

A Clothes Line Rescue

And What Happened to the Rescuer.

The time is summer. The scene the yard of a comfortable American home, with rows of white garments whipping in the breeze. Suddenly a little shower begins to fall, and the anxious housewife dashes out into the rain to snatch in the drying linen.

when they should rest. They either do not know or do not believe that the general health is so closely and intimately related to the local womanly health that when the latter is undermined there must be a falling in the general physical health.

THE WORTH OF HEALTH. A woman never knows what her health is worth until it is lost. It is when she has to leave the guidance of the house to those wholly or in part, when she has to see household duties neglected, or done in a slipshod manner; when she has little voice in the home to command or control; then it is that she realizes what health is to her, and what she has lost.

And yet in spite of her sufferings and her helplessness she would no doubt be a very indignant woman if some neighbor walked in and said abruptly, 'Why don't you get well?'

But it would be a fair question. There are hundreds of thousands of women who have been cured of womanly diseases by Dr. Pierce's Favorite Prescription, and every one of those women is a living question asked.

Put away the idea that you cannot be cured, because in thousands of cases "Favorite Prescription" has cured women who had suffered for years and were deemed incurable. Perhaps your case is different in some respects from any of those you know. It is the cure of such cases which has made Dr. Pierce's Favorite Prescription famous among women, for its remarkable cures of womanly diseases.

"I was a great sufferer for six years and doctored all the time with a number of different physicians, but did not receive any benefit," writes Mrs. George Sogden, of 641 Bond Street, Saginaw (Mich.).

TWO INCURABLE WOMEN. The record of the cures effected by the use of Dr. Pierce's Favorite Prescription (supplemented when necessary by a free consultation by letter with Dr. Pierce), shows that of the hundreds of thousands of weak and feeble women who have used Dr. Pierce's remedies and consulted Dr. Pierce, ninety-eight per cent. have been perfectly and permanently cured.

"Words cannot tell what I suffered for thirty years with extreme trouble and dragging down pains through my hips and back," writes Mrs. John Dickson, of Grenfell, Assiniboia Dis., N. W. Ter. "I can't describe the misery it was to be on my feet long at a time. I could not eat nor sleep. Often I wished to die. Then I saw Dr. Pierce's medicines advertised and thought I would try them. Had not taken one bottle till I was feeling well.

After I had taken five bottles of "Favorite Prescription" and one of "Golden Medical Discovery" I was a new woman. Could eat and sleep, and do all my own work." Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. That is the record written by women in thousands of letters like those printed above.

Will you try to be well? The first dose of "Favorite Prescription" has been the first step to health for hundreds of thousands of weak and sick women. What it has done for others it should do for you. If you feel your case needs special attention, you are invited to consult Dr. Pierce, by letter, free, and Mrs. Sogden. All correspondence is held as strictly private and accredits confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

CRUSHED UNDER THE CARS. Unknown Man is Run Over in the Railroad Yards at Grand Island.

BIBLE AND MONEY ON HIS PERSON. Initials "C. F. C." Form Best Clue to His Identity—At First Thought to Be Helmers of North Platte.

GRAND ISLAND, Neb., Oct. 10.—(Special Telegram.)—The body of a man of about 30 years of age was found on the railroad tracks in the yards of the Union Pacific in this city at daybreak today. The man had evidently been run over by an engine and death had probably been instantaneous.

It is believed that he rode in on the "blind baggage" and jumped from the train about where his body was found, a block from the depot, in order to escape the attention of the trainmen and police and that as he did so he jumped in front of the engine of the westbound passenger, which leaves here about that hour.

DELEGATES OF FEDERATION

Nebraska Women Choose Representatives to the Next Biennial

MOST OF THE OFFICERS ARE RE-ELECTED

State Traveling Library Causes Warmest Debate of the Session—Statue of Jefferson for Louisiana Purchase Memorial.

