

CITY COUNCIL PROCEEDINGS

Two Vets of Mayor Moore Sustained, One Unanimously.

PAVEMENT PAY PROPOSITION HELD UP

Vacating of Old County Roads to Oblige Union Pacific is Annulled - Provision Made to Pay a Judgment.

At Tuesday night's meeting the city council unanimously sustained a veto of Mayor Moore's destroying that clause in an appropriation ordinance providing for the payment of \$7,000 to the Grant Paving company for its recent labors in repaving holes in the pavement on Sixteenth and other streets.

At the preceding meeting of the council the ordinance which was the innocent cause of the difficulty was passed. This measure, providing for the payment of many bills, was amended to include the cancellation of this \$7,000 paving debt, it being specified that the amount should come from the curb, gutter and paving fund. At that time Controller Westberg reported offhand, when questioned as to the effect of this amendment in this fund to cover the sum, so the matter went through on wings.

But when the controller later got down stairs in his office, where the figures were, he discovered that \$443 had just been paid out of the fund for interest on outstanding warrants. He had forgotten this item, and it was enough to cut the balance down to \$6,555.90, several hundred dollars less than the bill paid.

Mr. Westberg at once notified Mayor Moore and the veto of Tuesday night resulted. So the Grant Paving company will not now get its money through the regular channels of the city's business till the matter can be run through on another appropriation.

Second Veto Sustained. A second veto was sustained, though by a close vote. This one operated to annul the ordinance passed at the previous meeting which vacated the old county road known as "B-50," running north out of Omaha.

Mayor Moore said that this attempt was chiefly to please the Union Pacific Railway company, and that railway already had several other similar matters before the council which were still unsettled.

Councilman Haswell differed from this veto, saying that the city was trying to settle the Union Pacific all land claims, and get all titles quieted. In this case, said he, the road has given an adequate equivalent, and the title of the property constituting the road was of most doubtful and shady origin, anyway. Three other members held with Mr. Haswell, but although Messrs. Hove and Lohbeck were absent the combined strength of the opposition was not sufficient to carry the measure over the veto.

In concurrence with a recommendation of the park commissioners that the claim should be allowed for the amount of \$100 from the general fund as payment for a horse of his which was killed while working at Miller park.

Re-paving of Twenty-second street from Dewey to St. Mary's avenue will be resumed. The council adopted the report of the advisory committee which looked up the flaw in the petition, and recommended the continuation of the work.

An ordinance providing for the repaving of Harney street between Fifteenth and Twentieth streets, with the exception of the Sixteenth street intersection, was passed on third reading. Asphalt will be used.

Provision to Pay Judgment. Provision was made for paying the judgment of Alfred T. Richardson against the city for sewer construction done in 1891. The judgment and interest amount to \$4,915.10. Of this \$2,897.37 will be paid by the levy provided for by ordinance, and the balance of \$2,017.73 will be taken from the general fund.

According to a report submitted to the council the repaving district on Twenty-eighth street from Farnam to Leavenworth street is now ready for business, as a majority of the frontage has been secured in signatures. The total frontage is 3,172.5. Names representing 1,925 feet of this are on the petition and this leaves a margin of 887.5 over the majority.

The vitrified brick paving on Howard street from Twentieth to a point 280 feet west, having proved satisfactory under the one-year guaranty, the council voted to allow the contractor, W. P. Munaugh, the 15 per cent reserve retained. This amounts to \$21.31.

By a unanimous vote the Union Pacific and Chicago, Burlington & Quincy Railroad companies were granted a time extension of one month in which to finish the Twenty-fourth street viaduct. This sets the limit at November 1. The railroads excused the delay by stating that difficulty had been experienced in getting the material.

The council will hold a special session at 10 o'clock Friday morning to pass the salary appropriation ordinance.

CATHOLIC FAIR IN PROGRESS

Good Program of Entertainment at the Bazaar of St. Patrick's Church. St. Patrick's Catholic church is holding a fair at Turner hall, Thirteenth and Martha streets. The hall is handsomely decorated with bunting and flags. Booths are arranged about the walls and the stage is artistically draped. The fair will continue until November 3. Every evening a musical program will be given.

Last night the program opened with a musical farce in which Sarah Bernhardt and a number of other celebrities were introduced. After the opening shift, Peter Bolson sang "Carry Me Back to Old Virginia." The program closed with a sketch by Stella Mulvihill, Mary Kennedy, Theresa Swift and P. J. McGough.

Among the persons who have won prizes in the raffish are the following: John McPhillips, 1703 Cumby, sofa pillow; W. N. Hickey, 2230 South Fifteenth, hand-painted salad bowl; Mrs. J. Keane, forks and Hickory silver knives and forks; Mrs. P. W. Lynch, 2306 South Twelfth, blankets.

