

GRAND OPENING SALE NEW FALL SHOES

BOSTON OMAHA STORE

J.L. BRANDEIS & SONS.

61 DOUGLAS

Infants', Children's and Misses' Shoes.

For the opening we show all the best and newest styles of shoes for girls' school wear, for party wear and dress wear. We are especially strong in children's shoes—we warrant every pair that goes out of our house, and we will show you more different styles than anybody else. We can fit every foot, and we fit every foot properly. Prices range from 50c to \$2.00. The qualities are higher than anybody else carries and our prices are very much lower.

Men's Shoes at \$3, \$4 and \$5 Pair

Everything that is new, everything that is good in style, velvet, calf, willow, calf, box calf, ideal kid, corona kid, patent leather and enamel, drill lined and leather lined. We positively guarantee the leather, the fit, the workmanship and the wear of these shoes in every possible way. There is nothing new, nothing better in the way of shoes to be bought anywhere.

At 98c, \$1.25, \$1.59, \$1.98 and \$2.98

For those who want shoes for less money we offer some splendid values for the above figures. We guarantee every pair of shoes we sell, no matter how little we sell them for. And we will sew any rip free of charge, no matter if you have worn the shoes six months or a year.

BOYS' SHOES

We are showing all the new styles of boys', youths' and little girls' shoes for school wear and for dress wear. Every pair absolutely guaranteed. They come in calfskin, kid, kid, velvet calf and box calf, in single, half double and full double soles. Prices range from 89c to \$1.25, \$1.50, \$1.75, \$2.00, \$2.25 and \$2.50

Ladies' Patent Leather Shoes, Ideal Kid Shoes, Corona Kid Shoes and Enamel Shoes.

All the latest styles in Ladies' bright leather shoes, in all the new toes and new heels, in every weight of sole, commencing in price at \$1.98 and from that to \$2.50, \$3.00, \$3.50, \$4.00, \$4.50 and \$5.00 a pair.

Ladies' Louis Heel Shoes.

We are showing this fall all the swell dress shoes with Louis heels, beautiful hand turn soles at hand welt soles, no finer shoes than these were ever brought to Omaha, prices range from \$3.00 to \$8.00 pair

We place on sale today for the opening over 6,000 pair of ladies' fine sewed shoes, in lace and button, in black and a beautiful shade of winter tan. These shoes were made to sell this fall at \$3 and \$4 a pair. We have every size and every width in each style and there are 42 styles, in all the different weights of sole, medium, light and heavy, plain or patent tipped toes, not an old style in the lot—every one of them made for this fall's trade. Take your choice during the opening sale **\$1.98**

Another special offering for the opening is about 2,000 pair of ladies' extremely fine welt and turn sole shoes, made by the finest shoe makers in America—regular selling price of these shoes would be from \$4.50 to \$5.00 pair—our special opening price will be \$3.00, \$3.50 and \$4.00.

CARNIVAL IS ON AT NIGHT

Rain Ceases Late in the Afternoon and Large Crowds Visit the Grounds.

BANDA ROSSA CONCERT THIS MORNING

Special Complimentary is to Be Tendered by Signor Sorrentino—Gloom on Account of Presidential Tragedy—Children's Day.

After a day of drizzling, gloomy rain, the sun shone out late in the afternoon yesterday and gave new promise to the Ak-Sar-Ben carnival, the progress of which had been materially interfered with on account of the bad weather.

The appearance of the sun was the signal for crowds to go to the carnival last night and the evening program was carried out without interruption. There was, however, no merry-making on the grounds and the dying condition of President McKinley was talked about in subdued tones, almost to the exclusion of all other topics.

While the rain was spitting down in the afternoon, Superintendent Getz arranged for a Banda Rossa concert in the Boyd theater and announcement to that effect was sent out. The sudden cessation of rain changed this plan, however, and the concert was given on the carnival grounds.

Special Morning Concert.