(From a Staff Correspondent.) WAYNE, Neb., Oct. 10.—(Special Telegram.)—A drizzling rain seriously retarded the work of the Nebraska Federation of Women's clubs this morning, as it prevented the prompt attendance at the business session, which opened at 10 o'clock, and prevented the presentation of a number of important matters that required consideration of the majority of representation.

The report of the constitution committee was called for and the two amendments following were proposed to be acted upon next year: Bylaw 3, to be amended to read: "The recording secretary shall keep an accurate record of all the proceedings of the federation, receive all moneys paid to the federation, collect the dues and pay the same to the treasurer upon receipt therefor, draw all orders upon the treasurer and attest the same when the bills have been allowed by the executive board, and make an annual report." Section 4: "The treasurer shall receive all money from the recording secretary and pay out the same only upon orders signed by the president and attested by the recording secretary, and retain proper vouchers and render an annual report."

Mrs. H. S. Jaynes of Omaha next presented the suggestions of the Kansas City Louisiana purchase memorial conference for consideration, and the sum to be contributed by the federation for its support voted. The few women present were unprepared to vote on the question and it was returned to the board of presidents of clubs, which will make its report later.

The election of delegate to the Los Angeles biennial was also deferred, but some discussion followed regarding the consideration of the Massachusetts and Georgia resolutions presented during the last year to all clubs as an adjustment of the question, and the question of reorganization of the General Federation of Women's Clubs. Mrs. Draper Smith said that the adjustment of these two matters would be the issue of the next biennial and urged the women to consider them carefully. She reminded them that in the biennial the delegations are known by their state and asked if they preferred going as a number of delegations from one state or as one delegation representing the state and its interests.

Mrs. E. W. Peattie of Chicago was called to the platform and introduced. She followed Mrs. Smith's remarks with a few points on the same questions. She said she preferred the individual representation of clubs, as it prevented a monopoly of the management, and she thought the general federation was for the education and awakening of the masses for the good rather than for exploiting the able ones. She further said that God made the distinction between the races and that the white women could best help the black by helping them to help themselves through education.

At 10:45 the industrial session opened. The Millard industrial home, president and an interesting program followed.

At its conclusion the nominating committee presented its report and the committee on resolutions presented a list of resolutions on the character and life of President McKinley.

The afternoon session opened at 1:30 and the ballot was cast for the state officers for the coming year.

Traveling Library Causes Debate. Mrs. Stoutenborough next presented the report of the library extension committee. She gave a detailed account of the work of the committee and outlined the plan for the library extension commission. She next gave the report of the commission in place of Miss Bullock, secretary of the commission, and read a letter from the librarian of the State university library, crediting the efforts of the women more than any other agency with the success of the bill and recommending that the federation merge its library into the new one.

The matter was put to a vote and after the most prolonged and heated discussion of the meeting it was decided that the suggestion be acted upon at once.

The women felt keenly their being denied representation in the appointment of the commission and many felt that it would be unwise to relinquish their books under the circumstances. The advice of Mrs. Stoutenborough to give the books to the cause they had worked for finally prevailed and the measure was carried.

Household Affairs Divers. For the next hour Mrs. W. G. Baker of Norfolk presided and the women enjoyed a session on the subject that after all comes nearer than all others, "Household Economics." Numerous addresses and papers were given, all of the highest order, and the reports showed the department most prosperous.

The election of delegates and alternates to the Los Angeles biennial next May followed, resulting as follows: Delegate—Mrs. M. J. Johnson of Wakefield, Mrs. Cross of Fairbury, Mrs. Bushnell of Lincoln, Mrs. Stoutenborough of Plattsmouth, Mrs. Pyle of Wayne, Mrs. Langworthy of Seward, Mrs. Draper Smith of Omaha, Mrs. Durand of Norfolk.

Alternates—Mrs. Momet of Central City, Mrs. Puller of Wayne, Mrs. Gault of Omaha, Miss McCann of Fremont, Mrs. Frank Hall of Lincoln, Mrs. Norris of North Bend, Mrs. Page of Syracuse, Mrs. Bressler of Wayne.

An invitation was received from the Columbus club to hold the next state meeting in that city and was referred to the executive committee.

