Relief Expedition Hurries to Aid of Stricken Column, but Finds the Enemy Has Retired to the Enstward.

LONDON, Nov. 2 .- Lord Kitchener has reported to the War office a disaster to the British near Bethel, eastern Transvaal, in which two guns were lost, several officers killed or wounded, fifty-four men were killed and 160 wounded.

The following is the text of Lord Kitchener's dispatch, dated Pretoria, Novem-

"I have just heard of a severe attack made on the rear guard of Colonel Benson's column when about twenty miles northwest of Bethel, near Brokenlaagte, during a thick mist.

"The strength of the enemy is reported to have been 1,000. They rushed two guns with the rear guard, but it is uncertain whether they were enabled to remove them. "I fear our casualties were heavy. Colone Benson was wounded. A relieving column will reach him this morning."

Later Lord Kitchener telegraphed as fol-"Colonel Barter, who marched from the constabulary line yesterday, reached Benson's column early this morning (Friday) unopposed. He reports that Colonel Ben-

son died of his wounds. "The other casualties are the following Killed-Colonel E. Guiness, Major F. D. Murray, Captains M. W. Kundsay and F. T. Thorould, Lieutenants E. V. I. Brooks and R. E. Shepard and Second Lieutenant A. J.

Corlett. "Died of his wounds: Captain Lyrre Lloyd."

Lord Kitchener then gives the names of thirteen other officers who were wounded, most of them severely, and announces that fifty-four noncommissioned officers and men were killed and 160 were wounded, adding that four of the latter have since died of their wounds. The dispatch then says: "I assume that the two guns have been recovered and the enemy has withdrawn but I have no further details.

Tribute to Benson.

"I deeply regret the loss of Colonel Benson and the other officers and men who fell thoule says thirty officers of the mayy re-with him. In Benson the service loses a cently mutinled on account of arrears of variably led his column with marked suc cess and judgment.

'The fighting was at very close quarters and maintained with determination by

both sides. "The enemy suffered heavily, but I have not yet received a reliable estimate. The Boers retired east."

Colonel Benson had been for some time operating in the vicinity of Bethel, which portheast of Standerton. He surprised a Boer laager October 22 near Trickhardsfontein.

Kitchener Fails to Explain All.

Three days later, according to Lord Kitchener's report at the time, after a long night march, the commandoes under Grobellar and Erasmus "heavily attacked Benson's rear guard and flanks at Yzeivrakfontein, but were easily driven away."

Whether this was the attack that resulted so disastrously, or whether the Boers, who had been repulsed, took advantage of the mist to renew the attack, is atill unexplained. Lord Kitchener does not give the date of the Bethel engagement.

BOERS MAY AVENGE THE DEAD Execution of Burghers by British Brings Threats Reprisals.

AMSTERDAM, Nov. 1 .- The Boer deputation here summoned Messrs. The meeting lasted four hours and it was decided to advise Mr. Kruger to comply with the request of the Boer authorities and to take the opportunity to bring the subject of British executions in South Africa sefore the European public in an open letter. Dr. Leyds has gone to Hilverson to present the matter to Mr. Kruger.

> ST. LOUIS, Nov. 1.—The list of deaths attributed to lockjaw as a result of the administration of diphtheria anti-toxine made by the city chemist now numbers eleven, two new deaths being reported today. Eleven other children are reported to the health department as suffering from lockjaw with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria anti-toxine. As a result of the charges the health department has begun the free distribution of tetanus anti-toxine. It is designed to inject the serum into the blood of diphtheria patients who have been inoculated with the tetanus infected serum

and thus exposed to lockjaw. The health department has also announced that no more diphtheria antitoxine will be made by the city of St.

The investigation ordered by the city coroner to determine positively the cause of the deaths of the children who are alleged to have died of lockjaw, following the administration of the city's auti-toxine, being pushed and it is expected that its object will be accomplished in a few days. Drs. Bolton, Fish and Waldon, three of the most experienced bacteriologists in St. Louis, are making tests with the anti-toxine with serum taken from the spinal columns

of the dead children.
At the Baptist hospital an independent investigation has convinced Drs. A. B. Nichols, R. C. Harris and C. C. Morris that he presence of tetanus germs in the city anti-toxine is indisputable. A guinea pig which was inoculated with the anti-toxine, developed symptoms of lockjaw Thursday morning and died today.

A supreme judge is to be elected, and as the office is non-partisan, we violate no obligation to our respective political parties by supporting the candidate whom we know to have no inherent prejudice against the liquor traffic. Conrad Hollenbeck, the fusion nominee, is a broad-minded German, and a man whom the liquor dealers of our state can depend upon to treat them fairly. The republican nominee, Mr. Sedgwick, I find upon investigation, has strong prohibition county and has been frequently arrayed against our craft. His brother prints a prohibition paper and it is believed that Candidate Sedgwick is part owner of the same. GOOD MONTH FOR FARMING Weather Bureau Bulletin Reports that General Conditions Have Heen Helpful to Husbandry.

WASHINGTON, Nov. 1 .- The weather bureau today issued a bulletin showing the weather conditions for the last month throughout the country. That part of the bulletin relating particularly to crops fol-

"The month has been very mild and for the most part drier than usual, the weather conditions being generally favorable for farming operations. Rain is very generally needed, however, over the middle and south Atlantic and gulf coast districts and also in the central valleys and middle Rocky mountain region, drouth being very severe in western Texas and in the upper Ohlo valley. Very little damage by frost has occurred. On the Pacific coast the month has been favorable except in California, where

rains caused some damage. "The conditions have been very favorable for gathering corn and husking has made favorable progress. In Nebraska, Kansas growth, but needs rain over limited areas in the two last named states. In Missouri, growth of fall-sown grain has been checked by absence of moisture. In Indiana and Michigan the condition of the crop is very promising.

"Practically the whole month has been favorable for cotton picking and, except over limited areas, the bulk of the crop is

now gathered." Pleads Guilty to Many Counts.

CAMBRIDGE, Mass., Nov. 1.—Roland A. Swan, who was assistant to the treasurer of the town of Arlington, today pleaded guilty to some 200 counts charging him with embezzling from the town of Arlington,
