DEPARTMENT NEEDS NEW BUILDINGS

Number of Carpenters Afloat Barely Adequate to Needs of Service and Not Enough for Shore Duty.

WASHINGTON, Oct. 20.—The annual report of Admiral Bowles, chief of the bureau of construction and repairs, calls attention to the slow progress in the construction of ships made in the last year, owing to strikes and delays of delivery of armor and steel forgings. He points out that under the present system for the purchase of armor the responsibility for delays emanating from this source rests with the government and not with the contractor.

WANTS MORE CONSTRUCTORS.

Admiral Bowles earnestly recommends an increase in the number of naval constructors, which is now limited by law to forty. This number, he says, is entirely inadequate to the present need of the service, and he urges that the limit of the corps be increased by congress to sixty.

BUREAU HAS ITS HANDS FULL.

Admiral Bowles says the construction bureau has been taxed to its utmost by the work of designing new vessels and supervising their construction. He says that the conditions have been aggravated by a lack of such Navy department buildings available for the technical and clerical staffs of the bureau.

REINFORCEMENTS RUSHED TO SAMAR

Native of Luzon Show Delight Over News of Recent Disaster—Use Wagon Springs to Manufacture Bolos.

MANILA, Oct. 20.—Owing to the vigilance of Lieutenant Thomas Baines, jr., of the Ninth United States infantry, another slaughter of American troops by insurgents has been averted.

Other attempts have been discovered, but fortunately frustrated, at Panabunan and other points in Samar.

Reinforcements are being rushed to Samar. Three hundred and thirty marines, under Lieutenant Colonel Daniel C. Goetz, have gone there on board the United States cruiser New York and two battalions of the Twelfth infantry will start immediately for the same destination.

United States officers from other provinces are expected to arrive in Manila and they say the news of American disasters spreads like wildfire among the natives, who scarcely wait to conceal their delight.

Wagon Springs to Make Bolos.

The Manila constabulary discovered a large quantity of steel wagon springs, which were being shipped to various districts. Investigation shows that these were to be used in manufacturing bolos.

The troops in Samar anticipate hard fighting. Brigadier General Jacob H. Smith, who is in command, has visited most of the ports and instructed the commanders that the insurgents are to be hammered out and General Lukban, the insurgent leader, captured. Already the movement of troops has begun.

General Lacuna, who surrendered last May, has complained to General Chaffee that the terms upon which he and his forces surrendered have not been respected by the Americans.

REVEREND TWICHELL PREACHES SERMON

Walton W. Battershall Gives Address on "The Old Faith and the New Knowledge" in Center Church.

NEW HAVEN, Conn., Oct. 20.—Yale university began today the celebration of the 200th anniversary of the founding of Yale college.

SERVICES WERE PERFORMED IN ACCORD WITH THE DEVOUT AND REVERENT TRADITIONS OF THE GOOD OLD NEW ENGLAND DAYS

When the principal streets had become archways of blue, adorned at intervals with pictures of President Roosevelt, who on Wednesday is to become a son of Yale, when Yale's honorary degree is conferred upon him.

FROM THE SIMPLE SCHOOL OF 1701, YALE TODAY FOUND ITSELF A GREAT UNIVERSITY.

Today found itself a great university, developed through the years from a one-building institution down through its brick row to a campus, thence to a second campus and now to a third and stretching out its departmental buildings to territory as great again.

EXERCISES IN BATTILL CHAPEL.

In Battill chapel, where the bi-centennial was inaugurated, the services were participated in by an assemblage as imposing as the exercises were simple.

ON THE ROSTRUM SAT PRESIDENT ARTHUR TWING HADLEY.

At his right was Rev. Joseph Twichell, D. D., of Hartford, the preacher of the bi-centennial sermon. To his left was Thomas G. Bennett of the Yale corporation. Next to Dr. Twichell sat former President Timothy Dwight. On one end was Hon. Henry Howland of New York, and on the other Rev. Charles Ray Palmer, both fellows of the university corporation. All wore gowns of their office. Below in the choir stalls sat a picked choir of students. The body of the chapel was occupied in the center aisle by distinguished delegates and guests who wore academy gowns with hoods of many colors and after the Te Deum the side aisles were filled with Yale graduates, while the three galleries were reserved for women.

SERVICES BEGAN AT 10:20 A. M.

A chant by the choir was followed by the Lord's prayer. President Hadley read a lesson from the scriptures and after the Te Deum the vast congregation sang psalm lxxv. Rev. Joseph Hopkins Twichell of Hartford, the senior fellow of the corporation, preached the sermon.

THE CLOSING HYMN WAS "I LOVE THY KINGDOM, LORD," WRITTEN BY REV. TIMOTHY DWIGHT, D. D., L.L.D., PRESIDENT OF YALE COLLEGE FROM 1797 TO 1817.

Then was sung the doxology and the benediction was pronounced by Rev. Timothy Dwight, president of the university from 1868 to 1899.

PREACHING IN CENTER CHURCH.

Meanwhile bi-centennial services were held in other churches of the city and sermons were preached by Rev. Norman Smith, D. D., in the Center church, Rev. Joseph Anderson, D. D., of Watbury, in the United church, and Rev. Walton W. Battershall, D. D., of Albany, in Trinity church. All of these churches are located on the historic green adjacent to the college property and for many years the college commencement exercises were in Center church.

REV. WALTON W. BATTERSBALL, D. D., IN THE COURSE OF HIS ADDRESS ON "THE OLD FAITH AND THE NEW KNOWLEDGE," SAID:

"The world today is facing problems which perplex it and appeal to it, which start up from old savageries, which it despises and which it has forgotten. The founders of our civilization, which shake the moral pillars upon which its civilization has been built, which confound its smooth tongued prophets and one-eyed philosophers, who tell it that