Signor Sorrentino has consented to give a special concert this forenoon at 11 o'clock in addition to the regular performances which are to be given at 2 o'clock and 8 o'clock p. m. This special concert is complimentary to the Ak-Sar-Ben carnival by Signor Sorrentino and his musicians, for the contract called for only two concerts

GLOOM HANGS OVER CAMP

Fate of President McKinley the Absorbing Topic Among Soldiers.

TARGET PRACTICE HELD IN RAIN

Wet Weather Materially Interferes with Comfort, Especially in the Culinary Department—Numerous Members Are Sick.

Anxiety over the fate of President McKinley produced a spirit of gloom at Camp Omaha all day and while the regular duties of camp life were performed as far as the rain would permit, whenever a new arrival would reach camp officers and men would surround him, asking for the latest news from Buffalo. Arrangements had been made for the latest bulletins to be sent to the camp as they were received in the city, but all seemed to fear that some news would escape them.

Target practice was held for the first time today. This morning the first battalion of the First regiment marched to the range, which has been established east of the fort along the river and there indulged in practice for an hour. The other battalions of this regiment and the entire Second regiment practiced in extended order on the camp grounds, using blank cartridges, which were issued for the purpose. Five hundred rounds of blank cartridges were issued to the two regiments and to Troop A for practice purposes yesterday.

Rain Causes Trouble.

An examination by one of the medical officers of the First regiment showed that this regiment was in bad shape in regard to tentage and straw. The trouble with tents was in the culinary department, there being no canvas to cover the fires, and this made it almost impossible to prepare food in the tents. The straw in many of the tents was found to be wet, immediate orders were issued for dry straw and additional tents. The men got the straw for their beds last night, but as the additional tents have to come from Lincoln they will not be received until today. As a result of the damp weather and exposure thirty-five men were reported unfit for duty on account of sickness. Thirty-one are sick in quarters and four are in the hospital. None of the sickness is believed to be serious, dry beds and a few days in the hospital being all that is necessary to put the men in shape.

The orders are out for Sunday, showing a slight change in the routine from week days. At 9:30 inspection will be held and at this time the inspector of the camp, who was appointed today in the person of Major John W. McDonnell of the Second regiment, will make a formal inspection. The men will be brought out in companies and arms and accoutrements examined. At 11 o'clock church services will be held, lasting until 11:45. The chaplains of the two regiments have made extensive preparations for the only religious services which will be held in camp this year and there will be a special effort made to provide good music. It is expected that many people will drive out from the city to be present at these services.

Inspection of quarters will begin at 2 o'clock p. m. At this inspection the tents and bedding will be examined and necessary changes recommended. Dress parade will be at 4:30, followed by the mess call at 5. At 7 o'clock retreat will be sounded. This ceremony is one of the most beautiful of life in camp. The soldiers drawn up in line in the company streets stand with un-

COLORED HEADS WHILE THE BAND PLAYS

The Star Spangled Banner and the Rag lowered for the occasion, will be the first time the ceremony has been thus performed at Camp Omaha.

First Lieutenant Chancellor A. Phillips of Company H, from Aurora, has been appointed acting regimental quartermaster of the Second regiment, while the organization is in camp. Sergeant C. H. Schacht of Company C, from Nebraska City, has been appointed sergeant major of that regiment and Private S. J. Stewart of Company F, from Lincoln, has been appointed hospital steward.

All drills were abandoned yesterday afternoon on account of the rain and officers' schools of instruction were held instead.

Over 100 men were absent from camp Thursday evening after 11 o'clock, the time of the rain call, and as a result an order was issued yesterday providing that all persons absent without leave at check roll call hereafter will forfeit one day's pay.

Discipline is Strict.

Officers are not required to secure a pass when they leave camp, but they are not expected to be out of the lines after taps. A failure to observe this rule gave the lax-eyed guard an opportunity to distinguish itself Thursday night. A party of half a dozen officers, including one colonel and an acting assistant adjutant general, was marched to the guardhouse after 11 o'clock and in the morning reported to headquarters yesterday morning.

