

THREE CHICAGO MEN AT HEAD

National Live Stock Exchange Elects Officers and Adjourns

KANSAS CITY IS READY TO JOIN

Southwestern Packing Center Said to Be Willing to Ally Itself with Its Rivals for Mutual Advantage.

ST. JOSEPH, Mo., Oct. 26.—(Special Telegram.)—Chicago was much in evidence in the session of the National Live Stock exchange today and the election of officers, which came just before the final adjournment. The officers chosen are: President, William H. Thompson, Jr., Chicago; secretary, C. W. Baker, Chicago; treasurer, Levi B. Doud, Chicago; vice presidents, Bruce McCulloch, Omaha; W. M. Ward, Sioux City; W. B. Stickey, East St. Louis; J. C. Loving, Fort Worth; A. Slemmer, South St. Paul; Horace Wood, South St. Joseph; G. B. VanNorman, Milwaukee; Charles Byrne, Louisville; S. W. Jeffries, Pittsburg; C. H. Clark, Indianapolis; P. C. White, Florida. Executive committee: Alex. Garwood, Frank Chittenden, South Omaha; T. J. Steel, H. G. Pearce, Sioux City; William Moody, Edgar Overstreet, East St. Louis; J. D. Farmer, Mr. Wardell, Fort Worth; James Sizer, P. A. Thompson, South St. Joseph; George Adams, J. H. Holmes, Milwaukee; Stephen Shogran, Henry Embury, Louisville; P. J. Bruckman, S. B. Trauerman, Pittsburg; T. S. Graves, Frank Churchman, Indianapolis; James Brown, Charles Jones, Chicago; J. G. Melster, J. F. Vincent, Peoria; P. L. Henderson, A. D. Moo, South St. Paul.

To Control All Exchanges. The convention this afternoon took action which will probably result in bringing under its influence every exchange in the United States. The Kansas City exchange has afforded the strongest opposition by reason of its jealousy of Chicago's great live stock market and has used every means to embarrass the attempts of the national exchange to extend its membership. It was brought out in today's session that the officers of the Kansas City exchange will now take a firm stand in favor of joining the national body. Denver will follow suit.

Fight for Low Postage. The first report submitted was from the committee on postal rates. The report brought up one of the most interesting subjects that came before the meeting. This was the matter of a matter in the Postoffice department in regard to live stock papers being admitted to the mails as second-class matter. The committee presented a resolution addressed to the postmaster general calling attention to the grievous wrong that would be done by the ruling of the department was allowed to stand and also calling upon the members of the different exchanges to ask their congressmen and senators to do what they could to have the ruling annulled. The report was adopted and referred to the executive committee.

To Reclaim Arid Lands. The committee on national irrigation presented a resolution asking congress to reclaim the arid lands of the great west. The resolution recited the importance of the matter and of the inability of private enterprise to prosecute the work successfully. There was a recommendation in the resolutions that congress be asked to appropriate \$250,000 for the preliminary surveys for the work. A motion was made to amend the report of the committee by striking out the reference to the amount of money to be appropriated. This caused some discussion, but the report was adopted as amended. The convention voted to meet next year in Pittsburg. Most of the delegates left the city for home tonight.

CROWNINSHIELD TO GO AFLOAT

Present Chief of Naval Navigation Bureau Stated for Command of European Squadron.

WASHINGTON, Oct. 26.—Secretary Long announced today that Admiral A. S. Crowninshield, chief of the naval navigation bureau, would take command of the European squadron next March, being relieved of his present duties by Admiral Henry C. Taylor. The secretary said this plan had been arranged last April, when, on the expiration of Admiral Crowninshield's four years' commission as chief of the naval bureau, he was recommended for another term. The date was fixed for March 9 next, because on that day Admiral Crowninshield, who now holds the title ex-officio as head of the navigation bureau, will become a real admiral in fact through the ordinary course of retirement and promotion. It is the rule for an admiral to fly his flag over a squadron in actual service before he retires and this would not be possible. Admiral Crowninshield's case were to be served out his present commission, for he will retire early in 1905.

Rear Admiral Henry C. Taylor, now a member of the general board, commanded Indiana in the Santiago campaign. He declined to be head of the navigation bureau when Admiral Crowninshield was appointed. The navy department has selected Lieutenant Commander W. H. H. Southernland to succeed Captain C. C. Todd as chief hydrographer of the navy and orders have been issued detaching him from the command of Dolphin.

Commander Southernland has come to be regarded as an expert in hydrographic work. He made a definite survey yet had of the mouth of the Amazon and, although the work was conducted from Dolphin with great difficulty, owing to the

First Trial Relieved Piles. From Geo. C. Gekle, Owens Mills, Mo.: "Some time ago I bought a package of Pyramid Pile Cure for my wife, who had suffered very much. The first trial did her more good than anything she has ever tried. It is just what is claimed for it. It cured her completely." For sale by all druggists. Dr. Hans Wagner Offers an Unheeded Certificate that it is Dead—Tariff Talk is Being Crowded Out.

