BOSTON, Sept. 2.—Pittsburg won by timely hitting in the afternoon game. Doheny was an enigma for Boston, striking out ten of the local batsmen and holding the team to three scattered hits. Fred Clarke of the visitors made one of the finest catches ever seen on the local grounds. In the ninth inning Demont hit a low fly to short left. Clarke, after a twenty-yard sprint, dove forward, rolled over and came up with the ball. Attendance, 8,000. Score:

BOSTON, Sept. 2.—The Pittsburg Nationals won the morning game by bunching hits in the third and fourth innings. Inability to bat when men were on bases caused Boston's defeat. Attendance, 4,500. Score:

Brooklyn Improves Its Only Chance.

BROOKLYN, Sept. 2.—Only one National game was played here today, the morning game being declared off because the St. Louis club was delayed enroute by a washout at Cleveland. The afternoon game was a hot-fought, hard-hitting contest. Heidrick made a three-bagger with the bases full in the seventh and scored himself on a long fly. Nash was roughly used by Madden because of a close decision at second, but the police were not needed. Two games will be played tomorrow. Attendance, 9,000. Score:

Phillies Do It with the Stick.

PHILADELPHIA, Sept. 2.—The Philadelphia Nationals won the afternoon game from Cincinnati by opportune hitting. With the exception of the third inning, when Phillips was touched up for five hits, both pitchers did good work. The fielding of the teams was excellent. A great one-hand stop by Cross was the feature of the game. Attendance, 9,335. Score:

Tossup for New York and Chicago.

NEW YORK, Sept. 2.—The New York and Chicago Nationals broke even today. In the first game the New Yorks, by making their hits follow the errors of Boyce, Dexter and Hartsel, won easily. In the second game the locals were unable to hit the pitching of Eason. Twice chances were offered to tie the score, but the necessary hit was wanting. What chance the New Yorks had of scoring in the eighth inning was lost through stupid base running by McBride, who tried to score from second on a scratch infield hit. Strang's clean home run drive saved the New Yorkers from a shutout. Hickman put up a steady game after the second, not a Chicago player reaching second during the last seven innings. Hickman's bad throw in the second aided the Chicagos to score two runs. Attendance, 9,800. Score:

Boston's Support Wins It.

CLEVELAND, Sept. 2.—The afternoon American league game was a pitchers' battle between Young and Bracken, in which the veteran won out by reason of receiving better support, as the youngster pitched a strong game. Cleveland narrowly escaped a shut-out, Parent's error being responsible for their lonely run. Score:

ADVISES TURK TO SETTLE

Sultan Appeals to Germany for Assistance in French Affair—Gets Some Advise.

CONSTANTINOPLE, Sept. 2.—M. Bapst, councillor of the French embassy, and the other members of the embassy staff, took the guardship Vautier on an excursion upon the Sea of Marmora in order to avoid dressing the vessel as the other warships in the harbor were dressed in recognition of the anniversary of the sultan's accession to the throne, which was celebrated yesterday. The members of the embassy did not participate in the congratulations of the diplomatic corps, nor was the embassy illuminated.

The Turkish officials received only 40 to 60 per cent of their salaries on the anniversary of the sultan's accession.

The report that the sultan has appealed to Germany to use its good offices to settle the dispute with France is confirmed. Germany, it is understood, will advise the porte to settle with France as soon as possible.

PARIS, Sept. 2.—Minir Bey, the Turkish ambassador to France, has returned to Switzerland, where he will remain until the controversy between the two countries shall have been settled.

PARIS, Sept. 2.—The result of Munir Bey, the Turkish ambassador to France, coming to Paris, in spite of the rupture of Franco-Turkish relations, and holding a fete, in the most open way at the Turkish embassy yesterday, in honor of the anniversary of the sultan's accession to the throne, has been that the French government sent him, the same afternoon, a request to leave France immediately, and Munir Bey departed for Switzerland that evening.

Advices received here from Turkey indicate a disquieting international situation. Disorders and military uprisings are reported in Armenia, Macedonia and the neighborhood of Mecca. The son of a high functionary was carried off by brigands near Adrianople, who fought a bloody engagement with the troops sent against them.

A dispatch from Salonica says that Nouri Bey, aide-de-camp of the sultan, who was sent to investigate the brigandage in Albania, has been killed by the Albanians.

It is also said that the Turkish troops at Prisrend, Albania, and Uskub, are rioting because they have not been paid.

M. Constans, the French ambassador to Turkey, had another conference with the French minister, M. Delcasse, today. The government of France has determined to compel Turkey to fulfill its entire obligations. Unless the sultan yields shortly he will find the bill against him increased by a number of other outstanding claims of Frenchmen which will make an appreciable addition to the sum now demanded.

CATTLE—There was one of the heaviest runs of cattle here today of the season and as there were liberal receipts at other markets as well the tendency was for packers to get their supplies for less money. Chicago was reported 10@15c lower and the trade at this point was in much the same condition, which made the market a little slow.

Corn fed steers were rather scarce today, as nearly everything offered was from the range. The better grades of corn cattle could be quoted about steady today, but the commoner kinds were neglected and probably a dime lower. The light supply soon brought the trade to a close.

There were a good many cows in the yards this morning and buyers succeeded in getting their supplies a little lower. Some of the best grades sold about steady, but the general run of cattle were 5@10c lower and in some cases more.

Bulls, calves and stags all sold a little lower unless in the case of something choice.

Stockers and feeders were in liberal supply today, but buyers took hold in good shape and bought up the better grades at steady to stronger prices as compared with the close of last week. There were a good many cattle carried over from last week, but a better demand is looked for this week. The heavyweight cattle in particular were wanted today and where the quality was satisfactory they sold without difficulty. The common kinds of stockers were not in as good demand and in a good many cases sold lower than they did last week.

The bulk of the receipts today were made up of western range steers that were good enough for killers. Owing to the drop in prices at Chicago, amounting to 10@15c, packers took off about that much at this point. Sellers were holding for steady prices and in some instances the better grades brought right around steady prices, but as a rule they were lower and the market rather slow. Cow stuff also sold fully 5@10c lower, while good feeders were steady to strong and common stuff slow and weak. Representative sales:

HOGS—There was a light run of hogs here today for even a Monday, but packers did not seem to be particularly anxious for supplies, and as a result they started out bidding a little lower than Saturday's market. Sellers, however, held on for more money and packers finally bought what was offered at close to steady prices. The general run of hogs sold at $6.10 and $6.12½, while the choicer grades went largely from $6.15 to $6.35. The quality of the hogs today was not as good as on Saturday, which makes the market look a little lower on paper than it really was. The commoner kinds were hard to dispose of, as none of the packers seemed to want them. The market was not particularly active, but still about everything was sold in good season. SHEEP—There were liberal receipts of sheep at this market today, as well as at other points. Reports were not very favorable to the selling interests, Chicago being quoted 10@25c lower. The demand here, however, was in good shape for both ewes and wethers, and just about steady prices were paid for the better grades. The less desirable bunches were, of course, a little slow and weak.

The lamb market was not in as good shape as the sheep market. It was rather late before many had changed hands and the prices paid were fully a dime lower, and in some cases more. Common stuff, in particular, was hard to dispose of at satisfactory prices.
