

FAIR DESIGNS ON NEBRASKA

Women Believe This Will Be Their Next Equal Suffrage Campaign.

ABUNDANCE OF FEED AND CATTLE

Dawson County Never Before Had Such a Live Stock Showing—Balance Left from Buffalo Exhibit.

(From a Staff Correspondent.) LINCOLN, Nov. 13.—(Special.)—Nebraska is claimed as the next state of equal suffrage by the delegates attending the twenty-fifth annual convention of the State Woman's Suffrage association in this city.

They point to the list of states already conquered, Wyoming, Colorado, Utah and Idaho, and declare Nebraska will be the next to fall into the column.

At the opening session of the convention in the First Baptist church this morning the five accredited delegates from this state, besides several visitors of note, among them being Mrs. Carrie Chapman Catt, president of the national association.

After the formal opening exercises Mrs. Clara A. Young, president of the state association, delivered an address of encouragement, much stress being put upon the motto, "Nebraska Shall Be Next." Mrs. Young reviewed the conditions in the various county organizations and spoke in an optimistic vein about the growth of the movement. She favored aggressive field work and earnest efforts to extend the sphere of woman's usefulness.

Reports of the treasurer, Mrs. K. M. Sutherland, and the auditors, Mrs. Mary Smith and Mrs. Getty W. Drury, were next submitted.

Mrs. Carrie Chapman Catt of New York, representing the national organization, was next introduced. After congratulating the Nebraska workers on the number of delegates and the enthusiasm manifested, she declared that woman suffrage was going to come, and come in the near future. Working for such a cause was not a burden, but a privilege, because innumerable reforms would be introduced when the ballot was extended to the women of the land. In part she said:

"The women assembled again this afternoon and listened to greetings from various clubs and officials. An address of welcome was delivered by Mayor Winnett of the city of Lincoln and Mr. K. W. Sutherland responded. Papers were read as follows: "Woman's Sphere," Miss Nellie Taylor, Merna; "Women of the Past," Mrs. M. L. Ward, Tecumseh; "Women of the Present," Mrs. Jennie Ross, Dakota City; "Women of the Future," Mrs. Getty Drury, Pender.

The feature of the day's proceedings was the debate of the question of equal suffrage by A. Bixby of this city and Miss Laura A. Gregg of Omaha at the evening session. The former taking the position against equality and the latter favoring it. Governor Savage presided at the night meeting. The convention will be continued tomorrow.

Wants Influential Leaders. "If I wanted to establish an empire in this country with Mr. Roosevelt as the king I would first convert the leading men to the cause. I would interest the business men, the editors, the foremost business men. Then the masses of the people would follow. There is no trouble about the rank and file when the bell wethers are captured.

"In this work it is the influential people that we want. In your local clubs get the most women who are potent in helping mould public opinion. Then you will have no trouble with the people who do not pay their dues and meet you with frittering excuses. Make your organization so strong that no one can afford to let dues go.

"Discourage all discouraging statements. As a general rule keep the pessimistic people in the background when the meetings are public. Sit down on all tendencies to pessimism on such occasions."

Mrs. Chapman Catt declared that throughout the country were many people who were passively supporting the woman suffrage movement. She declared that the outlook for success was far more promising than was the prospect for the ascendency of the abolition movement ten years before the war.

Will Repeat Republican Gains. Senator Owens of Dawson county was in Lincoln today attending to business of a personal nature. He says the republican gains in his section of the state will be duplicated at next year's election. More interest is being taken in politics than before election and he looks forward to a big vote next year. An increase in the total vote in Dawson county will not inure to the republicans, he says, for it is conceded that as many republicans as fusionists stayed away from the polls this year.

"We never had so many cattle in Dawson county as at the present time," said the senator. "Stock is being shipped in for the winter and the shipments to market are very light. We have an abundance of rough feed in Dawson county and are able to take care of lots of stock that cannot be wintered in other places. Alfalfa and buffalo grass produced good crops and corn was of an average yield in all sections of the county."

Appeal in Airgun Case.

Mr. and Mrs. William E. Smith of Fremont have appealed to the supreme court for a reversal of the decision of the district court by which Mrs. Lydia Wickwire was given a judgment against them for \$1,014. The amount named in the judgment is for damages alleged to have been caused by the 8-year-old son of the defendant. Mrs. Wickwire testified in the lower court that as she was walking near the corner of Ninth and Nye streets in Fremont she heard a sharp sound and a whistling noise and an instant later felt a severe pain in her left shoulder. An examination showed that she had been hit by a bullet. Turning quickly in the direction of the first sound she saw the

NEBRASKA'S BUFFALO EXHIBIT.

"There will be a balance of approximately \$2,000 left in the treasury after all expenses of our exhibit at Buffalo are paid," said E. L. Vance, Nebraska's commissioner in charge of the state's exhibit at the Pan-American exposition. Mr. Vance was in Lincoln today closing up the affairs of the commission, preparatory to paying the last of the bills outstanding. "I can give exact figures, but I believe the total expense of the commission and exhibit, including salaries, will not be over \$5,000. We have conducted our work economically and are confident that we gave the best possible display for the amount expended. Aside from a few of the showcases, practically all of the exhibit was disposed of at Buffalo."

