of Trade. SLIGHT NERVOUS ACTIVITY IN CORN

December Wheat Closes Higher Than Yesterday-Oats Arc Dall and Fentureless-Provisions Stendy with Moderate Trade.

CHICAGO, Sept. 12.—Grains in general were quiet on the Board of Trade today, with a little nervous activity in corn as the only feature. December wheat riosed 4c higher than yesterday, December corn was up \$675c and December oats \$c higher. Provisions were rather steady, but closed 5670c higher.

up %215c and December outs 5c higher. Provisions were rather steady, but closed 5470c higher.

December wheat opened rather steady at 7055c, 5c under yesterday's close on lower cables, large receipts, moderate clearances and indifferent cash demand. Local traders, however, played some part and on buying out of the shorts and a fair commission house demand at low figures the price fluctuated narrowly till it touched 704c, where it closed. Receipts were 208 cars. 6 of contract grade. Minneapolis and Dullith reported 745 cars, making a total for the three points of 554 cars, against L081 last week and 746 a year ago. Primary receipts were 1,455,246 bushels, against L011.727 a year ago. Shipments were 751,125 bushels against 245,558 last year. Twenty loads were taken for export and the clearances of Atlantic and gulf ports in wheat and flour equaled 25,564 bushels.

Core had something of a nervous, active market, which opened higher on fear of frost in the northwest. December opened unchanged to 5c higher at 555074c, but was depressed by large afferings by the same crowd of longs who said yesterday. The price slipped back by degrees till it reached 5575c on a little nervousness and en a report of some cash demand the certain firmed up well till it stood 5575c better than yesterday's close at 5750575c. Receipts were 252 cars.

Outs bad a dull and featurcless market.

cepts were 252 cars.
Oats had a dull and featureless market.
If inclined to follow corn, but flictuating only narrowly December opening very quiet and unchanged at 259.25%. There was little outside trade and but scattering demand, which made the highest price for the session 25%, where it closed. Receipts

There was moderate trade in provisions, There was moderate trade in provisions, with a firm undertone on demand for cash lard and ribs, buying by Cudahy being most prominent. January pork opened 25g G5c down at \$15.70 mio. 5.721g, was lowest at \$15.70 and closed firm at \$15.80. January lard opened 25g under yesterday at 25.124 and at one time touched \$5.10, but closed firm at \$9.174. January ribs opened 25g under vesterday at \$9.174 and firmed up to \$5.15, closing firm at \$8.124g/85.15.

Estimated receipts for tomorrow: Wheat, 120 cars; corn, 220 cars; oats, 125 cars; hogs, 20.000 head.

Week's Cash Movements.

NEW YORK, Sept. 12.—The news from Buffalo was practically eliminated as an influence from the stock market today for the first time since the event of last Friday. The coming bank statement began to loom big on the horizon of tomorrow's pre-iminary figures of the week's cash movements will allow some estimate of what the showing will be. In the item of loans, however, the statement itself on Saturday will have to be awaited. Apparently there can be no escape from a weak statement on both scores. The banks have lost cash on the interior movement during the week, but the drain to the subtreasury has been sensibly diminished. Large payments have been made to the banks on account of Australian and Klondike gold and the diversion of internal revenue receipts into bank deposits is apparently begining to affect the account with the government institution. The increase in the subtreasury is to be distributed allows of the payments to the government are made in New York and consequently they will be deposited temporarily in New York banks having what are called live accounts with the government and so may affect the showing of the banks this week.

The acceptances by the secretary of the treasury of tenders of government bonds treasury of tenders of g

having what are called 'live accounts' with the government and so may affect the showing of the banks this week.

The acceptances by the secretary of the treasury of tenders of government bonds were not known until after the market closed today and the payment for these bonds are too late to figure in this week's bank statement anyhow.

Yesterday's feeling of skepticism of the efficacy of this measure to give such relief to the money market as would benefit speculation in stocks was deepened today and the additional sharp rise in the bid prices of government bonds on call increased the doubt as to tenders being made at prices which the secretary would be inclined to accept in any large amount. The expressed unwillingness of the secretary to offer any considerable bonus to owners of bonds to induce them to sell influenced this feeling, which was a considerable factor in the heaviness and uncertainty which pervaded the market all day. The St. Paul dividend episode was disconcerting to a part of the speculators who had made very confident predictions of an increase in the dividend and had bought stock on the strength of their belief. Their most plausible argument was that at the time the St. Paul authorities rejected the offer from Northern Pacific, which was afterward accepted by Burlington, advances were given to stockholders that they would fare as well as though the offer had been accepted. Republic Steel was particularly weak as an after effect of the poor showing of the annual report, and Amaigamated Copper was conspicuously under pressure all day. Sugar was sold ostensibly on a good product canning season. Other prices of any considerable extent were in stocks of little prominence.

