Another Listless Day in Grains on the Board of Trade.

SLIGHT ACTIVITY IN THE CORN MARKET

Wheat is Dull and Narrow-Demand for Oats Develops Into Scalping Affair-Provisions Quiet, but Stendy.

CHICAGO, Sept. 26.—Excepting a spark of animation snown by corn the grains were dull today, airhough steady. Wheat thosed ke, corn kerke higher and cats unchanged. Provisions closed a shade to ke

changed. Provisions closed a shade to achingher.

The short-lived activity in corn, the only reature of the day, was due to an exhaustion of supplies. For a few moments anxious shorts were alarmed by the situation and ran the market up ic. The covering movement over the market took cognizance of the perfect weather and cased off, but closed steady. December was in better demand than yesterday and December and May decreased 14c. December ranged between 594c and 584c and closed 150 ac higher at 584c. Receipts were 68 tears. In the market for wheat was a dull and narrow affair. A ring of local bears attempted to force December under 70c by taking advantage of the favorable reports from Argentina and Russia, but the movement lacked sufficient strength to overcome the buildsh influence of corn and light southwest receipts. December opened at 70 kg, sold to 70 kg/20 kg, reacted to 70 kg/20 kg, sold to 70 kg/20 kg, reacted to 70 kg/20 kg, sold to 70 kg/20 kg, reacted to 70 kg/20 kg, sold sold to 70 kg/20 kg. MOVEMENTS OF STOCKS AND BONDS. Market Shows Growing Improvement

NEW YORK, Sept, 26—The tone of today's stock market showed growing improvement over that or yesterday. There was considerable evidence of realizing still, which persisted after the opening dip and showed a tendency to recur from time to time, but support was forthcoming on every decline, and before the day ended the bears were generally disposed to cover their short lines, causing practically a complete recovery of all losses. Not a few stocks showed decided net gains, including Amalgamated Copper, Anaconda, the Vanderbilts, Pennsylvania, Baltimore & Ohlo, St. Paul, Chicago Great Western, Manhattan and People's Gas. The opening losses were die to the demoralizing effects upon copper mining shares in the foreign markets, of the break in Amalgamated Copper. Rio those were off over 1 points in Paris when the stock market opened here, and the copper market in London had made a further slump. in All Lines.

\*Last sale. \*\*Ex-dividend. \*\*\*Trust The Commercial Advertiser's London financial cablegram says: The stock market today was a narrow and sensitive one, governed by apprehension over the copper mystery. The metal opened at 64, fell to 60½ and closed at 62. Copper stocks followed sult. Rio tintos opened at 45½ Paris selling mildly at times and offering the stocks 2 points under parity. The close was 46% Anacondas opened at 6½ and closed at 7½. American stocks followed the course of copper. They opened very weak, a full point under parity and were steady, but idle till New York came as a slight buyer, particularly Atchison. Then prices see-sawed idly. London was little interested, but the provinces sold. Call rates ran up to 1½ and the markets were surprised to be obliged to go to the bank for a large amount of money. The recent case was due to the slackness of demand, not to a superabundance in supplies. Half a million pounds in German coin has been sold. The Indian bank rates have been advanced from 4 to 5 per cent. Commercial Advertiser's London

LONDON, Sept. 26.—Money was in better demand today, preparatory to the monthend. The further advance in American exchange has considerably lessened the anxiety as to the possibility of gold shipments to New York. Business on the Stock exchange was inactive and prices were depressed on yesterday's late decline in American Copper shares. The metal fell here nearly £3. Consols were fairly steady and home rails were generally lower. Americans responded to New York's weakness and went below parity, notably St. Paul, Denvers and Nortolks. Later Americans were steady but quiet. They recovered somewhat in the afternoon. The closing was steady, with prices below the best for the day. Kaffirs were depressed. The sum of £501,000 in Germann coin was withdrawn from the Bank of England today. The Bank of England's rate of discount remains unchanged at 3 per cent. Gold premiums are quoted as follows: Buenos Ayres, 130; Madrid, £2.55; Rome, 3.16. Rie tintos fell 24, points today. The weekly statement of the Bank of England shows the following changes: Total reserve, increased £125,000; circulation, increased £6,000; bullion, increased £131,091; other securities, decreased £708,000; other deposits, increased £208,000; notes reserve, increased £125,000. Government securities unchanged. The proportion of the Bank of England's total liability is 46.2 per cent. Last week it was 53.20 per cent. so unchanged. The proportion of the Bank of England's total liability is 45.2 per cent.

Last week it was 53.20 per cent.

PARIS. Sept. 26.—Prices on the bourse today opened flat, influenced by New York advices, and the unsatisfactory Anaconda dividend. Rio tintos declined 75f. Industrials were severely attacked. Later there was a partial recovery. Rio tintos, however, weakened still further upder the influence of a sharp fall in copper. Toward the close they were steadler, in sympathy with the general list. Rentes improved on bear covering. DeBeers and Kaffirs started easier, but were supported at the close.

