MUCH DOING AT NORTH PLATTE

Union Pacific Improvements There to

He Extensive and More Men Are Required.

NORTH PLATTE, Neb., Nov. 25 .- (Speial.)-When workmen begin, January 1, to extend the boiler shop sixty feet northward they will be inaugurating extensive improvements on the Union Pacific's property in North Platte. An additional 150 feet will be built at the west end of the machine shop and an addition measuring sixty feet will enlarge the north end of the boiler shop. Fifteen fires will be added to the equipment of the blacksmith shop. The freight house will extend sixty feet eastvard and three new steel tracks will extend the length of the yards from east to west. The new electric company here is to light the entire yard, offices and freight

department. The master mechanic's office will placed where the carpenter shop stands, the latter being succeeded by a new structure, 60x100, which will adjoin the new store building, 60x80, cornering on the north wire fence.

One hundred and fifty or 200 mechanics will be added to the present force and larger crews of transfer men and freight handlers with double crews of switch and section men will also be employed, the contracts for the construction work already having been let.
