FIRE ESCAPES FOR LIBRARY and that would be all the paving this winter

Trustee Baird Determined to Have Councilmen Act.

WILL URGE THE MATTER PUBLICLY TONIGHT

Bound Not to Let the Matter Drop. but to Inc Every Means to Have the Building Properly Equipped.

As the municipal authorities do not seem in any hurry to move in the matter. Trustee Baird of the public library will call upon the city council at its meeting tonight to enforce the ordinance providing for the erection of fire escapes on public and other buildings. The Merriam block, in which the public library is situated, is still without fire escapes and as far as is known the fire and light committee of the city council, which is understood to have the enforcing of the ordinance in its hands has not notified Mr. Merriam to comply with its provisions.

The fire escape ordinance was passed August, 1899, and provides that all buildings within the corporate limits of the sity of Council Bluffs three stories high or over and all opera houses, theaters, botels, public halls, lodgerooms, museums rooms, public libraries, schoolhouses and buildings used for places for amusements of any kind and all buildings wherein crowds of people are invited to assemble for any purpose, and all hospitals and convents, shall be provided with stair-

For a while the ordinance was enforced and many of the larger buildings in the city were equipped with the required fire sscapes, but none were ever placed on the Merriam block, which is three stories high and covers almost a block of ground.

The trustees of the public library called he attention of Mr. Merriam to the lack of fire escapes and, this failing in its purpose, they referred the matter to the city

Large numbers of children gather in the rooms occupied by the public library and the trustees are determined that fire escapes shall be provided, at least at that

When asked yesterday why the ordinance was not enforced as regards the Merriam block Mayor Jennings said he had not given the matter much attention, supposing hat the fire and light committee ought to look after it. Trustee Baird says he will not let the matter drop and will use every means in his power to have the ibrary equipped with the proper fire es-

Nicholas Nelson Killed.

Nicholas Nelson, a farmer living at Forty-fifth and L streets, was killed last evening in a runaway accident. Late in the afternoon Nelson left his home with stopping at Tekamah for a short visit, his wife and young son, intending to drive out into the country. A portion of the harness broke and the horse ran away. Nelson was thrown over the dashboard of the buggy and his skull crushed by the horse's heels. Mrs. Nelsou and her son were thrown out of the rig, but they were not injured beyond a few minor bruises. The first intimation anyone had of the don plantation, about eight miles below

accident was when the horse returned home with an empty buggy. Colonel J. J. Hurt who owns the sheep ranch adjoining the Nelson place, instituted a search and found the body of Nelson lying in the road. He termined upon the summary execution of their victim, but took him from the hands immediately sent for physicians, but as life was extinct nothing could be done The doctors attended Mrs. Nelson and her curred Saturday night. Scarlet Fever Increasing.

Two cases of scarlet fever were reported to Inspector Jones yesterday. One is Ed C. Wilber, 1608 North Twenty-sixth street. and the other is at the home of J. A. Cavers, Twenty-seventh and C streets. This in-crease in contagious and infectious disease is causing a great deal of work in the sanitary department and help will soon be

It is expected that Mayor Kelly will soon take up the matter of appointing a city physician and naming two members of the Board of Health. These two members will be business men. In speaking of this matter yesterday the mayor said that he had not even considered the appointments to be made, but would take up the matter today. More Smallpox Cases.

Sanitary Inspector Jones was notified yesterday of a case of smallpox at the home of Tony Burke, Twentieth street, between N and O streets, and another at the Tangeman dwelling. Thirteenth and I streets. Investigation shows that the Kuntz case at Twenty-ninth and Monroe streets, which was reported Saturday, was imported from Sioux City. Mary Kuntz is the name of the patient. Inspector Jones asserts that a week ago the young woman was working in a packing house canning factory at Sioux City. When she was taken ill she was told that she would either have to go to pesthouse or return to her home in South Omaha. She left Sioux City at once and as soon as she arrived here the case was reported to the city officials and her home quarantined Inspector Jones says that this is the sec-

ond case this year where persons with smallpox have been shipped out of Sioux

City and sent here. Lambert Keeps Busy.

City Attorney Lambert is making a goo showing in the courts these days in damage claims against the city by exhibiting photographs of sidewalks where it is alleged injuries have been sustained. In one recent case witnesses testified to a certain condition of the walk and the photographs taken only a few hours after the supposes accident, did not hear out the testimony. By the showing of photographs Mr. Lanhert expects to win quite a number of suits now pending against the city.

"No Other Way"

Sir Walter Besant The Last Work of This Gifted Writer.

Powerful and Dramatic Story. Unique in Plot.

I is founded on a most peculiar condition of the English penal system and debtor's prison. The heroine, a beautiful young widow, is in imminent danger of being thrown into a debtor's cell when a crafty creditor shows her how, by marrying a condemned criminal, she can escape her debts, and as he will soon be executed, she will also escape the ignominy of this surreptitious marriage.

With this curious introduction into a plot unique in fiction. sir Walter Besant enlists the sympathy of the reader and arouses the keenest curiosity in the final outcome of the strange al liance. Contrary to expectations, the criminal does not die, and the efforts of the heroine to escape her husband, together with the ercumstances of a change of fortune which has come to her gives a swing to the tale and a rapidity of action and development which ends only with the last chapter of the story.
