CUMMINS IN COUNCIL BLUFFS

Next Governor of Iowa is Given an Ovation in Opera House.

HIS SPEECH WINS MANY NEW FRIENDS

Ex-Speaker Byers Predicts the Biggest Majority Ever Given a Candidate for Governor and Multitude Agrees.

There was no lack of warmth in the welcome that was extended Hon. A. B. Cummins, republican candidate for governor, in Council Bluffs last night. The opera bouse was filled with an enthusiastic audience, which gave Mr. Cummins an ovation both when he appeared on the stage and when he rose to speak. The reception was such as to justify the prophesy of Hon. H. W. Byers that Council Bluffs and Pottawattamie county would this year roll up the biggest majority for Mr. Cummins ever given a candidate for governor.

The strain of making two speeches day had worn Mr. Cummins' voice, but charged with assaulting each other with inpartly out of consideration for the demo- ing withdrawn. cratic party, which he likened to a man H. W. Byers of Harlan, ex-speaker of the lowa house of representatives, who touched in a general way upon state issues.

Mr. Cummins, accompanied by Mr. Byers, reached the city shortly after 7 o'clock on a special train over the Milwaukee from Portsmouth, to which town he drove after the meeting yesterday afternoon in Harlan, at which place he spoke upward of

Notables in the Party.

Among those from here on the special train were: Colonel C. G. Saunders, George S. Wright, chairman of the republican county central committee; Henry M. Brown, chairman of the city central committee; Alderman E. C. Brown, Alderman D. J. Clark, Deputy County Auditor W. M. and accept pleas of guilty to plain assault Frederick, Hon, G. H. Scott, republican and battery charges in both cases. The candidate for judge of the superior court; Sheriff L. B. Cousins, J. P. Greenshields, Wallace McFadden, George F. Hamilton, Dell G. Morgan, H. V. Battey of Avoca, secretary of the county central committee: Hon. John H. Jenks of Avoca, candidate

cluding representatives of the press. On reaching the city the party proceeded direct to the Grand hotel, where lunch was served. After the meeting at the opera house Mr. Cummins and Mr. Byers were guests of honor at supper at the home of Alderman Brown, at which several of Mr. Cummins' old-time supporters were present. Mr. Cummins and Mr. Byers were to the effect that the party would poll spent the night at Alderman Brown's and a heavier vote in Pottawattamie county Miss Sarah A. Gray, 47 years of age, who will leave this morning for Atlantic, Cass this year than last year. The committeeman county, where they will speak this afternoon. From Atlantic Mr. Cummins will

return to his home in Des Moines. The theater was filled early and by the time the distinguished guests arrived every reat was occupied and late comers had to be content with standing room. The stage was effectively decorated with potted palms and ferns and an immense flag was stretched across and served as a background in place of the ordinary stage settings. Occupying seats on the platform were leading republicans from all parts of

few words presented Mr. Byers, who was | Nitt, Neola. accorded a generous reception. Mr. Byers has frequently been heard to advantage in Council Bluffs and his address was listened to with interest.

In opening, Mr. Byers said he was glad o be able to do something for his friend, the next governor of lowa, who had nearly worn out his voice teaching republicanism from one end of the state to the other. He then expressed his gratification at the splendld audience, which indicated, he said, that Council Bluffs and Pottawattamie county would roll up the biggest vote ever given to a candidate for governor. He said he was glad to see the mothers present. "God speed the day," he declared, "when the women of the country may join hands with the men for better politics and better

government. He then proceeded to caution his hearers that there ought to be no off year in polities, such as it was claimed this year was. "There never ought to be such a thing in this grand country of ours as an off year. he said "The problem of good government is always pending and demands the best activities of its citizens all the time." Following this, Mr. Byers began a brief

discussion of the issues of the present campaign, saying there were two questions of importance to be considered this year by the people of Iowa on the broad plane of non-partisan discussion; first, that of taxation; second, that of uniform public ac-

