

AFTER DISTRIBUTING DEPOT
 Commercial Club Reaching Out for Another Government Supply House.
WANTS TO CONFER WITH GEN. LUDINGTON
 Object to Secure for This Market Additional Trade from War Department—Club Asked to Aid Oklahoma State Boomers.

At the meeting of the executive committee of the Commercial club yesterday afternoon it was decided to arrange for a meeting of a committee from that organization with Quartermaster General Ludington while he is in the city for the purpose of securing, if possible, the location of a distributing depot in this city, similar to that maintained at Jeffersonville, Ind., or, if that is impossible at this time, to have arrangements made whereby quartermaster's supplies would be purchased in Omaha to a greater extent than at present. At the present time the quartermaster's stores purchased here practically consist of nothing but horse feed and fuel for the posts within the department. The secretary was instructed to confer with General Ludington and arrange for a meeting and to appoint a committee as soon as the time has been fixed.

A communication from the Real Estate exchange referring to the proposed plan of consolidation of the city and county governments was referred to the committee on municipal affairs with instructions to report at the next meeting of the board. A communication from a committee of residents of Oklahoma asking the club to request the senators and representatives from Nebraska to favor a bill establishing a state to be composed of Oklahoma territory and that part of the Indian Territory inhabited by the civilized tribes, was received and the request granted. A general convention will be held at Muskegon November 14 for the purpose of giving the matter publicity, and the club was invited to send a delegate. This part of the communication was referred to the board. The club was invited to send delegates to the national reciprocity congress, which will convene at Washington November 19, under the auspices of the National Manufacturers' association.

In reporting upon the dinner given to the Board of Governors by the Board of Education, the secretary said that the receipts from the banquet were sufficient to cover all expenses. A vote of thanks was extended to the entertainment committee. The committee on insurance reported that it had held a meeting with Mr. Beatty, the insurance expert, and that he has in course of preparation data upon the subject, which will be submitted at a future meeting. The secretary reported that a Chicago firm has made inquiries as to the feasibility of establishing a wholesale queensware and crockery house in the city and that a representative of the firm will be in the city soon to look over the field.

BAND MUSIC IN PROSPECT
 Auditorium Company Receives Proposals from Banda Rossa and Marine Band.

The auditorium company has received from Manager Pew of New York a proposition to play the Banda Rossa in this city next fall and the United States Marine band in April. The latter band was engaged for a day in Omaha last spring, but it was found that no hall would be available at the time and the engagement was canceled, the band going to Kansas City, where it played to a 35,000 house. The propositions will be submitted to the board Thursday.

 Chicago to Buffalo and return \$6.75.
 Every Tuesday, Thursday and Saturday in October the Michigan Central, "The Niagara Falls Route," will sell tickets at \$5.75 for the round trip from Chicago to Buffalo and return. As tickets at these extremely low rates are good in day coaches only, the daylight train of the Michigan Central, leaving Chicago in the morning, will offer most satisfactory service. Four fine through trains each way. All trains passing Niagara Falls by daylight stop five minutes at Fall View. Very low rates are also made every day for tickets good in sleeping cars. For particulars address O. W. Ruggles, general passenger and ticket agent, Chicago.
