

Boston Store Mill-End Sale

The great Lockhart "MILL-END" SALE at Boston Store was born to victory. The reward of a thing well done was never more thoroughly demonstrated. This is the third time Mr. Lockhart has visited Omaha with his sales and this is the greatest sale ever held in Omaha. Crowds like multitude upon multitude surged here today and yesterday. What shall we say? Simply give credit where credit is due. The people crave a sense of reality. They like enthusiasm and vigor. It's apparent on every hand the moment you enter the store that this is no thin masquerade, light as air, for you tread in the midst of solid mountains of new "MILL-END" merchandise, all priced so remarkably low that the people are anxious to buy them. Mr. Lockhart could not come a thousand miles for a couple of days. This Mill-End Sale will continue all week. Every day new lots of goods will be added as fast as selling space will be found for them.

GROCERY FOR COLORED FOLKS

Co-Operative Establishment to Be Started in This City.

MASS MEETING AT THE COURTHOUSE

Idea is to Obtain Household Supplies at Lowest Rates and Also to Provide Employment for Youth of the Race.

A co-operative grocery store by and for colored citizens is one of the latest proposed business enterprises in Omaha.

Preliminaries in this direction are now under way, and plans are rapidly crystallizing.

The object is declared to be not only to obtain groceries at less cost, but also to give employment to members of the colored race. It is to be a store big enough to supply all the wants of the entire colored population of the city.

For some time the colored people of Omaha have had under discussion the advisability of establishing a co-operative grocery store, their object being, not only to get their groceries at less cost, but also to furnish employment for the girls and boys. Their argument is that they have been spending their money with the different grocery stores in Omaha, where white help is employed. If a colored concern is established, the men in charge would be colored, the clerks would be colored and the stock would all be owned by colored people.

The discussion came to a head last night, when seventy-five representative colored men met in district court room No. 1 to discuss ways and means to establish the store.

The meeting was at the instance of Rev. John Albert Williams, H. M. Duncan, J. A. Hardy and W. N. Cannon. H. M. Duncan was elected chairman and Edward Turner secretary.

Said one member of the organization: "It is our intention to start a co-operative grocery store. It has never been attempted here, but we believe it will be a success. We intend to put up the necessary money to carry a large stock and we shall employ our own boys and girls as clerks. We hope to better the condition of the colored people of Omaha. The store will be run for the benefit of all of us."

Several speeches were made in favor of the proposition and all were well received. A committee on plans was appointed to report at the next meeting. It is the intention to have the store in operation by the first of January. The date of the next meeting is at the discretion of the chairman.

Everyone present was heartily in favor of the store and believes that it will be a reality.

One prominent colored man who was present said: "The store will furnish us a place for our girls and boys. It will make them ambitious and independent. The store being solely for the colored people, we expect the support of every colored man in Omaha. It will certainly be a success."

CITY COUNCIL PROCEEDINGS

Mayor Vetoes Two Resolutions for Exemption from Permanent Sidewalk Improvements.

The city council held a short meeting last night at which nothing but routine business was transacted.

Mayor Moore returned a resolution, extending lots 109 and 110 of Nelson's addition from the provisions of the permanent sidewalk ordinance, without his approval for the reason that the lots are situated

on Cuming street and should have permanent walks. It was adopted over the veto by a vote of 7 to 1.

The mayor also returned a resolution of the same kind, excepting the property at the northwest corner of Twenty-third and Cass streets, without his approval and sent three photographs showing the condition of the wooden walk surrounding the property. The veto was sustained by a vote of 7 to 1.

Councilman Hoye presented a concurrent resolution, which was adopted, directing that the city prisoners be kept at work cutting weeds around the school houses and public buildings under direction of the mayor and Board of Public Works.

TO DETERMINE JURISDICTION

First Step in the Prosecution of the School Board Cases Postponed Until Tomorrow.

By agreement of Attorney Herring, representing the school board, and Attorney Morgan, deputy city prosecutor, the discussion before Judge Gordon as to the jurisdiction of the police court in the school board cases, has been postponed until 2 o'clock Thursday afternoon. The discussion was set for yesterday afternoon, but was not taken up because the attorneys were busy with other matters.

No Relief for Twenty Years.

"I had bronchitis for twenty years," said Mrs. Minerva Smith of Danville, Ill., "and never got relief until I used Foley's Honey and Tar, which is a sure cure for throat and lung diseases."

PERSONAL PARAGRAPHS.

W. E. Mills of Lincoln is at the Her Grand.

J. R. Wilson of Papillion is at the Murray yesterday.

G. A. Henry and wife of Fairbury are guests at the Her Grand.

H. A. Stewart, the creamery man from Norfolk, is at the Murray.

J. M. Sewell, one of Hastings' prominent citizens, stopped at the Murray yesterday.

Con Kirk of Columbus is at the Murray.

