"Uncle Josh Spruceby" will be at the Dohany theater in matinec today and evening performances. Nearly everybody in Council Bioffs is no doubt familiar with the play and will give the company a the play and will give the company a hearty welcome. The story is dramatic for the reason that it is filled with stage surprises. At the same time it is a simple story, because it deals with only simple people. While not claiming to be a homespun story it is at the same time true to life.

One of the present successes in a dramatic way is the new and beautiful melodrama, entitled "The Village Parson, which will be presented at the Dehany theater Sunday, November 10. The play deals with the affections of the heart and the cardinal virtue of trath and strongly portrays intense human emotions and arouses keen interest. The piece has been likened to that successful drama. "Human Hearts," but from a fiterary standpoint is considered a bit superior in characterization. Splendid scenic environment is used and a full acting company has been intrusted with the various roles.

Something must have gone wrong with the lamp connections and there must have been a "ground" elsewhere on the line.

Theory is Corroborated.

Mr. Bradley's theory as to the manner in which McCormick met his death was corroborated by Fireman Watts and Lineman Smallhouse, who brought the body lying on its left side, with the face turned toward the west, and his position indicating that he was standing near the fourth lamp when he received the shock

Cases in Federal Court.

The arguments in the Prajor-Lindt suit were concluded yesterday before Judge McPherson in the federal court. The court took his decision under advisement. The application of Samuel H. Dixon to

file a petition of intervention in the Omaha & St. Louis receivership was dented. Dixon sought to file a claim for damages for alleged personal injuries.

Judge McPherson went last evening to Fort Dodge, where he will hold court for Judge Shiras. He expects to return here Monday, when the Grand hotel receivership case will be taken up again.

Smallhouse, a lineman, and Charles Watts of the fire department, who climbed the tower and lowered the dead body of Me-Cormick to the ground.

City Electrician Bradley's testimony related chiefly to the results of his examination of the tower where young McCormick met his death. He said he had made the examination just prior to the inquest and had found that three of the four lamps "cut in. ball is looked for this afternoon. This

The main line wires running to and from this lamp were burned off, although one was hanging by a mere shred of metal. The insulation of both wires and globules of melted copper at their ends, the witness said, indicated clearly the interse heat of the current.

Mr. Bradley's theory was that McCormick in throwing this switch brought his hand in contact with the wire. He gave ft as his opinion that the tower lights could be safely handled only by cutting out the tower while doing so, as each tower furnishes a perfect metallic "ground." which is much more difficult to guard against than in the case of an are light near the ground itself, where insulating material can be easily provided. As the only mark mony. on the dead man's body was a deep burn on the little finger of the left hand, and this corresponded to a note in his glove. Mr. Bradley said it was his belief that McCormick had happened to touch the wire at the point where the hole was in the glove. He also gave it as his opinion that something must have gone wrong with the lamp connections and there must have been a "ground" eisewhere on the line.

Theory is Corroborated.

W. E. Haverstock Removed from Of-

fice Because of His Stroke of Paralysis

A vacancy now exists in the office of treasurer of the independent school district of Council Bluffs. In district court yesterday afternoon Judge Green on the application of the Board of Education removed W. E. Haverstock from the office and ordered that all moneys, papers and books belonging to the office or district be turned over to his successor when elected or appointed. Treasurer Haverstock was stricken with

paralysis July 27 last and has since been incapacitated from attending to the duties of the office. This made it necessary for the board to appoint some one else in his place and this could only be legally accomplished by securing an order of court removing Mr. Haverstock. For the purpose of the action in court G. H. Stillman was appointed guardian ad litem for Haverstock. Charles S. Haverstock, son of a former fireman, and C. H. Jones has been Treasurer Haverstock, filed application in court yesterday, asking that Stebbins A Teal of Missouri Valley be appointed tem-

President Hess has called a special meet ing of the Board of Education for Monday evening to appoint a successor to Treasurer Haverstock. It is understood that the appointment will be tendered Thomas H. James, Mr. Haverstock's business partner

and that he will accept it. The suit brought by George S. Davis former treasurer of the district and democratic candidate for the office at the time of Mr. Haverstock's election, contesting the latter's election, is still pending in the superior court and the appointment of a successor to Haverstock by the board may

cause some complications. Herman Paerber, whose property at the Country club. Lake Manawa, was attached by A. Metzger & Co. on a clasim of \$117.70. filed a counter claim yesterday, in which he asks for \$2,000 damages for less of busi ness and injury to his reputation as a business man and for \$500 for expenses he was put to in the matter. Feet Four and Half Inches at

Chicago Horse Show.

CHICAGO, Nov. 8.—At the horse show in the Coliseum tonight the high jumper, Heatherbloom, a bay gelding 6 years o d and sixteen hands high, owned by Howard Willetts of White Plains, N. Y., broke the world's indoor record for jumping horses. Heatherbloom cleared the bar at seven feet four and a half inches. The previous record was made by Rosebery, who made a jump of seven feet three and a half inches in competition with Fliemaker in this city several years ago.

Richard Donley was on Heatherbloom when the jumper was brought out. The horse was at his best. The first jump was made with the bar standing at six feet three inches. Twice the bar was raised slightly and each time was easily cleared by Heatherbloom.

Then the barrier was set for a world's record and the great crowd awaited the outcome of the test. The suspense was not long, for in a few minutes more Heatherbloom had sprung lightly over the mark and the new world's record was made.

made Omaha Gun Club Shoot

The Omaha Gun club will shoot at its grounds Saturday afternoon for the third Meyer trophy, a gold mounted tobacco box. The majority of the members of the club have returned from duck and chicken shooting and it is believed that more persons will enter the contest for the third trophy than went after any of the others. The first trophy was won by Frank Parmelee and the second by W. D. Townsend. Jenkins Bars No One.
