TONTINE LOAN A VIOLATOR

So Declares Secretary Royse of the State Banking Board.

MUST HAVE LICENSE FOR ITS BUSINESS

Superintendent Fowler Once More Protests Against What He Terms Reckless Expenditure of

School Funds.

(From a Staff Correspondent.) LINCOLN, Oct. 25 .- (Special.) - Secretary Royse of the State Banking Board has notifind the state representative of the Tontine Loan and Security company of St. Louis that he has violated the Nebraska building and loan association law by conducting an investment business in this state without the necessary license from the banking board. Mr. Royse's attention was called to the operations of this company today and an investigation brought this result. He ruled that the company, by the nature of the business it seeks to transact, comes under the jurisdiction of his department, to be governed according to the provisions of the building and loan association law This law requires companies to procure licenses from the State Banking Board. No license having been issued to the St. Louis Tontine company, it therefore has no legal right to do business in this state. is A. C. Maskedal of this city and his as- the Wyandotte branch, had committed suisistants are F. E. Beeman of Omaha and cide at that place by hanging himself in I. W. Withrow of Lincoln. The prospectus details the plan of investment as follows:

Under our plan you can arrange to borrow from \$100 to \$10,000, the agent taking
your application for any amount you desire to borrew trom \$100 to \$10,000 by paying
at the rate of 50 cents per \$100 loan value,
all monthly installments to be paid before
the 20th of each month. After twelve consecutive payments of 50 cents per \$100 you
are eligible to a loan in cash equal to the
face of, our certificate as soon as there is
sufficient money paid into the trust fund
to make the loan, and from the date the
loan is made you are required to pay not
less than \$0 cents per month, which includes interest on each \$100 borrowed until
all the money has been repaid to the company at the rate of 3 per cent simple interest for average time or 1½ for all the
time. Calls it Reckless Expenditure.

The attention of Superintendent Fowler has again been called to the operations of school supply salesman in western Nebraska, who is charged with selling school charts at prices said to be ten times their real value. As an additional warning Mr. Fowler has addressed the following communication to county superintendents in the western end of the state:

the western end of the state:

We are in receipt of a letter from Mrs. B. C. Kucera, treasurer of school district No. 18, Cheyenne county, Nebraska, which says that about two months ago the director and moderator of said district No. 18 purchased a chart called "The New Education" for \$47.50 from an agent of North Platte, Neb., who, according to Mrs. Kucera's letter, represents a Minneapolis firm, that a few days ago the said director and moderator purchased school supplies from the same agent, amounting to \$183.50; the agent sold the school order, etc.

According to the report of the county superintendent of Cheyenne county now on the in this office, the school census for said district No. 18 for 1901 was eighteen pupils and the average daily attendance for the school year 1900-1901 was seven pupils It seems to me that to pay \$17.50 for a chart and \$183.50 for school supplies is a reckiess expenditure of the pubile school funds of said district.

Under date of October 4, 1901, this department received a letter from M. F. Burdette of Minneapolis, Minn., which seems to have foretold the scheme which has been perpetrated upon district No. 18 of Cheyenne county. We enclose you our statement, based on the Burdette letter, which we gave to the press under date of October 7, 1901, as a warning to the public against such practices. A word to the wise is sufficient.

Threat to Take Traction Property. The long-contested tax suit against the sational feature today when City Attorney Strode filed in the district court a petition demanding the right for the city of redeeming all of the lines and other property now owned by the defendant company. The court is asked to decree that the city shall be permitted to take from the Lincoln Traction company and Messrs. Scudder, Belcher and Lewis all of the property bought by them at the mortgage foreclosure sale of the Lincoln Street Railway company upon payment of the amount of money they paid for the road, and in addition all of the taxes they have since paid. The city asks for a complete accounting from the time of the consolidation of the companies. The right to redeem the property is claimed because of the failure of the Lincoln Traction company to pay taxes assessed before the sale. The case will come up for argument before Judge Cornish within the next few days.

Frank Trumbley, formerly a drummer for the Volunteers of America in this city, was arrested last night on the charge of forging the name of Joseph DeKiotz to an order for a bicycle tire. The arrest was made by Exciseman Finney, who was in the bleycle store when the man presented the order for the tire.

Picking Up Money Not Stealing.

A jury in the court of Judge Holmes, having under consideration the case of George Sheridan, has given a verdict, which supports the defendant's attorneys, that unless a man has the intent to steal when he picks up money from the street he cannot be convicted of larceny. On this ground Sheridan was acquitted.

W. C. Hamilton, Sergeant Thirty-Seventh U. S. Volunteer Infantry, Spanish American War, 381 New High Street, Los Angeles, Cal., writes:

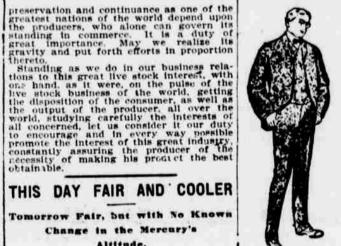

"When I returned from the army I was nearly dead with bladder and kidney trouble. I considered myself a wreck for life, and as I have seen so many soldiers whose health was forever ruined, life looked pretty dark for me. Our colonel had in the meantime been using Peruna for a similar trouble and as it seemed to help him, advised me to try it. Thank God that I did. It slowly brought me back to life and health. I have been well now for over a year and I would not exchange my health for all the wealth you could offer me. I am a great believer in Peruna and have good reason to be."-W. C. Hamil-

Hon. William Watson Washburn, Pres-

ident of the Louisiana Commercial Club, and a very well known man of New Orleans, La., writes from 637 Canal Street: "I am satisfied that there is not a finer medicine placed before the public today than Peruna. I have been troubled for nearly twelve years with kidney and liver trouble, and at times I have been a pretty sick man unable to attend to my duties. I had about made up my mind that no medicine could help me when one of your booklets was brought to my office which I read in a leisure hour. I then decided to give Perupa a trial and found that I had at last secured the right medicine for me. For two months I used it faithfully and then felt so well I was like a young man once more. This was over a year ago and I have not had any trouble since. Although I am in the seventies I feel better and more active than I did thirty years ago."-W. W. Washburn.