A. H. Allison of Norfolk was at the Murray yesterday.

N. Fry, a merchant of Norfolk, was in the city yesterday buying fall goods. He registered at the Murray.

Among the Millard guests yesterday were: D. A. Beahm, Nebraska City; L. W. Cully and wife, Beatrice; G. E. Jenkins, Fairbury; E. R. Stephenson, Lincoln; Henry Archer, Beatrice.

Among the Nebraskans registered at the Merchants last night were: M. S. North, Beatrice; Charles Flick, York; E. W. Flick, Ashland; E. R. Warren, North Platte; S. C. Wisdom, A. Moore, Salem; F. W. Scovel, Hartington; J. C. Schell, Beatrice; T. R. Warner, Lincoln; E. H. Wyatt, David City; John Wilson, Kearney; W. J. Heintzman, Beatrice.

LOCAL BREVITIES.

James Donahue, detective, returned last night from Los Angeles, Cal., bringing with him Frank E. Fawcett, the World-Herald collector, who, it is alleged, left several months ago with \$200 belonging to that paper.

The explosion of a lamp at the home of James H. Donahue, 225 South Fifteenth street, caused a small fire last evening about 7 o'clock. Mrs. Donahue has a small lamp burning with gas, which she supposed was kerosene. Very little damage was done.

Rubbish in a wagon back of Bennett's store at Fifteenth and Capitol avenue caught fire this morning at 12:19 o'clock. The smoke was so dense that it looked as though the entire store was on fire. The department extinguished the flames and no damage was done.

Thieves, with more regard for bulk than value, made away with ten piano boxes which were stored in the rear of Schmolzer & Mueller's store, 123 Farnam street. The boxes are valued at \$25. The theft is supposed to have occurred either Sunday or Monday night.

AFFAIRS AT SOUTH OMAHA

Mayor Makes an Attempt to Cut Expenses of the Street Department.

VETOES A PAIR OF RESOLUTIONS

Council Sees Through the Mayor's Glasses and Votes to Sustain One.

Veto-School Board Discusses Coal Contracts.

Mayor Kelly made an attempt last night to shut down on expenses in the street department by sending in a couple of veto resolutions regarding the grading of the street. The members of the council looked at the matter through the mayor's glasses and voted to sustain the veto. There was another veto, however, which was not sustained. It was the resolution of Martin's to expend \$108 in placing certain portions of Y street in a passable condition. The council said that he was aware of the condition of the street, but he did not deem the expenditure advisable at this time. When put to a vote this veto was not sustained.

Assistant Chief Holland reported that he had installed hose company No. 3 in the new house in Brown Park. He also reported that the weeds here of the condition of the street, but he did not deem the expenditure advisable at this time. When put to a vote this veto was not sustained.

A couple of dozen taxpayers asked that the water hydrants be extended in the northwestern part of the city. The matter is to be taken up shortly as three additional hydrants will be placed in each of the six wards and the location of the hydrants will naturally extend the mains, so that city water can be secured by residents.

A petition for the grading of Twenty-second street, from 8 to U streets, was presented in the new form and referred to the street and alley committee.

City Attorney Lambert was instructed to draft an ordinance declaring Twenty-third street from the city limits on the north to J street on a boulevard.

The property owners on this street hope to improve the appearance of the street by moving and it is expected that the council will carry out their wishes.

On account of the negligence of bidders the city clerk will advertise for bids for the laying of two board wooden sidewalks.

One really important matter was taken up when the question of compiling the city ordinances was suggested by Vanant. The result was that a committee, composed of Vansant, Johnston and Martin was appointed by President Adkins to arrange for the compilation and employ a competent attorney to do the work. This committee will get to work at once as it is prepared to have the revised ordinances and the new charter printed in book form for the use of the city officials and others.

Upon motion of Miller the city engineer will establish the grade on L street from the Burlington tracks to the county line.

A fire alarm box is to be placed at the intersection of Twenty-third and Cass streets as an arrangement which has been made.

The plan of Nicholas addition to South Omaha as submitted by the city engineer was approved.

Several ordinances providing for street improvements were introduced and referred to the judiciary committee.

SCHOOL BOARD MEETS

The letting of contracts for coal for the school houses occupied the attention of the Board of Education for a time last night. At the bidding were so close together the board decided to distribute the contracts and all of the local companies received orders for about 200 tons of soft coal. The price to be paid averages \$3.19 per ton.

After some discussion a motion prevailed compelling all teachers in the public schools to reside in South Omaha.

At the suggestion of Superintendent McLean all teachers will meet at the High school building on Saturday morning at 9 o'clock.

Hon. David Anderson appeared before the board and complained about the employment of certain teachers who are considered incompetent. Mr. Anderson appeared before the board as a representative, he said, of a couple of dozen heavy taxpayers and he had along with him a list of teachers who, in his opinion, were not competent to teach.

