HAYDEN BROS.

CHANGES HIS COLORS AGAIN

Frank Ransom Will Be a Delegate to the Democratic State Convention.

O'KEEFE LEADS COMMISSIONER FIGHT

Combination Between Hecior and Ryan Seems Impossible, as O'Keefe is a Strong Second Choice Among Their Delegates.

Frank T. Ransom, "the stock yards statesman," has ceased to sail his political ship under the flag of the silver republicans and will henceforth be counted among the straight democrats. Ransom will be named by the Douglas county convention today as a delegate to the democratic state convention, and at Lincoln on September 17 he will formally renounce allegiance to the striking slogan of silver republicanism and proclaim himself a full-fledged democrat. Practically all of the former silver republicans in Douglas county have gone back to their first love in politics, but Ransom evidently observes a better chance for Ransom in the democratic ranks.

It was suggested to Ransom that he accept a proxy in the county convention and be made chairman of that gathering, but he declined the honor, for the reason that he considered the state convention a better place for a dramatic debut. The Douglas County Democracy proffered him its support for the chairmanship of today's county convention, but he would have none of it and simply repeated his request to be sent as a delegate to the state convention. Since Ransom has refused to make his initiatory bow in the democratic party as chairman of the county convention, the Douglas Countyites have decided to make no effort to organize today's meeting. The selection of the chairman of the county convention will therefore be left to the Jacksonians, who will probably name Dr. A. H. Hipple, Ed P. Smith or one of their leaders. The Douglas County organization will be satisfied, as far as the permanent organization is concerned, by placing Henry

Highwaymen Turn a Trick

Secure a Hundred Dollars Worth of Booty from Two Young Men in the Suburbs.

D. M. Hansen, an employee of the Millard hotel, and his friend, Louis Groenfeld, were assaulted and robbed by two highwaymen about 1 yesterday morning at Forty-fifth and Grant streets. Hansen lost a diamond stud and a gold watch and chain and \$15 in money was taken from Groenfeld's pockets. The total value of the loot was about \$100. Young Hansen lives at 4025 Binney street and his friend is staying with him temporarily. At 12:45 in the morning they took the last Walnut Hill street car for home. Having alighted from the car to walk the remaining distance they were approached at Forty-fifth and Grant streets by two men moving in the opposite direction. It was very dark. Just as the men were in the act of brushing by them both Hansen and Groenfeld were knocked down by stunning blows and rendered temporarily unconscious. When the two young men recovered they were alone and an inventory of their possessions showed that they had been robbed. Hansen reported the case to the police yesterday morning. His lips were still badly swollen from the blow he had received. He said it would be impossible for him to identify his assailants.

George H. Payne Injured

Sustains a Broken Leg by Being Thrown Out of His Carriage.

George H. Payne is in bed at his home with two bones of his right leg broken as the result of a carriage accident Thursday evening. Mr. Payne was driving home from his office when an express wagon which was being driven at a furious speed came up from behind and collided with the carriage between Twenty-second and Twenty-third streets on Burt street. Mr. Payne was thrown out of the wagon and he was in some way dragged along the street until the horses could be stopped. He was picked up unconscious and was taken at once to his home, where the injured limb was set, and this morning he is reported to be doing as well as could be expected. The injury causes considerable pain, and it is feared that the leg may never be thoroughly sound again, as the break occurred right across the ankle joint. The driver of the express wagon was also thrown to the ground and his face was badly cut.

A Shocking Calamity.

"Lately befell a railroad laborer," writes Dr. A. Kellett of Willford, Ark. His foot was badly crushed, but Bucken's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by Kuhn & Co.

ACID THROWER IS LOCATED

She Will Not Be Arrested, However, Unless Her Victim Will Prosecute.

HUSBAND IS A FACTOR IN THE CASE

John Mabray Seeks to Influence Miss Hanson to Drop the Matter, Assuring Her that His Wife is Insane and Irresponsible.

The police have located Mrs. Mollie Mabray, the woman who threw carbolic acid into the face of Miss Maud Hanson Thursday afternoon, but decline to disclose her whereabouts to the press. Chief Donahue says she left the city immediately after the assault, but is still in the state, and may be arrested and brought back to Omaha at any time. He is waiting only to ascertain whether Miss Hanson will prosecute. "If no outside influence were brought to bear upon Miss Hanson," said he, "I am satisfied she would prosecute. I understand she has told some of the officers that she would. But this fellow Mabray, who is constantly with her, is doing his best to induce her to drop the case, telling her that his wife is insane and not responsible for the act, all of which I have every reason to believe is not true. I'm going to see if I can't do something to prevent his further interference. If Miss Hanson can be persuaded to prosecute, Mrs. Mabray will be arrested at once and brought back; if not, there will be no use of arresting her and the case will be dropped where it is." It has been ascertained that Mrs. Mabray is of good family and, so far as the police have been able to learn, of good character. She is a milliner and hair-dresser by trade and until within the last year conducted hair-dressing parlors in the McCague block. At that time she lived at Seventeenth and Cass streets. More recently she has been in business in Kansas City.

