Commercial Club Gets Busy and Among Other Things Agitates Proposition to Give a Banquet -Magte City Gonnip.

The docket of the district court shows that at the present time seventy-eight suits are entered against the city of South Omaha. Of this number a score are for personal injuries alleged to have been received by defective streets or walks.

Thirteen cases in which decisions have been given against the city are now before the supreme court of Nebraska. Five of these are personal injury cases and the balance tax cases of various kinds.

It is stated that the policy of the present administration will be to fight these cases through the supreme court and secure an opinion everruling the decision of the district court or else an order for a new trial. In a number of instances judgment has

been secured against the city where corparations have filed bonds indemnifying the city against loss. There is the Paul Elsfelder case, in which judgment was secured for \$4,600. Young Elsfelder while jumping across a trench dug by the gas company fell and sustained a number of injuries. He secured a judgment in the amount named. As soon as the papers can be arranged the city will commence suit against the gas company to recover this amount. Another case is that of Ed Burke, whose team ran into a trench at Twenty-third and N streets causing a smashup. Burke sued and secured a judgment for \$2,050 and then sued for his son James and obtained a judgment for \$1,500.

In suits to be started by the legal department of the city the gas company will be asked to make its bond good by paying the same.

Then there is the Mary Johnson judg-This case is against the Schlitz Brewing company. It will be alleged by the city that the accident to Miss Johnson was caused by the negligence of the brewing company while erecting the building COUNTY DELEGATES CHOSEN City Attorney Lambert thinks that in time the city can recover on these judgments inasmuch as the corporations mentioned agreed to hold the city blameless in case of accident and filed suitable bonds.

Commercial Club Banquet.

Now that the summer's vacations are over members of the South Omaha Commercial club will again don their hustling clothes and proceed to get busy. Little if any business of importance was transacted by the club during the summer, as it was almost impossible to secure a quorum at any meeting. With cooler weather coming the regular meetings will be resumed. President Freitag and Secretary Christie have several matters of more or less importance to bring up at the next meeting, among them being the proposition to hold the annual banquet. As a general thing this regular function of the club has been held along in December, but a change of date may be made this year. It is considered by members of the club that these annual gatherings are of great benefit to the business men as it brings them into closer relationship and the local merchants meet outsiders with whom they transact business. It has been suggested that this year the banquet be held about the middle of November, a de-

ALLEGED JOBBING DEAL STOPS A RACE

Horse with an Alias to Revealed in

His True Light and Stuff is Declared Off-Summary of

The discovery of an alleged jobbing deal stopped the fifth and last race just as it was about to begin, and the event was called off summarily. It was a quartermile race in heats and there were four entries. Jim Hicks was favorite at 3 to . Mary Ann was slated at 4 to 1 and Bay Prince and Tom were at even money. The animals were on the track and had been ordered to the post. Tom's blanket was slipped off and several horsemen immediately recognized in him Whisky Dick, a horse well known in Omaha. The event was called off at once. An attempt was then made to bring about a match race between the other three, but this failed, so the program was at an end.

The fourth race, a mile dash, was the bit of the day's card. Six of the best horses very popular horses were Chubb at even money and Laraquoise at 3 to 1. The race started with Bonner, Laraquoise and Enthe only horses in the race. Chubb fell first half and was forty yards behind the field when the wire was passed the first time. It was such poor work for the horse that many people thought Martin was wantonly pulling him. But the jockey knew his business. Not till the five-eighths pole was passed did he better his position of trailer. Then he jumped up and by a terrific burst of speed which lasted all the rest of the way he won out easily, Laraquoise being second and the favorite third.

Steady old Joe Foster was favorite in the third event at 4 to 5, and he was the only chosen horse to win. It was four and onehalf furlongs and proved easy for him from the first, he leading practically all the way as soon as he had jumped to the pace. Baby Sweetheart was regarded favorably because of her performance of last Tuesday, but she did not get a place.

MISS BENNETT'S NOSE SHORT

If it Had Been a Long One She Would Have Won Her Hawthorne

CHICAGO. Sept. 20.—In one of the most sensational finishes of the year, Miss Bennett was beaten in the third race by a short nose at Hawthorne today. The winner was The Pride, ridden by Jockey Winkfield, and the six and a half furlongs were run in 1:194, equalling the track record, made by Georgie, and coming within a quarter of a second of the world's record, made by Sly at Harlem in 1893.

Dick Furber, at odds of 11 to 2, wen the Emulation stakes over the full steeplechase course, enriching his owner by about \$1.000. He was hard pressed by Captain Conover, but the good judgment of Jockey Johnson guided him to victory. Weather cold; track fast. Summary:

LORD DERBY IS THE VICTOR Defeats Boralma in Straight Heats Without Special Effort at Rendville Track.

READVILLE. Mass., Sept. 20.—Over \$,000 people saw Lord Derby defeat Boralma without apparent effort this afternoon in straight heats. The Lawson horse seemed to be outclassed and utterly unable to hold Lord Derby on the home stretch, and in the last two heats Geers cased the Hamlin horse up perceptibly. The time, considering the heavy wind that blew up the back stretch and met the horses for a full haifmile, was remarkably fast. In two of the heats Boralma led until within 200 yards of the wire, at one time in the last heat being four lengths to the good. But Lord Derby was driven in masterly fashion by the veteran Geers, who was warmly applanded at the conclusion of the race. The track was dry and fast, but the weather was cheerless and the last race was run off in a light rain, which has increased tonight to a downpour and may possibly prevent the big \$20,000 race tomorrow between the champion trotter, Cresceus, and The Abbott. Oakley Trotting and Pacing. CINCINNATI, Sept. 26.—Fine weather and a fast track favored the grand circuit ruces at Oakley today. The unfinished 2:11 pace, in which Don Riley and Frazier had two race, a five-eighths-mile dash, but he wasn't anything when the end came. This was a special event for horses which had not won a place during the meet so far. Coral at 4 to 1 took the whole thing in a walkaway, and False and Charles Curtis ran a dead heat for second, so they divided second and third money. Curtis started off to win, but Coral took everything her own way on the back stretch, a quarter of a mile from the finish. Then she increased her lead till the end.

Every horse that started had a chance in the second race, a poular one because of the distance, three-fourths of a mile. Druggist was played favorite at 3 to 5, but failed to finish anywhere. Before the race it was such a nip and tuck game to decide between the half dozen that none was played longer than 3 to 1. Uncie Samuel, one of these, won, holding a good second all the way till it came time to move out. Betty B., a much betted animal at 2 to 1, never got as far as the first eighth. Air Castle was second, with Emerald third.

Steady old Joe Foster was favorite in the second to Eddie L and the first and B B P barely saved his distance. The place.