lown's Tax System. He said: "While it is true that the present taxation laws of the state say that they shall be uniform in effect and the burdens they impose shall rest equally on the peaple, yet there never was a system so lacking in uniformity and equity as the system we have in lowa. It has grown up through years of indifference on the part of individual citizens of all parties; it breeds corruption all the way along the line from township to state and promotes perjury; it has gone on until tax dodging and perjury has become a virtue. No wonder it is time to consider how to remedy the manner of levying and collecting taxes.' Briefly referring to national issues, he declared that they were of importance again this year because the democratic state platform reiterated them and because Bryan had been in the state declaring their importance snew. He paid an eloquent tribute to President McKinley and concluded by calling on every one, both young and old, to go to the polls on election day and vote

the night of November 5 might be Cumming by 160,000 majority." to great was the ovation when Mr. Cummins rose to speak that it was some time before quiet was restored and be could nake himself heard. He thanked the aulience for the great reception it had given im and deplored the condition of his voice which, he said, he never needed so much as then to thank the people of Council Bluffs and Pottawattamie county for their warm welcome. After a beautiful eulogy on President McKinley, in which he delared that, though the assassin's shot had killed President McKinley, it was intended condemning the concerted efforts to reinto destroy the life of the republic, he said: "There is no room for anarchy in this

liberty, not the asylum of license. It is the home of free thought and free speech, but it is not the home of infamous cou-

spiracies and cowardly assassins." Considerate for His Opponents.

Referring to his apathy in discussing partisan politics, Mr. Cummins said in closing: "It takes all of the nerve I can muster to do it. I am a humane man; I have a big heart and I don't like to hit a man when he's down, and that is especially true this year, when he's not only down, but don't want to get up. This recumbent position of democracy is maintained with more grace and composure than ever before in the history of the party. The democratic party doesn't believe in its own principles. have too much confidence in the intelligence, loyalty and courage of democrats to believe that any considerable number of them would support the doctrine enunciated in the platform adopted at the Des Moines The democrats of Council Bluffs and Pottawattamie county would shiver all over with fear if they believed that the principles announced by their convention would become the controlling principles of our national life."

Half of the township was in court as witnesses on one side or the other. After the evidence had been heard in one case it was agreed that it applied to the other, and then Dohse and Hansen went over into a corner and held a conference, which resulted in their deciding to forget and forgive. They asked the court to dismiss the cases, but this Justice Ferrier decided he was powerless to do. Assistant County Attorney Kimball came to the rescue and agreed to dismiss the more serious charge court then fined each of them \$5 and costs. Hansen had the most witnesses, so his costs ran his bill up nearly \$5 more than Dohse's.

INSURANCE FEES IN 10WA

Large Sums Paid to the State for Privilege of Doing Business.

Mrs. Mary Helen Busha married David PAYMENTS BY THE HOME COMPANIES

Biennial Fee Collection by Auditor of State Amounts to More Than \$94,-000-Proportion Paid by Fire and Other Companies.

(From a Staff Correspondent.) DES MOINES, Oct. 25 .- (Special.) -The insurance business has been growing rapidly in Iows in recent years and now the lived together until August 15, 1895, when state secures a considerable revenue from special fees collected from insurance companies. Fees are collected from companies in the state and outside and from all kinds of companies. The home companies complain of discrimination, inasmuch as they are made to pay not only on the business done in the state, but business done outside of the state, while the outside companies have to pay only on the business done in the state. During the fiscal period of two years ended June 30 last there was paid to the state and collected through World Mutual Life, Des Moines the insurance department the sum of \$94, 301.75 in fees from insurance companies. The major portion of this, or \$70,922, was paid by the fire insurance companies. Something of the proportion of the business done by the home companies as compared with the outside companies may be judged from the fees paid. The following are the fees

collected from Iowa companies in the fiscal Fire Insurance Companies. American Mutual Fire, Des Moines. \$ 178.50