Hundred and Twelve, Count 'Em.

The attention of Superintendent Fowler was called today to an article which recently appeared in an Omaha newspaper and which was said to be a description of the only log schoolhouse in Nebraska. This structure, according to the story, is on the island, but will soon be torn away to make room for a more pretentious building. In a volume soon to be issued Mr. Fowler will describe 112 other log schoolhouses in this state and 505 in the same territory that are made of sod.

Half-Fare No Favor.

Rev. William H. Kimberly is the general secretary of the American Sunday School union and a resident of Lincoln. Mr. Kimberly was drawn on the jury for this week in district court, and his name came from the box this morning when the court began calling for jurors in a case in which Wilbur W. Towle is suing the Rock Island Railroad company for damages to a stallion injured in a runaway accident.

Judge Tuttle, who represents Mr. Towle, made it a rule to ask each of the prospective jurors if he had ever received any favors from the Rock Island railroad. When he came to Mr. Kimberly the latter replied that he had a half-fare permit from the management of the road, because of his calling as a minister.

Mr. Tuttle promptly challenged him for cause, contending that this favor from the company would create a natural bias in his favor.

Judge Holmes held that inasmuch as the juror said he had no bias or prejudice in favor of the company the possession of a half-fare permit was not in itself sufficient ground for challenge.

Rejects Tontine Application.

The State Banking Board today rejected the application of the Tontine Loan and Security company of St. Louis for a license to do business in Nebraska under the building and loan law. The proposed method of transacting business was held by the board not to conform with the requirements of the act and under its decision the company is to keep its money as investments from Nebraska people.

State Bank of Nemaha.

Secretary Hoyse today issued a charter to the State Bank of Nemaha, Nemaha county. It is capitalized for \$5,000 and the incorporators are: William Campbell, Frederick E. Allen and Elmer E. Allen. Erection of Norfolk Asylum.

The Board of Public Lands and Buildings this morning decided to advertise for bids for the erection of the Norfolk asylum. No material can be secured, it is claimed, until midwinter. The State Board of Charities may recommend that 125 of the patients be sent to Hastings and the asylum at Lincoln to relieve the overcrowded condition of the remaining buildings at Norfolk.

Smallpox and Schools.

No steps have been taken by the school board relative to enforcement of vaccination regulations. Such action has been suggested, but has not yet been taken. One member of the board said this afternoon that he thought the subject would be considered at the next regular meeting, which is scheduled for next Friday night.

Considerable unrest was caused by the prevalence of smallpox in that vicinity so they requested that the school be closed in response to the demand the Board of Health ordered that one room be locked and remain so until further orders.

DEMAND RECEIVER FOR THE SECURITY

Grand Island Contract Holders Want Division of What Assets Can Be Found—Sheriff Taylor in Charge.

GRAND ISLAND, Neb., Nov. 13.—(Special.)—George L. Augustine, Albert Eting and August Glade, holders of contracts in the Security Tontine investment company of this city, have in their hands a court petition asking for the appointment of a receiver for the company.

The Security Tontine investment company is one of the diamond contract concerns which presented to the public the possibilities of making large profits very quickly. It was organized here two years ago and was the forerunner of another organization, with headquarters also in this city, but which has recently been doing most of its business in western states. The petitioners allege that there are seventy-five contracts now due and fully paid up and that the officers of the company are unable to distribute the diamonds or the equivalent thereof, that there are about \$5,000 on hand and office furniture and fixtures to the value of \$100.

The petitioners pray "that a receiver may be appointed by the court who shall be authorized and required to take immediate possession of all the assets, books, papers and property of the alleged association, the Security Tontine investment company, and collect all of its indebtedness and shall report to this court the names of all the holders of said contracts (those having been paid up as well as those not paid up); that Leroy W. Lyons and O. H. Tracy and the Security Tontine investment company and each of them may be forever enjoined from receiving, collecting or disbursing any of the moneys contributed by the holders of said contracts, or from interfering with its moneys, assets or property of any kind, and may also report to this court the names of all parties now or heretofore connected with said association, whether as alleged stockholders or managers and promoters, the amounts contributed by them to its capital stock, if anything, the amount of stock held or owned by each and the amounts converted by them or paid over to the association, whether as profits or dividends or otherwise, and report the names of all persons to whom the association has paid any alleged dividends or profits on contracts and the amounts paid each and all, in order that all such persons may be made defendants herein and required to account for and pay over to such receiver all sums paid to them or any of them as alleged profits or dividends, to the end that the same may be justly and equitably distributed among the holders of said contracts and to others, the creditors of said association." The petition also asks that the association and its officers be forever enjoined from carrying on any such or similar business.

The sheriff Taylor has been appointed temporary receiver. There are 104 paid-up contracts and the defendants represented thereby number at least fifty.
