binding or of force. In view of there being a doubt in the matter he suggested that the council adjourn until Wednesday night. Before the adjournment Colonel Charles R. Hannan, president of the First National bank, addressed the council in support of an ordinance he wished to introduce and which would give him the right to extend a window he proposed putting into the building at the northwest corner of Main street and Broadway, twelve inches into the street. The property is that recently purchased by Colonel Hannan and others from the receivers of the Officer & Pusey bank. Colonel Hannan said he intended putting a modern front in the building and practically reconstructing it. He exhibited plans of proposed improvements, but as the council adjourned no action was taken in the matter.

STOCK YARDS CHANGE HANDS

Report Confirmed that Those at Sioux City Have Been Sold.

SIoux CITY, Ia., Sept. 2.—(Special Telegram.) A circular received in Sioux City, signed by John C. Coombs, former general attorney for the Credits Commutation company, the report, printed two weeks ago, that the Sioux City stock yards had been sold, is officially confirmed. Mr. Coombs said the sale was voted some time ago at a meeting of the company in Indianapolis. The name of the purchaser is kept a secret, but it is rumored that some big packers are interested in the deal. Labor Day at Jefferson. JEFFERSON, Ia., Sept. 2.—(Special Telegram.)—Labor day was observed by the local Federal union and the local men. More than 100 members were in line. An address was given by Hon. P. E. Lilly of Denison. There was a foot ball game between Jefferson and Glidden. Neither team scored. Workmen Dig Up Body of Child. LEMARS, Ia., Sept. 2.—(Special.)—Workmen while digging dirt from the river bank in the north part of this city unearthed a coffin containing the remains of a male child. The police and coroner are making an investigation. Nothing is put in Cook's Imperial Extra Dry Champagne to make it ferment; the effervescence is natural; its bouquet unrivalled. Apportions Interest on School Fund. The auditor of state today made the semi-annual apportionment of the interest on the permanent school fund among the several counties of the state according to the school population. The permanent school fund now amounts to \$4,750,519.73 and this is distributed on the basis of 731,154 persons of school age in the state, as shown January last. The interest apportioned amounts to \$108,942.32. Only five counties were delinquent in their interest payments and the delinquency amounted to \$2,164.92. Two counties, Clinton and Scott, do not take any of the school fund to let out on interest. The state requires 1 1/2 per cent from the counties and they loan it to farmers on approved mortgage security at 7 1/2 and 8 per cent. Some of the counties make a considerable profit by loaning this permanent school fund. The apportionment shows that Winnebago county, for instance, makes a profit of \$3,485.34 a year by loaning more of the school fund in that county than is apportioned to the county. Other counties which realize handsomely on this form of investment are: Lyon, \$2,952.53; Osceola, \$1,508.86; Sioux, \$1,704.75; Wayne, \$1,532.19.

PLYMOUTH, \$1,502.86; DECATUR, \$1,476.03, and O'Brien, \$1,457.35. These are the amounts realized on the school funds loaned in excess of the amount due the counties. Following are some of the sums of the school funds loaned in counties in western Iowa: Pottawattamie, \$84,402.69; Shelby, \$22,319.49; Mills, \$45,968.85; Montgomery, \$45,772.23; Harrison, \$51,156.64; Fremont, \$50,914.96; Pake, \$77,518.44; Adams, \$35,649.74; Cass, \$57,702.70; Crawford, \$55,000; Moonan, \$31,192.60. Held for Attempted Assault. While the girl was on her way to Sunday school yesterday morning Ada Ware, a 16-year-old daughter of a farmer residing between Valley Junction and Commerce, near this city, was attacked by a gang of negroes and carried into the weeds, where an attempt was made to assault her. After most of her clothing had been torn from her body the girl escaped. Scratched and bleeding and nearly naked, she ran to her father's home, about half a mile distant, and told her parents of the outrage. The father, J. W. Ware, and his hired man, without waiting for other assistance, armed themselves with shotguns and started on a search for the negroes. Two colored men, believed to be a part of the gang, were found near the Rock Island railway tracks and taken to the Valley Junction jail by the farmers. It was about noon when the negroes were arrested. At 2 o'clock A. D. Ware went to the jail and positively identified one of them as her assailant. He gives his name as Seymour Washington and is a stranger to the community. He was taken before Justice Martin in the afternoon and bound over to the grand jury to await action on the charge of assault. Immediately after the preliminary examination yesterday the negro was brought to Des Moines, where he was placed in the county jail for safe keeping. Labor Day Exercises. Labor day was observed in Des Moines as a general holiday and there was a more complete closing up of business houses and factories than ever known before. In the forenoon the laborers paraded the streets with five bands. There were more than 3,000 men in line and forty different unions represented. It was the most successful labor parade ever given in Des Moines. In the afternoon John Collins of Chicago delivered an address at the state fair grounds on labor unions. This was followed by a program of athletic events participated in by representatives of the different unions. Wife of Convict Wants Divorce. Mrs. Frank Novak of Walford is preparing a petition for divorce from her husband, Frank Novak, the Walford merchant who is serving time on a conviction of murdering Ed Murray. He fled and went to Alaska and was followed there and arrested by detectives. He was given a life sentence. Now Mrs. Novak is said to want to marry a man who recently came to Walford with a carload of western horses for sale and put up at her hotel. Grand Lodge Date. The date for the grand lodge-meeting of the Knights of Pythias for next year was set by Grand Chancellor Porterfield of Atlantic, after consultation with committees in Des Moines, for October 6 to 9. This will be at the same time as the fall carnival by the business men of the city next year, but will be much later than it is usual to hold the grand lodge meetings. Des Moines Hunters Go Out. Large numbers of Des Moines hunters went into the northern and western part of the state yesterday and today, at the opening of the shooting season. The usual report of plentiful game comes from the rural districts. Attempt at Jail Delivery Fails. RED OAK, Ia., Sept. 2.—(Special.)—A clever attempt at jail delivery failed Saturday evening because one of the prisoners sold the sheriff of the plot. Arnold Thiele, the 35-year-old son of G. S. Thiele, held in the grand jury for the murder of his divorced wife at Villisca last June, passed a saw and steel pick through the jail window about 9:45 Saturday evening. Deputy Sheriff O. E. Jackson was lying in wait and when young Thiele got out of the arcaway he was placed in jail. Had Thiele secured the tools intended for him he could have easily made his escape. Thiele will probably be tried at the October term of the district court. His son will have to answer the charge of assisting a prisoner to escape.

WOMEN

Every physician of large practice has had the experience of being called on to attend women who imagined that they were in the last stages of some dire female malady, when upon examination the fact was revealed that obstructed physiology of the stomach or bowels was the whole cause of the trouble. The physician, however, who has not had experience may fall into the error of diagnosing grave diseases of the female system when they do not exist, because disorders of the bowels may be neglected until they give many of the appearances of female disease. The bowels have been known to become so clogged with hardened contents as to produce a condition closely resembling uterine displacement, uterine prolapse (falling of the womb) and the sick headache which is often attributed to female diseases is most often actually due to some trouble in the digestive machinery involving the liver, stomach, bowels or the great "Solar Plexus," which is the central telegraph station from which nervous messages are transmitted to and from all the organs in the abdominal cavity.
