County Clerks Promptly Notified by Secretary of State-Lincoln's Unto economic administration; tourth, there must be an abundance of natural light in all precedented Building Activity -General State News.

(From a Staff Correspondent.) LINCOLN, Oct. 23.-(Special.)-The judges of the supreme court united this afternoon in the following instructions for the preparation of the official bailot:

It is the duty of the proper officers in preparing official ballots to cause to be printed at the top and left side of the ballot in black-faced capital type, not less than one-eighth of an inch high, the name of each part, having cand dates on the ballot and to the right of each party name a circle one-ball theh in diameter, with a circle one-hall men in diameter, with leaders connecting the party name to the circle. This is true though a person is nominated by two or more political parties. The form of the ballot should be uniform throughout the state.

This ruling of the court amounts to an invalidation of the schedule form of ballot contained in the election law passed by the last legislature, but it upholds the text of the law, which the court declares was meant to enable a person to cast a straight party vote. The schedule has the people's Independent and democratic parties grouped together with a bracket connecting the two. This arrangement would make it impossible, in counties where there has not been complete fusion, for a person to vote a straight ticket. The law provides as fol-

Further the law provides that the names of candidates for each office shall be arranged according to the vote cast at the last general election, the nominee of the party receiving the highest vote to have the first place, the nominee of the party receiving the next highest vote to have the next place and so on.

The decision of the court was brought Superintendent Fowler calls attention to the about through an application for a writ of suggestions of Surgeon General Giffen, mandamus requiring the county clerk of printed exclusively in The Bee Tuesday Lancaster county to prepare the official ballot in this county so that the names of the people's independent and democratic parties should appear separately and without bracket connection. The application was granted by the court and the writ allowed, all the three judges agreeing as to the merits of the case.

Deputy Attorney General Norris Brown and George Adams of this city, the latter representing the Lancaster county republican state central committee, appeared and argued that the schedule should be followed. George W. Berge and T. J. Doyle, representing the state and county populist central committees, took the opposite aide of the case and argued in favor of the allowance of the writ.

Lincoln's Building Activity.

There has been almost unprecedented activity in building in this city during the past five weeks. At and near the intersection of Thirteenth and N streets four business buildings are being constructed at a total cost of over \$100,000. The Carnegte library at Fourteenth and N streets is fast nearing completion and the new freight depot of the Missouri Pacific and Elkhorn railroads at Tenth and S streets will be finished about the middle of next month. Besides there are numerous smaller buildings going up in all parts of the town. The owners of the lots on the south side of N street from Twelfth to the Commercial club building at the Thirteenth street corner are contemplating the construction of modern office and business buildings on their property and it is likely that the work of excavating will be commenced early in the spring. The Lindell hotel annex will cost about \$25,000.

The building in course of construction at the southeast corner of Thirteenth and N streets will be owned by the Modern Wood- Fried. Twenty-fifth and Holdrege streets, men Accident association. It will be four stories in height and will be modern in every detail, costing between \$40,000 and \$50,000. On the northwest corner a onestory store building is being built for J. J. Butler and just north of it will be a twostory building owned by J. W. McDonald. Carnegie Library.

> (From a Staff Correspondent.) LINCOLN, Oct. 23 .- (Special Telegram.)-The supreme court has allowed the writ of mandamus asked against County Clerk Haverly of Douglas county, directing him to call for the election of a county commissioner in the new Second district of Douglas county and to place the names of the candidates on the official ballot.

> Judges Holcomb and Sullivan unite in the opinion allowing the writ. Justice Norval dissents on the grounds of res judicata and has formed no conclusion as to the merits of the case.

> The hearing on the appeal from the decision of Judge Baker allowing a writ of mandamus providing for the call for an election in the new First district was deemed unnecessary, the allowing of the writ by the supreme court having disposed of the matter.

This contest grows out of the democratic gerrymander of the commissioner districts last summer for the purpose of providing a district for James Connolly, whose original district, the Second, comprising the Third, Eighth and Ninth wards, was certain to elect a republican. The new district and Rev. George Scott. The session closed comprises the First, Second and Third wards. Connolly was re-nominated by the democratic convention for the place on the ticket, and Fred Bruning was nominated by the republican county committee, provisionally on the decision of the supreme court. This leaves the contest between Connolly and Bruning. It also invalidates the contingent nominations of Lyman Waterman and George Munro.

"I had been suffering severely from kidney trouble. All symptoms were on hand. My former strength and power had left me. I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it had it not promised a sworn guarantee with every bottle of your medicine, asserting that your Swamp-Root is purely vegetable and does not contain any harmful drugs. I am seventy vears and four months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."
With many thanks to you, I remain, Very truly yours.

HOWELL'S

Don't you wish you were rid of that cough. Just as sure as you are in company or at church, the theater... or anywhere, that con-

founded cough commences. You fidget around, then hold your breath and finally explode. It's simply awful. No need of all this. A bottle of Anti-Kawf will stop it. Then your best fellow can come any night in the week. Tell papa it's only 25c at the drug store.
