Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Eulphur, Arenic and various other drugs, and applied externally numerous lotions and salves with no beneat. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. NIGHT WATCHMAN IS USED AS A SHIELD

Routing the Marauders and Inflicting Upon Them Mementoes of Their Marksmanship.

DETROIT, Mich., Oct. 12 .- A special to the Journal from Saginaw, Mich., says: Early today burgiars who had previously blown open the safe in the office of the United States Graphite company here and secured \$30 in cash and \$600 in checks terrorized the inhabitants of the village of Fosters, near here. They captured Night Watchman Jones, bound and gagged him; then they took him to Harden's hardware stora, where they blew open the safe.

Unable to open the strong box, they made the watchman conduct them to Harden's home, expecting to compel Harden to go to his store and open the cash drawer of the safe. Harden was prepared for them and opened fire.

The burglars used the captive watchman as a shield to Harden's fire. Jones was shot in the hand, but none of the burglars was hit. The shooting aroused the villagers and the burglars fled.

DANVILLE, Ky., Oct. 12 .- At Harroasburg, ten miles from here, five men early today robbed the postoffice, securing a sum of money and afterward attempted to effect an entrance to the Mover National bank. It is not known how seriously the robber is hurt. Officers in surrounding towns were notified and a posse with bloodhounds is in pursuit.

Mr. Stone's action was taken in connection with an order of the department, which levied this extra duty, claiming that the Russian bounty al-

MIRACLES OF TODAY

The Wonderful Stories of Two People Saved from Horrible Death

It probably never occurred before that two people horribly afflicted in entirely different ways, and living far apart, were miraculously rescued from the very jaws of death, by the same means, and almost at the same time. The stories of George Herniman, of Buffalo, and Mrs. George W. Sharp, of Washington, Kan., read like the wonders of Divine interference. Let them tell their experience in their own plain, truthful language:

Buffalo, N. Y., June 14—(Special).—I write to tell you how much Cascarets Candy Cathartic constipation of the worst nature for years. Mediave done for me in the past year, and you may send any or all of the people of Western New York stomach was in such a condition from purgatives

constipation of the worst nature for years. Med-icine had no effect upon my stomach, and my stomach was in such a condition from purgatives send any or all of the people of Western New York to me and use my name as strongly as you wish for I know that they have saved my life. I had an injury to my spine and the spinal cord was hurrand of course was paralyzed from the hips down. The doctors could not move my bowels, saying that that they would never move again, and one of the doctors—my own cousin—an army surgeon, said a syringe could not be used on account of the large bone being broken and bad; and they also said that I could not live six months, if hat long, Well, thanks to God and your candy cathartic Cascarets, I sit here four years later in my wheel chair and write this to you. I can walk for five minutes on crutches, and say that your Cascarets have saved my life, and, with old Mother Nature's help, are curing me. I have used one 10c, box a week for two and one-half years. But my case is one in 100,000 to recover at all; and I had the best of doctors, too, a'l saying the same thing—no hope. But we fooled them all this time.

—George W. Herniman, 63 Boyd St., Buffalo, N.Y.