WASHINGTON, Oct. 26.—Earl Russell, who was convicted of bigamy for marrying a second wife in this country after he had been granted a divorce in Nevada, is free to enter this country if he so desires. Assistant Secretary Taylor of the treasury, who has general jurisdiction over immigration matters, so decided today, overruling the commissioner of immigration, Mr. Powderly. On Wednesday the latter, upon the representation of Horace J. Smith of Philadelphia, who is understood to be a relative of the earl's first wife, held that Earl Russell had been convicted of bigamy and was not admissible under the laws excluding persons convicted of crime or misdemeanor, "involving moral turpitude." He transmitted Mr. Smith's complaint to the Board of Special Inquiry at Ellis Island, N. Y., for information in case he was detained upon his arrival there by the inspector. Today Assistant Secretary Taylor rescinded this letter and further instructed the board to admit the earl unless other reasons than his conviction in England should appear. Mr. Taylor granted a divorce by an American court, under which grant he was at liberty to marry again and that in so marrying he was guilty of no crime against the laws of the United States or the state.

STATE DEPARTMENT CHANGES

Cridler is to Resign as Third Assistant Secretary and Pierce to Succeed Him.

WASHINGTON, Oct. 26.—The State department is about to lose the services of Thomas W. Cridler, third assistant secretary of state. He has accepted the position of European commissioner of the Louisiana Purchase exposition, a post which affords nearly double the compensation of his present position, and for which Mr. Cridler is fitted by reason of his wide acquaintance abroad and his connection with the last part of the Paris exposition as a successor to the late Moses P. Handy. Mr. Cridler was appointed from West Virginia as a clerk in the State department in October, 1875, and has been continuously in its service up to the present. He became third assistant secretary of state in April, 1897. It is understood that Mr. Cridler's successor as third assistant secretary of state will be Herbert D. Pierce, at present secretary of embassy at St. Petersburg. He is a native of Massachusetts and entered the diplomatic service in May, 1894. He retired in January, 1898, but re-entered the service three months later on March 15, being appointed secretary to the St. Petersburg embassy.

Mint Director Compiles Table Showing Coinage of Gold in Different Countries.

WASHINGTON, Oct. 26.—A table prepared by the director of the mint shows that the coinage of gold for the world during the last calendar year was \$35,936,497, a decrease from \$46,110,614 for the preceding year. The coinage of silver was \$17,011,932, an increase over the preceding year of \$10,884,320. The coinage of gold and silver for the principal countries for the years 1899 and 1900 was as follows:

Table with columns for GOLD and SILVER, and rows for United States, Great Britain, Russia, Germany, and other countries.

MYSTERY OF TWIN SISTERS

They Prove to Be Doing Uncle Sam a Service Among Fashionable Americans Abroad.

(Copyright, 1901, by Press Publishing Co.) PARIS, Oct. 26.—(New York World Cablegram—Special Telegram.)—Two dashing American women, twin sisters, named Holland, suddenly fell from nobody knew where three months ago and captured the American colony. They were dressed sturdily and moved from one fashionable hotel to another, being circled by many though suspicious, was ascribed to their originality. Nobody could vouch for them, yet they were so winsome, witty and entertaining that they soon secured invitations everywhere. Then, it being found that they were experts of feminine dress, they were called upon to act as advisers to many American women in the purchasing of gowns, bonnets and jewelry, until gradually, through social gossip, dressmakers and jewelers, they knew absolutely every purchase made.

ONE WOULD BURY THE MONROE DOCTRINE

Dr. Hans Wagner Offers an Unheeded Certificate that it is Dead—Tariff Talk is Being Crowded Out.

BERLIN, Oct. 26.—The Pan-American congress of the city of Mexico has caused much great discussion here, the general tone of which is belittling and skeptical of its success. It is interpreted as being a scheme of the United States to increase its influence over Latin America. An alliance between the United States and the United States through the Belmont firm. Another tale is that the French Rothschilds want to keep the next Russian loan from the public in order to save the usual huge commissions and expenses of all sorts, offering to subscribe for half if Belmont will undertake to get a few American millionaires to subscribe for the other half. The czar favors the latter scheme. The elder Rothschild probably will take Belmont to St. Petersburg for a secret interview with the czar and Russia's minister of finance, M. Witte.

FOUR BRIDEAIDS CHOSEN

Attendants at Grooms-Bronson Wedding Include a Widow for Best Man.

(Copyright, 1901, by Press Publishing Co.) LONDON, Oct. 26.—(New York World Cablegram—Special Telegram.)—The marriage of Lloyd C. Grooms, American minister to Peru, and Miss Elizabeth Duer Bronson, daughter of Frederick Bronson, which will take place at St. Margaret's, Westminster, November 2, at 1 p. m., is likely to meet out all the fashionable Americans in London. "Therefore," says the Berliner Neueste Nachrichten, "Pan-Americanism is more lacking in a practical basis than Pan-Slavism." The paper continues: "The Pan-American idea is solely capable of development upon the basis of the subjection of all America to the hegemony of the United States. The representatives of Anglo-Saxon and Latin America differ so, respecting territorial questions and the composition of the populations, that a closer union is only conceivable upon the pre-supposition of a decisive predominance of the United States."