Orders for the day, issued last night, put the following officers on duty today: Officer of the day, Captain John C. Harrington, Company D, Second regiment; officer of the guard, First Lieutenant Charles M. Anderson, Company C, Second regiment; supervising officer of the guard, Second Lieutenant John H. Linton, Company E, First regiment. Sixteen men from each regiment, one sergeant and two corporals from the Second regiment, are detailed as guards for the day. The band and sergeant major of the First regiment will attend at guard mount this morning.

First Lieutenant John H. Linton, acting quartermaster of the Second regiment, and the guest of the officers of that regiment Thursday evening at mess.

At the close of the concert Thursday night the Second regiment band remained general duty at the headquarters.

Orders have not yet been issued for the movement of the troops to Omaha for drill and dress parade today, but it is understood that they will march from the camp to the city, two hours being allowed for the march.

RAILROAD IMPROVEMENTS WILL PROCEED AS SOON AS WEATHER WILL PERMIT.

RAIN CAUSES MORE OR LESS DELAY

Union Pacific and Elkhorn Roads Are Both Active in the Matter of Improvements—Numerous Sidetracks Are Being Laid.

City Engineer Beal has received notice from F. W. Marsh, chief engineer of the Elkhorn road, that the road is ready to begin the driving of piling for the foundations of the two abutments to support the plate girder across the South Omaha boulevard. Mr. Marsh requests that Beal set stakes on the center line of the boulevard at the point where the girder crosses so that the abutments can be accurately located with reference to the street. Engineer Beal will set these stakes as soon as the weather permits.

The heavy rains have caused considerable delay in the railroad construction work now going on in the northwestern part of the city, but the engineering force of the Elkhorn hopes to complete the greater portion of the heavy work before cold weather sets in. Material of all kinds is on hand in large quantities and with dry weather the construction of the abutments referred to and the laying of tracks to connect with the Union Pacific at the summit will be pushed.

Work on the Union Pacific improvements in South Omaha and Albright is being pushed along as rapidly as possible. A third heavy rail track is being laid to the east of the main line tracks from Omaha to a point beyond the southern limits of the city. In addition to this track a number of sidetracks have been laid in Albright and preparations are being made to lay a similar set of tracks along the company's right way north of L street.

Chief Etter Home from Convention.

L. F. Etter, chief of the South Omaha fire department, is home from a three weeks' eastern trip. While away he attended the convention of the national fire chiefs. He said that 251 cities were represented by chiefs and that the people of Indianapolis spared neither pains nor expense to entertain the visiting chiefs. In reply to a question put in the convention Chief Etter said that he was compelled to state that South Omaha had only three hose companies. Surprise was expressed that the city did not maintain at least one first-class truck and one steamer. He explained this by saying that the packing houses maintained fire departments of their own. The other chiefs thought, however, that the city should at least maintain one truck and one steamer. Next year the convention will meet in New York City. For the entertainment of the association New York has set aside \$30,000.

Another Damage Suit.

Richard Brennan has brought suit against the city of South Omaha for \$5,000 damages. He alleges personal injuries by reason of a defective railing at the west end of the Q street viaduct. The legal department of the city will combat this claim, as it is asserted that Brennan has no right to demand damages. At the time the accident was said to have occurred Brennan was throwing snowballs and missed his footing and fell down a flight of steps. The special agent of the legal department has ascertained that the claim was not filed until some weeks after Brennan had returned to work. Other provisions for the

MAJOR KELLY IN CANADA.

Yesterday City Attorney Lambert received a letter from Mayor Kelly, who is now in Toronto, Ont. The mayor says that he and his party were in the Temple of Music at the Buffalo exposition when President McKinley was shot. Excitement was at fever heat, says the mayor. From Toronto the mayor and his party will journey down the coast of Maine and thence to New York City. A visit will be made to Washington, D. C., and from there the party will return home. Mr. Kelly expects to reach South Omaha the latter part of next week or by October 1 at the latest.

Magie City Gossip.