NEW YORK, Sept. 12.—The following are the closing quotations on mining stocks:

LONDON, Sept. 12.—Money was in improved demand today, partly in connection with the settlement, and supplies were abundant. There was less apprehension of early shipments of gold to New York in view of Secretary Gage's action in offering to buy £20,000,000 of outstanding government bonds. Prices on the Stock exchange were steady and business was inactive. Consols were firm and had a better tone. As the traffic returns show some improvement of trade there was an inquiry for home rails, which afterward reacted. Americans opened dull in sympathy with New York, especially Denver, but later they hardened. St. Paul was steady, operators waiting the expected dividend announcements. Transactions were limited. Prices closed steady, Kaffirs were harder, operators awaiting the outcome of Lord Kitchener's proclamation. The Bank of England has advanced its selling price for American eagles a farthing to 78s 9d. A rumor on the Stock exchange today that General Botha had resigned his post of commander-in-chief of the Boer forces caused a rise in Kaffirs. Gold premiums at Rome, 3.88.

NEW YORK, Sept. 12.—COFFEE—Spot Rio, steady; No. 7 invoice, 54c. Mild, quiet. The market for futures opened steady, with prices 5 points higher, as a response to favorable European cables, local built support and a smaller movement in the crop district. Brazilian market news was bearish, but was offset by an advance in Rio sterling exchange. Local business was light and foreign houses bought sparingly, chiefly for professional account. Spot raled dull at nominally unchanged prices. In the late afternoon the local market eased off under realizing, the final tone being quiet and prices net unchanged to 5 points higher. Bank of England's reserve to liability is \$2.73 per cent. Last week it was \$5.30 per cent. Rate of discount unchanged at 3 per cent. Rate of discounted increase on the good news received concerning the health of President McKinley. Later prices became mirm. Banks were weaker. Rents were firm. Spanish rails and Spanish 4s were adversely affected by the continued rise in exchange. Russians were favored. Riot tintos were firm. Kaffirs opened calm, later became more animated and closed firm. After the close of the bourse Kaffirs again advanced. Toward the close of the market there was some realization, principally in industrials. Thomson-Houston and Metropolitans. The closing was dull. Three per cent rentes, 101 f 85c for the account; exchange on London, 25f 21½c for checks; Spanish 4s closed at 71.15. The weekly statement of the Bank of France shows the following changes: Notes in circulation, decrease, 29.800.000 francs; gold in hand, decrease, 13.855.000 francs; lills discounted increase, 19.200,000 francs; sold in hand, decrease, 19.200,000 francs; lills discounted increase, 19.200,000 francs; lills discounted increase, 19.200,000 francs; lills discounted increase, 19.200,000 francs; lills discounted increase and sold for the discounted increase and sold for the discounted increase and sold for the discounted increase and sold for t

but stockers are now selling freely where they show quality.

About the only western steers offered on the market today that were good enough for killers was a shipment from Belle Fourche, S. D., consisting of 22 cars. The cattle were in good condition and as packers all seemed to want them they sold at very satisfactory prices, as compared with the way other cattle have been selling. Range cows were active and strong to a dime higher and the same can be said of stockers and feeders. Representative sales:

here again today, but as other markets were quoted fully ac lower. The trade at this point started out on a basis of just about a nickel decline. Packers wanted to buy their hogs at from \$6.12½ to \$6.37½ and a few loads sold that way. Soliers, however, were pretty firm in their views and finally packers raised their bids and the market took on more life and kept getting better as the morning advanced. The bulk of all the hogs went from \$6.35 to \$6.40 and on the close the market was just about steady with vesterday, the decline of the morning being regained. It was a good brisk market after trading was fairly under way and everything was disposed of at an early hour. The general market today averaged only a shade under yeaterday. Representative sales:

LANSING, Kan., Sept. 12.-Jessie Morrison, who was sent to the penitentiary here for five years for killing Mrs. Clara Wiley-Castle, her rival, at Eldorado by cutting her throat with a razor, was released today. She appeared well and happy, and alone boarded a car for Excelsion Springs, Mo., where she will join her brother before going home to her parents. Miss Morrison was released on bond pending an appeal of her case to the state supreme court and to a reporter today

"I expect never to go back to the penitentiary. I did not expect to stay there as long as I did. It has been a long and wearisome fight, but it will come out all

Miss Morrison was convicted at her second trial and has been in Lansing for two months.
