Bulgarian Minister Insists the Amer-Acan Missionary is Held on Turkish Territory-Great Powers . to Bring Pressure.

(Copyright, 1901, by Press Publishing Co.) SOFIA, Bulgaria, Oct. 26 .- (New York World Cablegram-Special Telegram.)-The rumor set affoat in the bazaar here today that Ellen M. Stone, the American missionary held in captivity by brigands in the mountains on the border of Turkey, had died of hardships and exposure is not believed by the government of Bulgaria nor by the American diplomatic agent recently stationed here, C. M. Dickinson.

Mr. Daneff. Bulgarian minister of foreign affairs, said in an interview today: "We the members of the government, firmly believe that Miss Stone is alive and well, but we can neither affirm nor deny the report that Mrs. Tsilka is dead. Miss and put forward a strong, definite policy Stone, we believe, is in Turkish territory. We have troops scattered from Dubuitz to would, he confesses, mean a loss to the Chepind watching the frontier and searching for the brigands. The shepherds in within the circles traditionally governthe mountains everywhere have been questioned, but they had no news of the brigands or of Miss Stone. If Miss Stone were en Bulgarian soil it would be the easiest

"We cannot guarantee the truth of the report, but it is stated that the brigands are in Macedonia and that they spread the rumor that Miss Stone was in Bulgaria in order to hide themselves more securely from the Turkish authorities. The Bulgarlan government has done everything it possibly can against the Macedonian brigands. It was simply a lie to allege that this changes during the early part of the week. government was implicated with the brigaudacious calumny must have been circulated by persons who know not Bulgaria or by enemies of the cabinet.

thing in the world to rescue her.

We gave assurance that if the government could lay hands on the brigands and had proof of their crime they would be punished without mercy. Considering the Turkish oppression, the large immigration of Bulgarians from Macedonia in Bulgaria is only natural. These people agitate and sometimes do bad things.

"It is said that the great powers wil bring pressure to bear upon Turkey to ameliorate the situation in Macedonia a cording to article xxiii of the treaty of Berlin. I would be glad if that were true. It would be the best thing for Macedonia and the Turkish empire and would pro vent such unhappy incidents as the abduction of Miss Stone.

"It is strenuously denied that there is a secret committee in Bulgaria working for the annexation of Macedonia to Bulgaria. The official Macedonia committee is elected at a popular election every year and only sime at the autonomy of Macedonia in order to make life there endurable and properly secure from intolerable rapine and onpression of the Turkish authorities. WASHINGTON, Oct. 26 .- The final pro tocol closing the negotiations at Pekin be tween the Chinese plenipotentiaries and the representatives of the powers, as submitted by Special Commissioner Rockhill to the State department, is a long document consisting of twelve distinct articles. In general terms these recite the measures taken by China to satisfy the powers for the Boxer outbreak and the assassination of the German minister, such as the dispatch of the embassy to China, the promise to erect a monument to the memory of Von Ketteler and a memorial arch, work upon which has already begun, and the infliction of various punishments upon the Chinese officials who were characterized as the principal authors of the out rages and the crimes committed against the foreign governments. WASHINGTON, Oct. 26,-President Rooserelt will be 43 years old tomorrow. According to the custom in the family, the event will be celebrated with a dinner, in which the children will participate.

About fifty members of the supreme council of the Scottish Rite now in biennial session here called on President Roose velt today. They were introduced individually by Representative Richardson of Tennessee, their recently elected sovereign grand commander. The president had a few words to say to each of them and to some of the western members referred to his hunting trips in their states.

James O'Connell, president, and Hugh Doran and James A. Reynolds, members of the executive board of the International Association of Machinists, had a talk with the president today about labor matters. Mr. O'Connell made to the president some statements regarding the great strike of the machinists in San Francisco, charging that the government work is being done poorly because of the employment of inferior workmen in place of the strikers The president asked that Mr. O'Connell prepare and submit to him a statement of the facts in the case. Senator Cullom and Representative Hop-

McMillin of Chicago, who presented to the president the recommendations of the American Missionary association approving of the course of the president in inviting Booker T. Washington to dine with The president received the resolution and thanked the association for its kind expressions.

Mr. Hopkins, who is a member of the house ways and means committee, is opposed to the agitation for the further reduction of internal revenue taxes for the purpose of reducing the surplus. He believes the expenses of the government will increase, especially if an isthmian canal is built, and that the present is a poor time to cut off any revenue producing taxes. Senator Cullom presented to the president a telegram from the Hamilton club of Chicago inviting the chief executive to visit the club at his convenience. The president said he would be glad to accept the invitation at some future time.

GOES AWAY PLEASED ITO Sails for Boulogne After Expressing

Appreciation of Courtesies

Received in America.

NEW YORK, Oct. 26 .- Marquis Ito, formerly prime minister of Japan, sailed for Soulogne today. The marquis said at the station: "I must express my thanks to you Americans for the kindness and cordiality with which I have been received here. My reception was only equaled by the courtesy extended to me on my last visit here. I am deeply grateful for the degree which was bestowed upon me by Yale university, although I hardly see how I deserve it, being but poorly versed in science. I shall disembark at Boulogne and proceed to Paris, where in all probability I shall spend a part of the winter hope to go to Japan by the latter part of the year or early next year. My plans are rather indefinite as yet. The marquis would not discuss the affairs of Japan. He had nothing to say re-

would be discuss politics at all. Morgan Buying Waterfront Land. QUIT WHITE BREAD

Could Not Get Strength from It An Episcopalian minister of Ellenville N. Y., who is interested not only in the spiritual welfare of his congregation, but in their physical well-being also, says: can now do an immense amount of work UTAH MINERS. BURIED ALIVE and feel no fatigue, for the reason that I am using Grape-Nuts breakfast food and have quit coffee entirely and am using

Postum Food Coffee. Myself and family are all greatly improved in health. We have largely abandoned the use of white bread. Upwards of twenty-five persons have changed their diet on my recommendation. It is gladly

perience, whereof I speak." It is a well known fact that white bread is almost entirely composed of starch, and this is difficult of digestion. The result of brain and nervous power to do mental work and it also creates intestinal troubles, secause the excess of starch ferments in the intestines and makes the conditions right for the growth of microbes; whereas Grape-Nuts breakfast food contains the needed starch, but in a predigested form. That is, it is transformed into grape augar in the process of manufacture and delivered in the packages, ready cooked and in such shape that it is immediately assimilated without hard work of the digestive organs.

The food also contains the delicate particles of phosphate of potash which, combined with albumen, is used by pature to make the gray matter that must be in the cells of the brain and the nerve centers throughout the body, in order to give strength and ability to stand long and con tiquous work. Both the Postum Food Coffee and Grape-Nuts are sold by all first-