ROOMING HOUSE IS RAIDED Three Men Arrested on Charge of Attempting to Rob a Waiter in an Alley.

Officers raided the Chicago rooming house, 109 South Twelfth street, early this morning and arrested three men. The men are charged with attempting to rob a man early in the night. They had been at the lodging house a week and last night they caught one of the waiters of the Omaha restaurant and tried to drag him into an alley. The young man escaped and the police were informed. At the station they gave the names of John Hogan, Edward Brown and Frank Williams.

Countess Changes Alliances. BALT LAKE CITY, Utah, Oct. 29.—(Special Telegram.)—The countess, formerly of France, was today granted citizenship papers. Mme. de Classe is related to the royal Bourbon family of France.

MARKET HOUSE PROPOSITION

Private Company Planning to Establish Immense Market Place.

A company of business men of this city, representing a large aggregate of capital, is planning to establish a market place in Omaha and erect buildings thereon at a total cost of not to exceed \$400,000.

This information created a considerable stir among councilmen, who learned it for the first time yesterday morning. Coming as it did toward the council in earnest of a would have been broached to the city long ago, but as matters stand it is not expected that any formal communication will reach the council for several days.

Organization of the corporation which would build and own the market place is not complete. If it were, the proposition would have been broached to the city long ago, but as matters stand it is not expected that any formal communication will reach the council for several days.

The scheme, as outlined, is distinctly a business proposition. The organization plans to own the site and to own the buildings, which are intended to be vast and adequate in every particular. There regular rentals will be charged for the use of space and stalls. The cost of the entire thing might not exceed \$200,000, and one of the leaders, "but it will probably go much higher than that."

Councilmen find many flaws in the scheme. In the first place, it will be beyond them, for they have not the power to bestow upon the promoters the necessary franchises. That must be done, under the present charter, by a vote of the people. This will delay the work and hinder the completion of the market considerably.

On the other hand, it is urged that if these parties get the franchise they will hustle the work and finish it immediately, so that Omaha will have a fine market much sooner after than the city can possibly get it. The plan of the council is to buy the site now and then erect merely temporary stalls for a year or so, postponing the building of the permanent market till there is some money with which to do it.

The ordinance relative to the market place, which Mr. Haswell introduced last night at the council meeting, was prepared by City Attorney Connell and reads as follows:

An ordinance declaring the necessity of appropriating certain private property and land in the city of Omaha, for the purpose of erecting and establishing a permanent market place, and providing for the appointment of three disinterested freeholders to appraise and assess the same, and to divide the same into lots and to take by deed the same property and lots taken by the city of Omaha.

Section 1. That it is necessary and it is hereby declared necessary to appropriate certain private property and land in the city of Omaha, for the purpose of erecting and establishing a permanent market place, and providing for the appointment of three disinterested freeholders to appraise and assess the same, and to divide the same into lots and to take by deed the same property and lots taken by the city of Omaha.

Section 2. That the mayor, with the approval of the council, appoint three disinterested freeholders of the city of Omaha, to appraise and assess the same, and to divide the same into lots and to take by deed the same property and lots taken by the city of Omaha.

Section 3. That this ordinance shall take effect and be in force from and after its passage.

Section 4. That the city of Omaha shall pay the cost of the appraisal and assessment of the same, and the cost of the deed of the same.

Section 5. That the city of Omaha shall pay the cost of the appraisal and assessment of the same, and the cost of the deed of the same.

Section 6. That the city of Omaha shall pay the cost of the appraisal and assessment of the same, and the cost of the deed of the same.

Section 7. That the city of Omaha shall pay the cost of the appraisal and assessment of the same, and the cost of the deed of the same.

Section 8. That the city of Omaha shall pay the cost of the appraisal and assessment of the same, and the cost of the deed of the same.

LOCAL BREVITIES.

The Business Woman's club has opened with remarkable success, every room but one being occupied. The organ recital in Trinity cathedral on Sunday afternoon next will be Prof. Wright's first recital in that fine Omaha building. The board of Health for Progressive high five occupied the greater part of the evening session of the board.

AFFAIRS AT SOUTH OMAHA

Treasurer Koutsky Worried Over Present Condition of City Finances.

SHY AT THE NEW YORK FISCAL AGENCY City's Neglect in Providing for Payment of Interest and Legal Complications Make Eastern Bond Buyers Wary—City News.

City Treasurer Koutsky is worried over the present condition of the city's finances. There is due at the state fiscal agency in New York on November 1 \$17,000, and all that the city can send at the time is \$6,000 taken from the interest fund. An effort was made a few days ago to borrow money from the banks to meet this obligation, but as the council has neglected to provide a sinking fund the banks have declined and so the maturing bonds will have to go by default.