Result of Election. The result of the election was next announced. All the officers but two were re-elected and these two had refused to serve again. The list is as follows: President, Mrs. Draper Smith, Omaha; vice president, Mrs. Durand of Norfolk; recording secretary, Mrs. McCann of Fremont; corresponding secretary, Mrs. C. S. Lobengier of Omaha; auditor, Mrs. Bushnell of Lincoln; treasurer, Mrs. Cross of Fairbury; librarian, Mrs. Stoutenborough of Plattsmouth.

STATE DEPUTY VETERINARIES

Governor Appoints Fifteen Surgeons to Serve Under Chief Thomas.

(From a Staff Correspondent.) LINCOLN, Neb., Oct. 10.—(Special Telegram.)—In accordance with an act passed by the last legislature, Governor Savage today appointed fifteen deputy veterinary surgeons, who are to be subject to call at all times for service under direction of Chief Surgeon Thomas. Each deputy will be paid \$4 and actual expenses for each day's service.

The deputies appointed by the governor are: J. S. Anderson, Seward; M. T. Bernard, Schuyler; A. Bostrom, Minden; M. V. Byers, Osceola; Fred Evans, Grand Island; M. D. Hammond, Wayne; H. Johnson, Weeping Water; C. F. Leslie, Wahoo; C. A. McKim, Norfolk; G. Robertson, Beatrice; V. Schaefer, Tekamah; J. D. Sprague, David City; M. H. Taylor, York; G. R. Young, Omaha; D. R. Colby, Beatrice.

Disposal of Insurance Fees. Auditor Charles Weston and the Providence Washington Insurance company of Rhode Island have joined issues in a petition in district court, in which they ask for guidance in settling the problem of the disposition of the \$9,000 license fees of insurance companies, turned into the office by former Auditor Eugene Moore. This money was all that Moore returned of the \$2,167,70 collected from the insurance companies during 1895 and 1896.

Auditor Weston would prefer to prorata this amount among the various companies, but the Providence company strenuously objects to the plan. The auditor asks to know his duty and the insurance company petitions for a light as to its legal rights. Judge Holmes granted permission for the filing of the case and assigned the hearing for next Saturday afternoon at 2 o'clock.

State Dairymen to Meet. The State Dairymen's association will meet in Lincoln January 22 and 24. Sessions will be held in one of the lecture rooms of the State university and the exhibits will be in the Soldiers' Memorial hall.

FOR FRAMPTON'S RELEASE. Habeas Corpus Proceedings Are Begun at Nebraska City on Behalf of Negro Murderer.

NEBRASKA CITY, Oct. 10.—(Special Telegram.)—Habeas corpus proceedings were filed today in district court for the release of the negro Hall Frampton, who so brutally murdered his stepdaughter, Ella Jackson, in February, and was sentenced to the penitentiary for life. The petition alleges that the sentence is illegal, void and of no effect, as the court did not comply with the statutes in the trial. The hearing of the petition will be called Saturday morning.

BOHEMIANS OPEN NEW CHURCH. Bishop Bonarum and Eight Visiting Priests Take Part in Ceremonies—Three Thousand Present.

WAHOO, Neb., Oct. 10.—(Special.)—The Bohemian Catholics dedicated their fine new church edifice at Wahoo yesterday. Bishop Bonarum of this diocese and eight visiting priests were present to conduct the services. About 3,000 people were in attendance. The church cost \$9,000 and is paid for.

WEST NEBRASKA CONFERENCE. Seventeenth Annual Session Opens at North Platte with a Large Attendance.

NORTH PLATTE, Neb., Oct. 10.—(Special Telegram.)—The West Nebraska conference of the Methodist Episcopal church is now holding its seventeenth session here. The first meeting was held last night in the Methodist Episcopal church. This was a reception, enlivened by crisp and forcible addresses and enthusiastic songs. Pastor Wimberly presided. Welcoming addresses were made by B. L. Robinson and J. G. Beeler in behalf of the church and citizens, and Bishop Warren responded on behalf of the conference.

