IOWA REPUBLICANS' ERROR

Leaders in Johnson County Neglect to File Papers in Time.

SUSPECTED MURDERER IS ARRESTED

Applicants for Certificates as Mine Engineers-Young Girl Dies from Overstudy-New Courthouse for Polk County.

(From a Staff Correspondent.) DES MOINES, Oct. 19 .- (Special.)-The republicans of Johnson county have got themselves in the same fix as the democrats of Hamilton county and will not have their county ticket on the official ballots. The republican county committee failed to file the papers to time to get in under the law. The omission was not known until the county auditor went to prepare the official ballots, when he discovered that the republican county committee had utterly neglected the matter of giving official notice of the nominations. Johnson county is a close county and there is a warm campaign on there, with the chances somewhat favoring the republican ticket this year, but it is believed there is now no way the names of the county republican nominees can be got on the ticket. The republican nominee for representative from Johnson county, Dr. E. Clapp, this morning filed withdrawat This leaves a clear field to the democratic nominee, George W. Koontze, as it is understood the republicans will not fill the vacancy. It is thought in Des Moines that the withdrawal of Dr. Clapp is the resuit of the republicans' neglect to file the nomination papers for the county ticket and the probable falling off of the republican vote in the county in consequence of the mistake made by the county convention officers in not certifying the nominations to

the county auditor. Suspected of Murder.

The governor's office has been notified of the arrest in Lucas county of Lee Whitlock on suspicion of having some knowledge of the murder of Joseph Buchanan, the bachelor hermit, last Saturday. Buchanan was found with his head split open and a bloody axe lying near. Owen Whitlock discovered the crime and reported it. Lee Whitlock, his brother, was suspected, and it has been discovered that he had had a quarrel with Buchanan lately which caused much ill feeling. Whitlock had formerly worked for Buchanan. A reward of \$600 for the conviction of the murderer has been offered by citizens of Columbia and the governor has been asked to increase the reward, but has not yet done so. Examine Mine Engineers.

The State Board of Examiners for Mines is to hold a session in Ottumwa November 13 and 14 for applicants for certificates as hoisting engineers and foremen.

The articles of incorporation of the H. Schmidt & Sons company of Muscatine were filed with the secretary of state today; capital, \$25,000.

Victim of Overstudy.

Tomorrow afternoon the body of Miss Pearl Fidler, aged 12 years, a victim of overstudy, will be buried. Miss Fidler was a student of Webster school and was always devoted to her studies. She went to school as usual Thursday, but feeling initial plane of each manufacturer, which slightly indisposed was obliged to return home. In the evening, while studying her lessons for the following day, she suddenly took a hemorrhage of the brain and died almost instantly without pain.

Will Build Courthouse.

It is believed now that the Board of Supervisors of Polk county will meet with no further opposition in the matter of building the courthouse in Des Moines. The county has voted \$400,000 to build it and bonds were sold to the amount of \$300,000. when proceedings were stopped by injunctions and cases in court. The work of pre paring the temporary offices, which will be occupied while the new building is under construction, has already been begun and during the winter the old building will be removed and the contracts will be let for the new one. The courthouse will probably cost \$500,000 when done.

City Farmer Discovered Near Town with Bullet Hole in His Head.

IOWA CITY, Ia., Oct. 19 .- (Special Telegram.)-Benjamin Beard, a prominent farmer, was found dead this morning in a little ravine north of this city. He lay with his hands crossed on his breast and in his right hand he held a 32-caliber revolver. A bullet hole in his forehead showed the cause of his death. In his pockets were found \$15 and deposit slips on the bank for \$30. Beard owned several farms east of the city and was known as an industrious, sober man. For some time he has been partly demented and sick. He was 55 years of age. He leaves a small family. No inquest was deemed necessary, as indications point plainly to suicide.

Teachers Adjourn at Cedar Rapids. CEDAR RAPIDS, Ia., Oct. 19 .- (Special Telegram.)-The eighth annual convention of the Northwestern Iowa Teachers' association adjourned at noon today after one of the most interesting meetings of the session. Principal W. I. Crane of Dayton, O., lectured on "Reading." President Seerly of the State Normal school and Dr. Nicholson of Cornell college gave addresses cash and a watch and jewelry valued at on educational topics. The next meeting ecutive committee will decide later. Have You Ever Been Thus Deceived

> The ability of "shrewd" (we should say lishouest) merchants to palm off imitations of articles which have gained a reputation and are demanded by name is well known. As a glaring instance of what can be done in this connection we name one well-known article of household use.

long ago as 1882 the Michigan Stove company of Detroit, Chicago and Buffalo placed upon the market a complete line of cooking and heating apparatus for all kinds of fuel and of the highest possible degree of merit-which they marketed under the name of "Garland" Stoves and Ranges. This name was applied to but the highest grade or quality of each type of stove or range and the name "Garland" has always stood as the symbol of goods of first grade only and are today the only goods of their kind sold under any trade name which are not made in several qualities. Other stovemakers commenced to apply a trade name to lines of goods varying in quality from very good down to the cheapest and mos nferior grades. Imitating the shape and style of the "Garland" trade mark, even to the shape and arrangement of the lettering and copying the colors in land" posters, with the result that third and fourth grade imitations of "Garlands" have been sold as "just as good," etc. The courts have closed the factories of some of these imitators, enjoined others, and ye there are those who escape the pale of the law and continue to dupe the public-who are themselves to blame for not insisting

Tax-ayers Are Trying to Determine the Owner hip of Syndicate Park.

and Company Controls Access to the Park, Yet It is Generally Underatood to Be a l'ublie Piace.