It is true that the maturities up to November 1 have been included in the bond issue recently authorized, but as the bonds have not been sold there is, consequently, no revenue from this source. Eastern buyers have some time ago to sell these securities, but as no bidders responded the council appointed a committee to see what could be done with the issue at private sale. Several bond buyers have been approached, but without result. The city is desirous of securing a premium, but this is out of the question on some of the city officers are willing to let the bonds go at par, but still there are no takers. By deducting \$6,000 from the interest fund at this time there remains only a little over \$2,000 with which to pay interest for the coming eight months.

Eastern buyers have declined to purchase the bonds on account of the city's neglect in providing for payments on coupons when due and because of the legal complications. A majority of the issue is for improvement districts which have been declared illegal by the courts. These bonds the city now wants to take out of the general indebtedness bonds, but even these do not sell.

More than likely a special meeting of the finance committee will be held this week to consider this matter. There was another big run of sheep at the yards yesterday. On Monday nearly 20,000 head arrived and were sold rapidly and yesterday 15,000 head were yarded. The shipments were snapped up by buyers as fast as notes of the sales could be made. Packers are bidding good prices for sheep just now and from indications the supply will be kept up for some time to come. Shippers are entirely satisfied with the prices paid and the treatment accorded by stock yard managers and commission men.

Viaduct Will Be Built. "It's all right," said an officer of the Union Stock Yards company yesterday, "to talk about doing a viaduct, but the fact remains that the question of building a viaduct across the tracks to the stock yards is now being seriously considered. Just when the work will commence cannot be stated at this time, but from present indications it will not be long before some definite information on the subject will be made public."

More than this, it is understood that the Hammond people are insisting that a viaduct of some sort be constructed in order that their facilities for handling meats may be increased.

Official Red Tape. Owing to the red tape now necessary to secure an order for supplies needed the city clerk has been compelled to write out death certificates in a typewriter. The same thing is being done with registration rolls. Under the recent ruling of the council all requisitions for printing must now be made by heads of departments and read to the council. The requisition is then referred to the committee on all orders for stationery must be signed by two members of the committee and then reported back to the council. As the clerk's supply of the blanks mentioned is exhausted, the typewriter has been called into requisition. This state of affairs will keep up until the council gets ready to order the blanks needed.

Rowdies Destroy Property. Complaint was made to Mayor Kelly yesterday that rowdies persist in looting about the school building at Twentieth and L streets. Monday night a gang of twenty or more looters broke in the door of the school and tore up a number of books. The mayor asserted that he would station an officer in that vicinity for a time and endeavor to break up the gang.

Raquet Store Closes. Yesterday forenoon J. L. Barnett, proprietor of the Raquet store, at 2410 N street, closed the doors and posted a notice to the effect that the stock was in charge of the United States district court. It is understood that Mr. Barnett has made an application to be declared a bankrupt by the court.

Hammonds Continue Busy. Yesterday the Hammond company commenced shipping beef to Chicago, and it is expected that this will continue for some time to come. On the first day the plant was opened 300 men were given employment. With the increased run of cattle yesterday about fifty men were put to work. The hoghouse is about ready for active operations. Superintendent Felch expects to commence the slaughtering of hogs on next Monday morning.

Republican Rally. A republican rally will be held at Modern Woodmen hall, Twenty-fifth and N streets, on Saturday night. This meeting will be under the auspices of the Swedish-American Republican league. No. 10, South Omaha Republican club and the Young Men's Republican club have been invited to attend and the invitations have been accepted. Arrangements are being made for several well known speakers.

Magic City Gossip. Sanitary Inspector Jones reports fourteen cases of scarlet fever in the city. Mr. and Mrs. Frank Johnson, Forty-fourth and W streets, report the birth of twins, both boys.

Dr. James A. Kelly returned yesterday from St. Paul, where he spent six weeks visiting friends and relatives. An effort will be made by both republicans and democrats to get out every voter on Saturday. Every citizen is urged to this fall and Saturday is the last day of registration.

The experts engaged in checking the books of the Board of Education are not working as rapidly as expected. It will probably be another week before the auditing is completed.

The mission being held by two Jesuit priests at St. Agnes' church is attracting considerable attention. Last night there was a special musical program which was greatly appreciated.

Local stockholders of the Stoddard Cop- per company received notice yesterday that a meeting of the stockholders that had been set for New York City November 11 for the purpose of electing a board of directors.

Physical Director Baker of directors. Men's Christian Association is doing good work and is rapidly gaining friends. His working considerable enthusiasm in the work.

