There are two important questions before the encampment which seem to be very much matters of uncertainty-the choice for commander-in-chief and the location of the next national encampment. On the latter pointments have been made for the different point the Denver delegation will present a resolution adopted at Colorado Springs, Auof the First church in Deadwood, appointed gust 2, 1901, to the effect that if the na tional officers decided to give the next encampment to Denver the Department of Colorado and Wyoming will do all in its power to make it a complete success. On the choice for commander-in-chief the

fight is very uncertain. The friends of General Torrance of Minnesota are hopeful that a deadlock may ensue between Generals Stewart and Sickles and thus enable him to be the successful candidate. How Torrance May Get It.

If there is no selection on the third ballot General Torrance, his friends claim, has a fine show. Missouri is for Sickles, with Torrance second choice. Pennsylvania is united on General Stewart. The result of tonight's New York caucus was a split, with nineteen for Sickles. Kansas voted for Sickles. Illinois is said to be divided. Maryland, California and Vermont are noncommittal and a Maine delegate said General Torrance was favorably considered nineteen for Sickles and seventeen for Stewart

NEW YORK, Sept. 11 .- The Mail and Express says: Although some bankers expressed opinions today that Secretary Gage would not receive large offers of government bonds under his call for \$20,000,000 with a view to buying such as do not have too high a price affixed to them, it was definitely learned that amounts aggregating between \$8,000,000 and \$10,000,000 will be offered to the Treasury department at such rates as will, in the opinion of competent authorities, be accepted by Secretary Gage.