Who owns Syndicate park? This is a question which a committee of taxpayers s now trying to solve. Recently efforts have been made to sell this park to the city for \$25,000 and the suggestion has been made that bonds in this sum be voted for the park. The scheme was briefly spoken of last winter when the new charter was being framed and a section inserted permitting the city to vote bonds for park purposes. Since the charter has been in force the matter has been talked of informally, but no steps toward buying the park from the South Omaha Land company have been

token. Certain property owners now contend that the park belongs to the city and that the land company has no right to keep the park fenced. It is asserted by those who purchased lots along Twenty-third s r et floating the park that at the time of the purchase the agent of the land company assured all buyers that Syndicate park was a public park, and this statement alone induced many to invest. Along about 1832 the land company placed a high board fence around the park, and this fence remains. Access to the park can be obtained only by applying to the secretary of the land company or to the custodian. Some real estate dealers assert that when the land company placed property adjoining the park on the market maps and plats were issued showing that Syndicate park was a public park. A search of the real estate offices yesterday for these old maps failed, as they have disappeared within the last men-bs.

One property owner whose residence faces the park said he bought two lots with the understanding that the park was a public one, as was shown on the plats at that time. He, along with others, are now working quietly to see if the land company cannot be forced in some way to fulfill its promises made years ago and open Syndicate park to the public. Just what steps are contemplated cannot be made public at this time, but some interesting developments are looked for before long.

Rattroad Improvements.

The big stone pier for the Elkhorn road ocated at the boulevard near Thirty-second street has been completed and work on the other piers is being rushed. This east pier was constructed once, but the ground settled and it was necessary to take off the stone and blast out the concrete in order that piles might be driven.

All of the piers for the viaduct seross Thirty-sixth street are completed and the workmen are now ready for the iron and steel. As this material is so slow in arriving it is doubtful if the bridge will be opened for travel this year. The south auproach to this viaduct is completed and graders are now working on the nor. a approach. This will be quite a task, as 30,000 vards of dirt will have to be moved to construct the approach according to the resent plans

Manager and Secretary Named. Republican headquarters have been opened in the Murphy block on Twentyfourth street and commencing Monday the rooms will be in charge of Joseph Koutsky. who has been appointed secretary. Bruce McCulloch has been tendered the position of manager and it is expected that he will accent. Both Mr. McCulloch and Mr. Koutsky are well versed in local politics and they will doubtless carry on an aggressive campaign.

Clerk Preparing Notices

City Engineer Beal has completed the work of compiling a list of property owners on Q street who have not complied with the ordinance requiring the laying of permanent sidewalks. Walks of a permanent nature must be laid on both sides of Q street from Twenty-fourth west to Thirtythird street. When Engineer Beal checked up the route he found about fourteen pieces of walk not yet laid. Notices will be sent to the property owners by the city clerk and unless the walks are laid within twenty days the city contractor will do the work and charge the cost to the abutting property. The same action has been taken on N street from Twentieth street west to

Twenty-seventh street. New Physical Director. Secretary Marsh of the local Young Men's Christian association announced a few days ago that he had engaged Charles H. Wilson as physical director for the association, but a delay in the message sent caused Mr. Wilson to accept another posttion. The secretary and directors now announce that W. G. T. Baker of Glasgow. Mo., has accepted the position and will

arrive here on Tuesday ready for duty. Serious Charges.

Chief of Police Mitchell proposes to file charges of burglary and robbery against Charles Glover and Theodore McNamee for breaking into the room of John Andrews and robbing bim of \$50. As was mentioned in The Bee of yesterday, Andrews was not seriously injured by the assault made upon him, but this fact will not, it is stated, lessen the seriousness of the offense. The chief expects to secure the services of one of the assistant county attorneys on Monday for the purpose of filing the necessary complaints. In the meantime the men suspected of the crime are being held on sus-

City's Statement.

The records in the office of the city clerk show that of the 1901 levy, which amounted to \$106,416, there has been added a balance of \$6.017 from the 1900 levy, \$497 from the county read fund and \$892 from the intersection paving fund, making a total of \$113,-828 available for warrants. Of this total there has been drawn up to date the sum of \$80,372, leaving a bafance available for warrants of \$33,445. If the provisions of the charter are strictly adhered to this sum must last the city until the 1902 levy is available, in July of next year.