Gold Goes to Paris. NEW YORK, Oct. 29.—(Special Telegram.)—Gold is being shipped to Paris on Thursday. Lazard Freres will ship \$2,000,000 in gold to France on Thursday's steamer.

LOCAL POLITICAL CALENDAR.

Republican Meetings. Wednesday, October 30. Joint meeting of Third and Eighth wards, O'Neill's hall, Sixteenth and Cumby streets.

Joint meeting of Seventh and Ninth wards, Hubbell's parlors, Forty-fourth and Leavenworth streets. Thursday, October 31. Seventh Ward Republican club, 2709 Leavenworth street.

Friday, November 1. Fifth Ward republican club, Sixteenth and Locust streets. Swedish republican club meeting, Creighton hall.

Democratic Meetings. Wednesday, October 30. Franek's hall, South Omaha. Thursday, October 31. O'Neill's hall, 1545 South Thirteenth street. Meeting in Florence precinct.

CLUBS IN JOINT SESSION

County Commissioner Ostrom Tells Voters How the Democrats Raided the Treasury.

The joint meeting of the German-American Republican club, the South Side Republican club and the Second Ward Republican club, held Tuesday night in Krug's hall, 1538 Union street, was well attended. Representative speakers discussed all phases of republicanism. Councilman Fred Hove presided.

Candidates Batten, Prichard, Edquist, Hunter, Vinsonhall, Unit and Berka opened the meeting with short speeches, which were well received. County Commissioner Henry Ostrom presented facts and figures showing why the affairs of the county should be again placed under republican control. "During the last five years," said he, "I have been a member of the county board, the first two years being with a republican majority. Until three years ago the county funds were sufficient to pay over the county owed to within a month or so of the close of the fiscal year. Now the county is compelled to stop payment in August, several months before the close of the fiscal year, and issue interest-bearing warrants. It would take \$125,000 to place the county treasury in the same condition it was three years ago, before the democrats raided it."

"The road fund was practically exhausted in July and the money has gone to keep gangs at work in various precincts for the political purposes of the democrats. There are a great many of these small gangs, each bossed by a man who gets \$4 a day for doing nothing. At the present time there is not a fund, with the single exception of the bridge fund, from which a dollar can be paid for work performed. The condition is such that next Monday's salary is not paid, and it is even mad. The payment of all salaries has had to be stopped January 1 or not later than February 1."

"You will realize what democratic extravagance is when you are called upon in the near future to vote for \$125,000 or \$150,000 of funding bonds."

Fred Bruning, candidate for county commissioner in the Second district, was next introduced. He said he would do what he could, if elected, to clear away the democratic wreck, but could not promise to undo all the damage they had done in one short term.

Judge Baker made one of his characteristic speeches, which was heartily applauded. In referring to a recent newspaper criticism he said: "They say I'd had for judges to talk politics. Perhaps it is, but I believe that when I'm on the bench, at least I can do as my duty as a judge, and never be sent a great many fellows to the penitentiary. It may be that they were democrats—I'm sure I don't know—but perhaps that's the reason for these attacks. A man has a right to tell the reason for the faith that is in him, and I propose to do so regardless of criticisms from such sources as these."

Judge Estelle followed and said: "There has been some criticism about certain judges dragging the judicial ermine in the mud of politics. I disbelieve just as much as anyone in that. It cannot be said and it does not seem to me that I should use my judicial position for political purposes. I earned my right to talk to the people on public questions in '62 and I propose to talk whenever and wherever I please. As long as republicanism appeals to me I'll keep on saying so. I've come to talk republicanism. I am a republican because the history of the country shows that the republican party has been the advance guard of civilization and prosperity. The democratic party is just ten years behind the times."

A. C. Troup and Candidates Bodwell, Altstadt, Homan, Steiger and Christie also spoke.

Simply Discuss Registration. A number of Eighth ward republicans met at Woodman hall, Twenty-second and Cumby streets, last night. There were no candidates present and no special meeting. The members present discussed the registration and revised the list of voters' names in each precinct who have not registered. There was no formal meeting of the club.

IOWA'S NEXT LEGISLATURE

Probable Personnel of the Roll Call in Both of the Houses.

MEN WHO WILL MAKE THE IOWA LAWS

Close Flinging on Who Will Get Into Legislature Next Time—Only a Few of the Counties in Doubt—Republican Majority Increases.

(From a Staff Correspondent.) DES MOINES, Oct. 29.—(Special.)—The last legislature of Iowa contained sixteen democratic senators and nineteen democrats in the house. Reports from the counties indicate that there will not be more than nine democratic senators and twelve democratic representatives in the legislature next winter. Of the nine democratic senators six will be holdovers.
