Growing Bull Confidence Gives More Strength to Grains.

BOTH CONDITIONS SHOWN IN

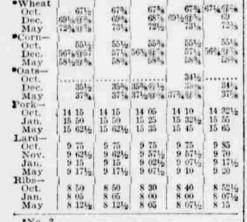

Oats Quiet, with Trading Mostly for May Accounts-Corn Has a Narrow Market-Provisions Dull and Henry.

CHICAGO, Oct. 7.—A growing bull confidence in a seemingly oversoid market gave strength to grains today and December wheat closed 1/2c higher, December corn 5/2/4/2c advanced and December oats 1/2/4/2c up. Provisions closed 7/4c to 22/2c depressed. There were both builtsh and bearish confidence of the confidence which tended Provisions closed 74c to 223c depressed. There were both buillish and bearish conditions at the wheat opening which tended to influence the market in both directions. Cables were higher, there was a marked decrease on passage, which caused December to open 'agrac higher at from 64c to open at fine and the shorts began to cover and strengthened December. The report of a considerable increase in the world's visible supply, however, eased prices for a time, but the builts railled and December became more active and closed firm, 'age advanced at 60c 196c. Local receipts were 173 cars, three of contract grade. Minneapolis and Indian higher and the compact were head of cars, against last week's 1,562 and 1,173 a year ago. Primary receipts were 1,84,000 bushels. The increase in the world's visible supply was reported at 2,170,000 bushels. Wheat on passage decreased hist week 2,016,000 bushels.

Sage decreased hast week 2,016,000 bushels. World's shipments were 10,14,000 bushels. 1,50,000 bushels over Broomhall's estimate. 1,50,000 bushels over Broomhall's estimate. 2,50,000 bushels. The seaboard requiled 25,000 bushels. The seaboard requiled 25,000 bushels. The seaboard reported thirty loads taken for export. Corn had quite a narrow market of a local processional nature. Cables were better at the opening and there was a report of a depletion of foreign supples which gave becomber some strength at the opening. There was little or no outside demand and local offerings were light and following wheat, December gained strength throughout the seasion. A fear by shorts of a buil raid helped somewhat. December gold between 56,256,36,36, and 51,34, and closed at the latter figure, firm at \$2,00,20 and closed at the latter figure, firm at \$2,00,20 and closed at the latter figure, firm at \$2,00,20 and closed at the latter figure, firm at \$2,00,20 and closed at the market ruled narrow. December closed firm and \$2,0 higher at \$5,00,0 kerceipts were 210 cars.

Frovisions were duil and heavy with the exception of January pork, which had a lairly active, chough depressed market. Prices opened lower on lower prices for hogs and sagged with continued figuriation in pork, January pork sold between \$15,600,15,15,4 and closed 225,6 lower at \$15,600,15,15,4 and closed 225,6 lower at \$15,600,15,15,4 and closed 225,6 lower at \$15,600,15,15,4 and closed to down at \$5,000,2 and January ribs \$25,6 lower at \$5,000,2 and \$5,000,2

HOGS-There was a good run of hogs here today for a Monday, and as buyers were looking for still heavier receipts tomorrow they were bearish in their views. The fact, however, that this market has been higher than the Chicago market for several days past was the principal bear feature. Buyers started in bidding generally 2½c lower and the bulk of the early sales went at \$6.50, against \$6.52\(\frac{1}{2}\) on Saturday. Some of the choicer loads sold a little above \$5.50, but the commoner grades went below that figure. At those prices the market was not active, as only half the packers were bidding that much, the others offering only \$6.47\(\frac{1}{2}\). The last end of the market was very slow and weak and packers were bidding only \$6.45 and \$5.47\(\frac{1}{2}\). The last end of the market was very slow and weak and packers were bidding only \$6.45 and \$5.47\(\frac{1}{2}\). The last end of the market was very slow and weak and packers were bidding only \$6.45 and \$5.47\(\frac{1}{2}\). Or a big 5c lower. Sellers did not like to take off that much, so that it was rather late before a clearance was made. Representative sales.