The conference was formally opened this morning with a sermon by Rev. O. R. Beebe.

DOE WAH JACK. "Just as good a Furnace as the Round Oak is a Stove."

Round Oak Furnaces are as honestly made as the famous Round Oak Stove—the same careful painstaking fitting of every joint, door and draft—the same daily inspection of material and test of the completed heater. Like the Round Oak Stoves the

is guaranteed to give absolute satisfaction. It is the only furnace that burns any kind of fuel, wood, hard and soft coal and the only furnace that burns all the fuel—all the gases and most of the smoke. The price is reasonable. Send for the free Round Oak Furnace book.

ESTATE OF P. D. BECKWITH, Doniphan, Mo. Mothers of Beckwith's Round Oak the most famous stove in the world.

A HELPING HAND

is extended to all sufferers from sick headache, stomach and bowel troubles, chronic indigestion, constipation and kindred ills by

Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound

the medicine that cures to stay cured. It acts as a gentle corrective laxative—not a violent purgative with the accompanying pains and griping. Tones up the system, aids digestion, clears the head and keeps the bowels open, prevents foul breath and restores the normal functions of the entire digestive tract. It will make life a joy, eating a real pleasure once more and drive away the blues. Then too the taste is as pleasant as its action is natural. It is the kind of medicine that produces no violent changes in nature's workings—just puts the system back to its normal condition and keeps it there. If you are one of those unfortunate who is never well enough to feel well and never sick enough to go to bed—a sufferer from stomach or bowel troubles—your remedy is waiting for you. Try a bottle.

THE BLOOD SERUM. THE BLOOD SERUM.

BUFFALO LITHIA WATER

Registered by U. S. Patent Office.

in Uric Acid Conditions, Gout, Rheumatism, etc., far superior to the Lithia Tablets and other extemporaneous solutions of the Lithia Salts.

THE REASON WHY. By John V. Shoemaker, M. D., LL. D., Professor of Materia Medica and Therapeutics in the Medical-Chirurgical College of Philadelphia, etc., in 'The New York Medical Journal, June 22, 1890, says:

"Abundant experience with BUFFALO LITHIA WATER lithia and the associated salts is much more effective in some very important particulars than extemporaneous solutions. It exerts, for instance, A SOLVENT ACTION upon RENAL HEPATIC, and VESICAL CALCULI more powerful than could be expected from a mere inspection of its chemical analysis. By SWEEPING URIC ACID RAPIDLY out of the system it alleviates the MISERIES OF GOUT, it is efficacious in RHEUMATISM, BRIGHT'S DISEASE, DIABETES MELLITUS, and a number of nervous affections."

"An additional advantage and extremely important reason for the PECULIAR EFFICACY of the BUFFALO LITHIA WATER lies in the fact that its composition approximates that of the SERUM OF THE BLOOD; therefore it is admirably fitted for absorption into the blood current, and immediate incorporation with the watery portion of the NUTRIENT FLUID. It becomes at once identical with the BLOOD SERUM. These are qualities which far surpass those possessed by any extemporaneous solution of a single chemical preparation, as when a LITHIA TABLET, e. g., is dissolved in water for immediate administration. When we speak of a dose, it is of quantity altogether relative, and what the physician emphatically desires in a dose is THERAPEUTIC EFFICIENCY. THIS WE HAVE IN BUFFALO LITHIA WATER."

Spring No. 1 is both a nerve and a blood tonic, and in pale, feeble, and anemic subjects it to be preferred. In the absence of those symptoms, No. 2 is to be preferred.

BUFFALO LITHIA WATER is for sale by grocers and Druggists generally. Testimonials which defy all imitation or question sent to any address. PROPRIETOR BUFFALO LITHIA SPRINGS, VIRGINIA

Wanted... A choice \$3,000 to \$5,000 loan for private investor. R. C. PETERS & CO., Bee Building.

"Man wants but little here below" Said a morbid poet long years ago, I'm prone to doubt that smile at age when I look at The Bee's great "Want Ad" page.