Among "Uncle Dave's" assets was a list of the teachers and a letter from the county attorney regarding the payment of money belonging to the school district for teaching. According to the county attorney teachers must have a certificate from a county superintendent or a state normal school, or a certificate from the state superintendent. It was stated further that the Board of Education has no right to grant certificates to teachers who failed to pass the teachers' examining board. A special meeting of the board will be held on Friday night of this week to determine what action shall be taken on the complaint of Mr. Anderson. If Mr. Anderson has his way fifteen young women who have been assigned to the schools on the teachers' list will be dismissed. Members of the board are inclined to think that Mr. Anderson has been misinformed as to the standing and capability of some of the teachers he has on his list.

Superintendent McLean reported that the school buildings were all in shape and that the schools would open as per schedule on September 9.

New Addition Platted.

A new addition to South Omaha has just been platted and lots will be placed on sale shortly. This property is the ten-acre strip on the west side of Thirtieth street between N and Q streets and just east of Linwood Park. City Engineer Beal has been working for several days on the plat and as soon as the maps are completed the property will be offered for sale. Several well-known business men are interested in the venture.

Additional Fire Company.

Yesterday afternoon Assistant Chief Holland of the fire department installed Hose company No. 3 in its new house at Twentieth and B streets. While all of the belongings are not here yet, the company is in service and will answer all runs. J. J. Buckley is captain of the company and James Babbits and Geary Beadle compose the crew. Chief Holland has directed that all three companies answer all alarms for the present.

Fixing Twelfth Street.

City Engineer Beal is giving his personal attention to the work being done on Twelfth street. The top of the hill near J street is to be taken down about five feet and when this is done the grade to the river road will be lessened greatly. By the latter part of the week the new road will be ready for travel and teams can get to and from the ferryboat without any trouble.

Ryan Plays Alone.

Local democrats are still fighting for the official shoes of Tom Hector and all sorts of stories on the various candidates are being set afloat. The latest was sprung yesterday when J. Ryan was named.

CHUN SEES KAISER TODAY

China's Apologist to Have Practically Private Audience.

SEEMS ANYTHING BUT A GERMAN VICTORY

Celestials Have Finally Gotten Their Own Way About the Ceremonies and Robbed Them of Any Impressiveness.

POTSDAM, Sept. 3.—Prince Chun arrived here today. It is said that Emperor William will receive him in the new palace tomorrow.

Kien-kiang, the new Chinese minister here, will act as interpreter. No other Chinese will be present. The emperor will not receive the other members of the mission.

Prince Chun will lodge as Emperor William's guest for two days at the orangery of the palace at Potsdam. It is expected that Emperor William will pay no further attention to Prince Chun after his majesty has received him in audience.

BERLIN, Sept. 3.—The correspondent of the Associated Press learns that Baron Herr Richthofen, the foreign secretary, will assist Emperor William at the reception of Prince Chun, the Chinese envoy. Count von Buelow will not be present.

It is considered here that the settlement of the Chun difficulty marks another success for Chinese diplomacy. A semi-official intimation has been conveyed to the press that the government waived the petition for forgiveness owing to a desire not to place China in the attitude of having recognized an assassination. Stress is now laid on the address which Prince Chun will read to Emperor William. Nevertheless the exploratory mission has become shorn of all semblance of a national spectacle illustrating German imperial supremacy and has been reduced to a private reception of a rather unwelcome envoy, who has had matters all his own way regarding the performance of his errand. As a matter of fact, the government now seems anxious to get rid as quickly as possible of the exploratory mission, and the probabilities are that the mission will leave Berlin soon after the audience.

The flush of satisfaction at being rescued from an awkward situation having passed, the press and public now vent their spleen on Count von Buelow. The Pan-German papers are particularly bitter. They deride the imperial chancellor with a lack of stamina.

Chinese Envoy Will Come West.

BASEL, Switzerland, Sept. 3.—Prince Chun's first invitation to visit foreign governments was from the United States, followed by invitations from Italy, Belgium, Great Britain and Japan. They have all been accepted.

It is expected that Prince Chun will stay a fortnight in Berlin and then return to Italy, whence he will proceed to Belgium and England, going home by way of the United States and Japan.

Fat Hogs at Wymore.

WYMORE, Neb., Sept. 3.—(Special.)—Charles Luster, a farmer six miles east of town, brought two hogs to market today that netted him \$62.10. The hogs were a year old in July and weighed 1,925 pounds.

Indiana Miller for Treasurer.

Charles E. Miller's candidacy for county treasurer was given the endorsement of fifty of his Ninth ward friends at a meeting at the Millard hotel Tuesday night.

There's nothing so bad for a cough as coughing!

There's nothing so good for a cough as Ayer's Cherry Pectoral.

You can cough yourself right into bronchitis, pneumonia, or consumption. Ayer's Cherry Pectoral quickly cures new coughs; old coughs, also, even the old, settled coughs of bronchitis. Your doctor will tell you more about this.

"I had a fearful bad cough which made me very sick. I began to take Ayer's Cherry Pectoral. In a few hours the pain left my breast, and soon the cough stopped."—Joe Carter, Little Rock, Ark.

All druggists. J. C. AYER CO., Lowell, Mass.