The repairs to Masonic hall, Twenty-fifth and N streets, are about completed. Miss Marie Chaffee has gone to Dexter, Ia., to visit relatives for a few days. Colonel J. B. Watkins has returned from a business trip to Chamberlain, S. D. Surveyor Inspector Jones writes from Buffalo that he will be home on Monday.

There will be a meeting of the Young Men's Republican club at Kelly's hall tomorrow.

It is stated that John McIntire will be a candidate for county commissioner on the republican ticket.

Persons who drive across the L street viaduct complain that the grade at the west end is too steep.

The condition of Mrs. W. L. Holland, who is ill with typhoid fever, was not improved to any extent yesterday.

President Murphy of the South Omaha Republican club has called a meeting of the club for tonight in the hall over the city offices.

SHAFFER SEEKS SETTLEMENT

Go to New York With That Hope Firm in His Mind.

AMALGAMATED MEN LOOK FOR END

Until Result of Conference is Known No Developments in the Situation Are Expected.

PITTSBURG, Sept. 13.—The absence of President Shaffer from Amalgamated headquarters was noted this morning, and when the day passed and he did not appear the report that he was in New York was received from several good sources. The officials of the organization declined to discuss the strike situation in any form and said they did not know where Mr. Shaffer was. It was learned tonight that President Shaffer, with several of his advisers, took the 10 p. m. train for New York, presumably under arrangements with the steel people to settle the strike. It cannot be said positively that this is the case, but all evidence points to it.

The indications early in the day were that a settlement of the strike was looked for by the Amalgamated men.

Until the result is known no developments are expected in the strike situation.

Feed your hair with Ayer's Hair Vigor. It makes the hair grow long and thick.

Always Restores Color to Gray Hair

It checks falling of the hair, keeps the scalp clean, makes the hair soft and glossy.

Dr. J. C. Ayer & Co., Lowell, Mass.

A CALIFORNIA OPPORTUNITY.

Offered by the Burlington.

September 15 to 27, inclusive, the Burlington Route will sell you a round-trip ticket to San Francisco for \$45.

No more delightful outing can be imagined. The trip is made at a time of year when traveling is a pleasure and the climate of California at its best.

The return limit—November 15, 1901—is an unusually long one for tickets sold at so low a rate. Stopovers are allowed at pleasure, both going and returning, at and west of the first Colorado, Wyoming or Montana point enroute. All in all the opportunity is one which no man or woman who contemplates a visit to California can afford to overlook.

Full receiving details on request. Tickets, 1502 Farnam street.

San Antonio, Tex.

One fare plus \$2 for the round trip via the Missouri Pacific railway on September 14, 15 and 16. For further information call on or address company's offices, southeast corner Fourteenth and Douglas streets, Omaha, Neb. THOS. F. GODFREY, E. & T. A.

SWEDISH AMERICANS MEET

Endorse Candidacy of P. A. Edquist for Republican Nomination for County Surveyor.

There was a largely attended meeting of Swedish-American citizens at Patterson hall last night for the purpose of endorsing the candidacy of P. A. Edquist for the republican nomination for county surveyor. Theodore Johnson called the meeting to order and A. W. Johnson was elected chairman, with J. L. Jacobson as secretary. The following resolution was introduced and unanimously adopted:

Whereas, Mr. P. A. Edquist, a civil engineer of ability, has announced himself as a candidate for the office of county surveyor at the coming republican county convention.

Resolved, That this mass meeting heartily endorse the candidacy of Mr. Edquist for the office of county surveyor and respectfully request the republican county convention to grant our request by nominating him for the position to which he aspires.

Nelson C. Pratt, who had been announced as the speaker of the evening, was called upon, but he graciously paid a high tribute to President McKinley and excused himself from making a political speech at a time when the nation is in grief. Short talks were also made by Rev. P. M. Lindberg, Rev. C. E. Elving, E. M. Stenberg, G. Anderson and C. E. Malm.

A committee of ten was appointed to prepare resolutions of sympathy with Mrs. McKinley in her great affliction.

To Texas—Burlington Route.

Only \$28.00 to San Antonio and return. September 17.

Tickets, 1502 Farnam street.
