To Make Studies Uniform

As a result of a conference in this city yesterday State Superintendent Fowler has issued a statement detailing the work and requirements of educational institutions which are authorized to grant teachers' certificates to graduates. Attending the conference were: State Superintendent Fowler, Dr. W. A. Clark, representing the State Normal school at Peru; Prof. G. W. A. Luckey, representing the University of Nebraska: Prof. W. H. Clemmons, president of the Fremont Normal school; Dean Fordyce of Wesleyan university. All authorities or institutions licensed to issue

certificates were included in the representation The chief purpose of the conference was to unify the courses of study in the various institutions. It is the desire of the state authorities to have the same studies in all courses which lead to the issuance of cer-

tificates prevail in each institution. The epresentatives present were in accord with the plan and agreed to do everything possible to carry it into operation. Following is Superintendent Fowler's statement:

is Superintendent Fowler's statement: Under date of July 15, 1901, the state su-perintendent recognized the Fremont Nor-mal school as an accredited institution under the provisions of subdivision 9, sce-tions 7, 8, 9 and 10 of the revised and amended school laws of the state of Ne-braska for 1901, and in 1859 the Nebraska Wesleyan university was similarly recog-nized by former State Superintendent W. R. Jackson. These recognitions carry with them the following provisos: A state cer-tificate of the same tenor and effect as the certificate to teach issued to the graduates from the elementary course of the State Normal school will be granted to the grad-uates of the Fremont Normal preparatory and teachers' courses of study, or to the graduates of the Nebraska Wesleyan uni-versity normal school elementary course; district court this week Charles Miller, charged with stealing a valuable horse from W. An odd turn to the domestic annals of the Kilroy family was given this morning, when Mrs. Della L. Kilroy, the wife, sued her husband for divorce, alleging that he had been guilty of gross cruelty.

Claims of the State Fair.

The board of managers of the State Board of Agriculture met tonight and allowed several claims arising from the recent state fair. No definite figures have been reported, but it is believed by the board that the total expense of the fair will not exceed the available funds. E. L. Vance of Pawnee City was elected

#### TO READERS OF THE BEE:

"About 15 months ago I had a very severe spell of sickness. I was extremely sick for three weeks and when I finally was able to leave my bed I was left with excruciating pains in my back. My water at times looked like coffee. I could pass but little at a time and then only after suffering great pain. My physical condi-tion was such that I had no strength and was all run down. The doctors said my kidneys were not affected, and while I

## Did Not Know I Had Kidney Trouble,

I somehow feit certain that my kidneys were the cause of my trouble. My sister, Mrs. C. E. Littlefield of Lynn, advised me to give Dr. Kilmer's Swamp-Root a trial. I procured a bottle and inside of three days commenced to get relief. I followed up that bottle with another and at the completion of this one found I was completely cured. My strength returned and today I am as well as ever. My business is that of canvaser; I am on my feet a great deal of the time and have to use much energy in getting around. My cure is, therefore, all the more remarkable and is exceedingly gratifying to me.

Recently there have been several cases of prominent men suddenly falling in collapse just after eating a hearty meal. These men have all been under treat-ment for gastric "trouble," and yet the result shows that the treatment they had received had smothered the symptoms out had not retarded the progress of the

disease. There is a real danger in the use of palliatives when there is disease of the stomach and its allied organs of diges-tion and nutrition. The disease in such cases goes on, while the distressing symptoms alone are stopped. Presently, like a smothered

fire, the disease breaks out in new places, in-volving heart, lungs, liver, kid-neys, or some other organ. The use of Dr.

# A HOME CVRE.

Thousands of women who are living quietly, amid the luxuries of home have hidden suffering. They start at every little jar or noise. They become irritated at the slightest cause. They suffer peri-odical pains but have little understanding of what causes them. If they went to a doctor for an exam-ination they would be shocked to hear they had "female troubles"—a prospect which strikes terror to a woman's heart. Female troubles come on gradually, but plain warnings tell of their approach.

Are you nervous? Do little things annoy you?

- Do you start at every sound? Are you discouraged and miserable on certain days, then elated again the next? Are your menses painful or irregular?

If your answer is "yes" to any of these questions you should not be deceived. You are suffering with female troubles and should begin the Wine of Cardui treatment at once. It will cure you as it has cured 1.000,000 other women. It cures in the privacy of the home. No private exam No operations. Could relief be easier? Try Wine of Cardui.
