WHEAT FALLS, BUT ONLY FRACTIONALLY

December Corn and December Oats Are Each Advanced Slightly -Provisions Close Unchanged to Higher.

CHICAGO, Nov. B.—A rosh of early buying orders, pringing a decidedly builish reciling in wheat, overbalanced numerous depressing statistics today and kept grains steady. December wheat closed a shade down. December corn %2% of up and December oats %2% advanced, provisions closed unchanged to 2% eligher.

Strength and activity marked the first part of the session in the wheat pit. At the opening there was such a quantity of bearish intormation that nearly everyone started in to sell. Cables were weak, primary receipts showed over 500,000 bushels increase and there was also considerable increase in the amount on passage and in the world's visible supply. Added to this was the news of rains in the districts where they were most needed. December opened %2% depressed at 72% 20% 20%, under these influences, but at once railed on the sudden discovery that there was a good cash demand and that in spite of the desire to sell there was little in the market. Many commission houses absorbed all that was offered at the decline and as a result December sold up to 73%. At A this point, however, longs were satisfied with profits and began to liquidate, which eased the market, December closing steady, a shade under, at 72% 27% 27%. Local receipts were 10% cars, seven of contract grade; Minnespolis and Duluth reported 1.235 cars, making a total for the three points of 1.347, against 1,262 last week and 881 a year ago. Primary receipts were 1,622.321 bushels, against 1,113,000 bushels. The world's visible supply increase was 765,000 bushels. Breadstuffs on passage increased 2.456,000 bushels. World's shipments last week were pst2,000 bushels, against 2,688,600 the corresponding week a year ago.

Corn opened higher on improved cables and maintained a firm undertone. There was an improved commission house demand early and cash people reported a fair European business on Saturday's offerings. Weak-end statisties were buillish. December, which opened lac to 4,2% c p. advanced to 59% c. Receipts were 81 cars.

December oats opened unc

NEW YORK STOCKS AND BONDS.

Active and Varied Dealing.

Wall Street Has Another Day of NEW YORK, Nov. II.—There was another active day of speculation in stocks today and a large and well distributed demand for bonds, outside of the extraordinary dealings in some of the convertible and speculative bonds. It is notable in this regard that while the dealings for the last week in stocks were still below the large business for the corresponding period last year the par value of the bonds dealt in last week exceeded those of the corresponding period of last year by over \$8.00.00.

The demand tor stocks today was exceedingly varied, as was the movement of prices, owing to the fact that the buying demand shifted to new quarters and realizing of profits proceeded actively in last weeks favorites, taking advantage of the sustaining force of the new favorites. The dealings continued to a large extent to remain in professional hands, although there was some accession of speculative interest CELERY—Kalamazoo, per bunch, 25435;

call.
The Commercial Advertiser's London The Commercial Advertiser's London financial cablegram says: "The stock market was brisker today on the holiday accumulation of buying orders. Lord Salisbury's speech was disregarded and the tone was cheerful, sympathizing with Americans, which started buoyant, with Atchison, Union Pacific and United States Steel leading, but the public held aloof. New York took profits in the afternoon, causing a slight relapse, but later there was a spurt on the curb on account of large buying orders from New York in Reading and Eric. The settlement was small, the general contango being 4½ per cent. Parts exchange is 25.12½: Berlin, 29.42%.

NEW YORK, Nov.	11.—The following are mining stocks:
Adams Con	Phoenix

Foreign Financial.

LONDON, Nov. 11.—Money was in increased demand today, owing to tenders for £2,500,600 of treasury bills. Business on the Stock exchange was fairly cheerful. Lord Salisbury's speech of Saturday was regarded favorably, although it did not convince people to believe in the premier's implication that the government has something up its sleeve. The chief feature in foreigners was a rise in Argentines and Brazillans. Americans opened generally strong; Union Pacific and Atchison were the features. Prices closed dull and below the best of the day. Rio tintos were dull, Kaffirs were suffering from lack of business. PARIS, Nov. 11.-Prices on the bourse to-

PARIS, Nov. 11.—Prices on the bourse today opened firm, became weaker, grew
firmer and closed irregular. Governments
were in good demand. Turks hardened.
Brazilians were in strong demand, owing
to a further rise in the price of coffee.
Argentines were cagerly sought for. Metropolitans were firm; other tractions heavy.
Kaffirs were better supported as a result
of Lord Salisbury's speech of Saturday.
The private discount rate is unchanged at
25-1s per cent.

Condition of the Treasury.

WASHINGTON, Nov. 11.—Today's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$177,269,911; gold, \$110,043,291.

19 HOGS—Receipts of hogs were liberal for a Monday and as other points were quoted a little lower the market here eased off a trifle. The market opened 2 12 feeders (10 were than Saturday, but closed with the decline about regained. The first sales were tragely at \$5.70 and \$5.72 b, but the popular price soon became \$5.72 b, but the popular price soon became \$5.72 b, and toward the close it was \$5.72 b, and \$5.75 a first trading was fairly well under way the hogs changed hands rapidly and in fact as fast as they were unloaded. As will be seen from the table of average prices today's market is a shade lower than Saturday. Representative sales.

The demand, however, was of liberal proportions for all desirable grades, so that prices held up in good shape and the market was active. Good to choice beef steers were in active demand today at fully steady prices. There were not very many on sale, however, so that the trade soon came to a close. The commoner grades were neglected to some extent and in several cases sales looked a triffe lower.

TEXAS OIL NEWS.

Selling of Oll Has Gotten Down to a Mere Matter of Every-Day Business.

A special to the Houston Post from Beaumont of recent date, says. "Hardly a day passes but that some big fuel-using concern in Texas or Louisiana announces a determination to substitute Beaumont oil for coal, and backs it up by contracting with one of the Beaumont companies for its supply of oil." The oil business is growing, some big contracts are being booked, and the aggregate contracts run into the hundreds of millions of barrels. Some days ago it was announced that the officials of one of the big companies had contracted for the sale of 12,000,000, and

Brick company has recently contracted for a big supply to operate its brick kilus. The Palestine company sold 739 cars during October, all for immediate delivery. The coastwise and export trade in fuel oil is also very promising. The Lone Star and Crescent company has just completed filling the largest oil tank in the world, with a capacity of 55,000 barrels at its loading station at Sabine Pass, which is connected with the well with a pipeline.

this s one of the many. The Shreveport

Does it not seem like a prophecy of what is to be expected of the Omaha Texas Oil company to learn what others are doing. First, they got the land; then the gusher by drilling for it; now they need pipelines