BERLIN, Sept. 26.—Industrials were dull BERLIN, Sept. 26.—Industrials were dull on the bourse today and Canadian Pacifics and Americans were weak, in response to New York, and with option sales. Banks were weak on the further decline in mines and industrials. The cases of plague reported at Naples had an adverse effect, especially on navigation shares. At the close prices were somewhat steadier.

CALCUTTA, Sept. 26.—The rate of discount of the Bank of Bengal was today raised from 4 to 5 per cent.

MADRID, Sept. 26.—The gold quotation today was 43.67.

LONDON, Sept. 26.-The offerings at the wool auction sales today numbered 15,422 bales. Competition was brisk and prices were firm. Bidding for superior grades was animated. CATTLE—The receipts of cattle were not sery heavy today, as compared with those 67 of the last several days. Packers seemed 52 o have quite liberal orders and as a result 54 to have quite iberal orders and as a result the market was active and fully steady on all desfrable grades.

Receipts included only about a dozen cars of corn-fed cattle, for which the demand was active, and steady to strong prices were paid. The high point of the day was \$6.20, which is only 5c under the high price of the year, which was paid on Tuesday of this week. The commentation was actived to the course of the state of the state of the year, which was paid on Tuesday of this week.

HOGS—There was a light run of hogs here today, but owing to the fact that Chicago and other markets were quoted lower prices at this point took a drop. Packers started in bidding 507½c lower and the first hogs sold mostly at \$6.72½ and \$6.75. After the first round the feeling improved a little and the market was not over 5c lower, with the long string going at \$6.75. The choice loads sold from \$6.75 to \$6.95 and the commoner grades went from \$6.72½ down. At those prices the hogs changed hands quite rapidly and it was not long before the bulk was disposed of.

This is the third consecutive day that the price of hogs has gone down. The decine from the high point, which was on Monday of this week, amounts to nearly i5c. The price is now about back to where it was on September 18. Representative sales:

of the year, which was paid on Tuesday of this week. The common stuff was of course more or less neglected, the same as usual but still even that sold for fully as good prices as were paid yesterday for the same sinds.

The supply of cows and heifers today seemed light after the big runs of the last few days, as there weer only about 35 cars on sale. Buyers took hold with considerable life and paid just about steady prices for anything at ail good. The medium grades were a little dull, as has been the case all the week, and on such kinds the market was barely steady.

Bulls, calves and stags sold again today in just about the same notches they have for several days.

Heavy feeders are still in good demand and steady prices were paid for all that were offered if the quality was satisfactory. Stockers also sold steady if they were good, but the medium weights and common suff was apparently equal to the occasion, as just about the same notches they have for several days.

Western range beef steers were rather searce today and the few that were offered sold at good steady prices. Cows and heifful ers could also be quoted steady and the same is true of stockers and feeders of good.

PETITIONS IN BANKRUPTCY Four Nebraskans Take Advantage of Federal Law to Get on Their Feet.

Four Nebraskans filed petitions in bankruptcy in United States district court yesterday. The one carrying the heaviest list of debts was John P. Wagner of Beatrice, who says he is by profession an agent. His liabilities aggregate \$14,091.07 and his assets \$1,805.

Next comes Albert Geyler of Island, a druggist. Debts amounting to \$1,739.20 confront him, but his assets are figured at \$3,263.57.

A business firm of Curtis, in Frontier county, is the last applicant. Daniel A. Good and Amos W. Good, known in business as Good & Good, ask relief under liabilities of \$755. The firm's assets are \$452. Then Daniel A. Good separately is scheduled to be owing \$938, with offsetting assets of \$30. His brother is in more liabilities being \$2,189.78 and assets \$1,915.

ESTIMATE MAY BE REDUCED Decline in Prices of Building Materials May Lessen Cost of the Auditorium Structure.

The fall in the price of lumber, cement and iron is gratifying to the Auditorium company and the supervising architect, John Latenser. It will probably make a marked reduction in the cost of the building. Mr. Latenser said: "The price of brick is reasonable now. With lumber, cement, iron and other materials on the decline it will be found that a material reduction in the estimated cost of the building will be effected."

The architect has asked the directors of the Auditorium company to set aside \$500 to be used in driving test piles for the purpose of investigating the foundation. Exact grades are being taken preparators to making the necessary excavation. It is probable that the excavating and pile driving for the foundation will be done before Christmas.

SUES FOR TWENTY THOUSAND Widow of Frank C. Johnson Brings Suit to Collect Insurance Money.

Jane Johnson, administratrix of the estate of Frank C. Johnson, has brought suit in the district court against the Mutual Benefit Life Insurance company for \$20,000, the amount of two policies in the defendant company held by Mr. Johnson at the time of his death in 1896.

Mrs. Johnson contends that the three premium payments made on the policies by Mr. Johnson after they were taken out carried them in force until after the date of his death. Although the company has not yet filed its answer, it is understood that its rejection of the claim is based on s contention that the policies had lapsed at the time of Mr. Johnson's death.
