## AUTOLIGHT'S BRIGHT FLASH Blues' Backers a Dull Green.

NEW YORK, Oct. 3.—Blues, a hot favorite at 9 to 2, was soundly beaten in the
Ocean View handicap at Gravesend today.
The race was at one mile and a sixteenth,
and Blues, Autolight, The Regent and
Dublin faced the starter. The start was a
bad one, as Dublin almost went to his
knees, forcing O'Connor on Autolight to
pull up sharply. This left him fully ten
lengths out of it as the other three raced
off head and head. After five furlongs The
Regent dropped back beaten and Blues and
Dublin raced on, still head and head with
Autolight gradually wearing them down.
Dublin drew away, coming into the stretch,
but Autolight gradually overhauled the
flying leader and won a sensational race
by a length and a half. Dublin easily beat
Blues for second place. The winner was at
5 to 1, while at 2 to 1 a place was quoted
against Dublin. The track was fairly fast.

MORE MATERIAL FOR 'VARSITY Two Stars of Former Teams Appea to Help Nebraska Try for

Championship.

Lincoln, Oct 2—(Special)—The 'varsity has recovered from the effects of the hard game at Kirksville last Saturday and is putting up a practice full of snap and singer. The men were disappointed over their low score against the Osteopaths and are determined to take revenge upon Doane next Saturday.

This is the first year Doane has had a foot ball team since Serf was killed in a game in '91. Reports from Crete assert that the preachers have a strong team and will give Nebraska a hard game. Several of the old men are back and the candidates have been practicing since the first of September under a good coach.

Tuesday Captain Westover's team lined up against fifteen of the best men on the scrub. The scrubs kicked off and the varsity quickly rushed the ball down the field for a touchdown. The varsity forwards opened up great hoies in the scrub line and many lifteen and twenty-vard gains were made through the center. A feature of the practice was the spiendid interference in end runs. Several times the whole interference would get around the ends inbroken and go tearing down the field. Bell, who replaced Kingsbury at fullback, did some fine work, tackling well and making several long runs.

Wednesday afternoon the 'varsity played the Lincoin Medics a twenty-minute practice game. The doctors have a heavy team and at times put up a stiff game, but they were not up to the condition of the university men and frequently had to call for time.

The 'varsity made three touchdowns and stringer kicked all three goals. Both teams seemed to be stronger on offensive play. The physicians by line bucking made fifteen or twenty yards several times, but they would soon lose the ball on downs. The Nebraska ends were impregnable and frequently tackled the medics' backs for losses. Coach Booth used two full sets of backs and one was as effective as the other. Shedd replaced kingsbury at fullback and his plunges into the line were as irresistible as they were three years ago, when he was the star fullback of the west.

LONDON, Oct. 3.—Lord Marcus Beresford, one of the stewards of the Jockey club who sentenced Lester Reiff, is very outspoken. He said today:

"It is not customary for the Jockey club to discuss the details of evidence, but in order that our American friends may not feel that Reiff has been harshly or unjustly treated, I may say that his riding of Delacy was as palpable and barefaced an instance of not trying to win as ever I saw in all my experience. With all respect for Mr. Huggins' opinion, we were not dealing with Reiff on what he did at the turn into the stewards of the Jockey club from arriving at any decision not supported by the strongest evidence. Lester Reiff got a salary of £5,000 a year, but he certainly did not try to win that little race for Mr. Whitney."

It is the intention of the secretary of war to make Washington barracks a model military post, so it shall be not only the finest of its kind in this country, but the finest in the world. Captain William Crossler of the ordnance department, stationed at the army building in New York, will be selected to succeed General Buffington as chief of ordnance of the army upon the retirement of the latter officer next month.