GETTING READY FOR WORK

Machinery for Match Factory Arrives and is Being Placed in Position for Operation.

Machinery for the match factory has arrived and is being put in place in the building at Twenty-eighth street and the Belt Line formerly occupied by the Kimball laundry, where Mr. Gruenig, the proprietor of the factory, has secured a favorable lease on building and power machinery. The machines to be used in the new fac-

RAISING MONEY FOR PARADE

Commercial Club Executive Committee Holds Special Meeting and Discusses Question of Finances.

At a special meeting of the executive committee of the Commercial club at noon yesterday in question of raising funds for the Ak-Sar-Ben parade was discussed. It was shown that the funds of the festival association had been reduced by the expenses incident to the presence of the Nebraska National guard at Fort Omaha. The matter was placed in the hands of Euclid Martin, who, in the absence of the chairman, acted as temporary presiding officer, and the secretary of the club. It was decided to decorate the rooms of the club and the fifth story of the Board of Trade building next week. A small sum was appropriated for the purpose of assisting the delegates from Omaha to the national missionary convention of the Christian church in securing that convention for Omaha next year. The secretary was instructed to take up with the Rock Island railroad the question of again placing in service the through night train from Chicago, which the company discontinued this week.

PATCHING UP THE BREAKS

City Engineer Hopes to Have Sixteenth Street in Shape for Ak-Sar-Ben Parade.

Several asphalt repair gangs are working on Sixteenth street and have put the paving in good repair along the section of that street in the business center of the city. Men are now working on Sixteenth street near Izard. It is City Engineer Rosewater's desire to have one side of the street in good repair from Izard to Farnam street that the Ak-Sar-Ben parades may move along the street without inconvenience. Work is also being done on other streets in the heart of the city. Before the middle of next week

RECOMMENDS CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

About eighteen months ago Mr. M. S. Manning of Albany, N. Y., widely known in the circles as George W. Hooper, Charles W. Lyman and Alfred Millard. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." This remedy is not an astrigent and for that reason no bad effects follow its use. It checks the diarrhoea by curing the disease which causes it. It never fails and is pleasant to take. For sale by all druggists.

GLADWIN AGAIN IN COURT

This Time He is Defendant in Divorce Suit Based on Cruelty.

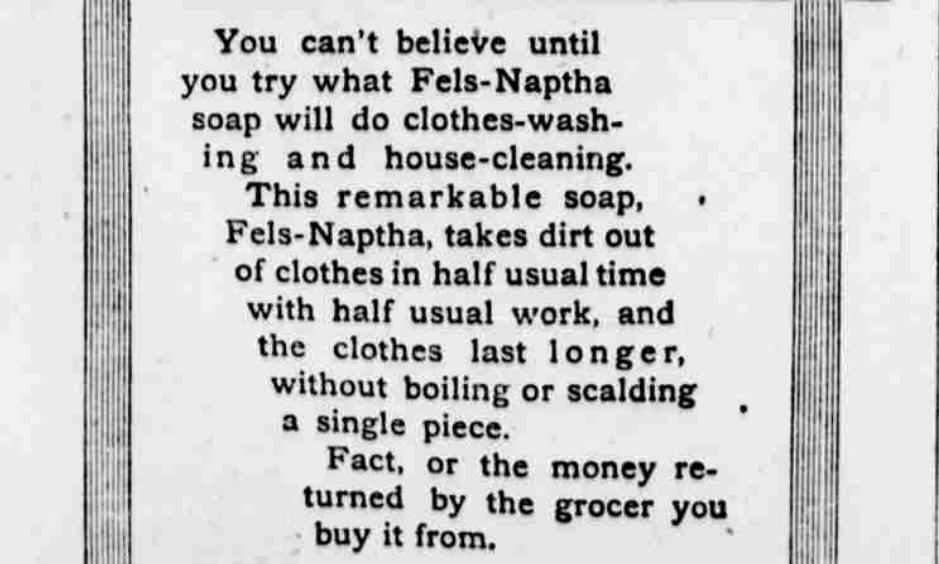

James Gladwin, the detective, has been sued for divorce by Bertha Gladwin, to whom he was married at Papillon in 1890. Mrs. Gladwin alleges cruelty in her petition, specifying that James on one occasion whipped her with an iron pipe. Gladwin achieved some notoriety last winter by arresting a man in Iowa for the Cudahy kidnaping because he was seen crossing the East Omaha bridge on the same night that young Cudahy was returned to his parents. Gladwin believed that a man who would cross the East Omaha bridge at night must necessarily be a kidnaper. The detective was arrested several weeks ago for prowling around at night with false whiskers, a tin star and a gun of extraordinary size.

Mind Recreation—

Is as necessary as bodily recreation—Music, sweet music, is soothing and restful to the mind and nerves—After the day's work is done—after the evening meal is finished—some familiar air may be played—some old song, sung that will bring back our boyhood or girlhood days and in our day dream we'll be back in some distant state—or perchance in some foreign land—"Where first we saw in days of yore the moon behind the hill"—No home "be it ever so humble" should be without a piano or organ.
