owner of the Kansas City franchise, are here, but refuse to talk to anyone but owner W. T. Van Brunt and owner Rourke of the Omain franchise and the representatives of three other franchises. Mr. Van Brunt as the spokesman for the other magnates vigorously urged Mr. Hickey to at once drop his greater league plans or at once vacate the presidency. Mr. Van Brunt told him that the Western league would continue regardless of whether Mr. Hickey was a salaried officer with it or not. George Tebeau, who is the confidant of Mr. Hickey, registered under an assumed name when he arrived last night. Mr. Tebeau told Mr. Van Brunt that most of the Western league towns could drop into a minor league and make just as much money as they have ever made. His argument was pronounced too silly for consideration by the other magnates of the Western league. Tebeau has been invited to eliminate himself and the president from the league and give some other good city opportunity to get in.

The Expected Finally Happened.

The revolt in the Western Base Ball league is over, an agreement having been practically reached today between President Hickey, W. T. Van Brunt and George Tepeau. President Hickey will resign at the annual meeting to be held next week either in this city, Kansas City or Omahn. and his successor will be elected. W. T. Van Brunt, owner of the St. Joseph franchise will give up the franchise, since St. Joseph is to be played in the minor league. He said today that he would not take a step backward.

At the conference held by the three men today it was understood that Tebeau is to go with the Denver team. He said he would sign a pledge not to employ a Kansas City player. President Hickey gave out the following signed statement, after the conference with Van Brunt:

Hickey's Statement.

"After the close of the season of 1991 FIRST there was a general demand by the base ball people of certain cities without a club Diderot Overtakes Dunblane and They for me to take the initiative in forming a league that would be a good business propo sition for the individual cities as well as a chance to better and advance my own con-dition, which is certainly human and a right that I have and which no one can critteise. With that end in view, i started to work, and the result was that a circuit has been formed comprising Minneapolis, St. Faul, Kansas City and Omaha in the west, and Milwaukee, Indianapolis, Colum-bus and Toledo in the east. While we are already organized. I have called another meeting for November 29, at which time we will close up some minor details. This new organization must not be confused with the Western league, as it is a distinct organiza-tion entirely. The meeting of the Western league will be held next week, at which chance to better and advance my own conclosed up and my successor elected."

HARTFORD. Conn., Nov. 24.- Toung Cor-bett, who has been working faithfully for four weeks to prepare for his bout with Terry McGovern, put the finishing touches to his training this afternoon behind closed doors. Large crowds have watched his daily practice and somewhat handicapped him and today he requested that all be excluded except his trainers. He boxed several hard rounds with Charley Sleger and went through his usual practice, which was preceded by an eight-mile run on the road. A physician again examined Corbett tonight and pronounced him to be in fine condition. Tomorrow he will take light exercise.

tonight and pronounced him to be in fine condition. Tomorrow he will take light exercise. NEW YORK, Nov. 26.—After eight days of hard training for his battle with "Young Corbett" of Denver, Terry McGovern took a ten-mile run in the vicinity of Jerome park this afternoon and despite the fact that it was freezing cold, with a strong wind blowing, he covered the distance in ninety minutes. When he reached his train-ing quarters he was examined by a physi-cian, who reported that the little champion was in perfect trim. Several persons have informed McGovern that in Young Corbett he will meet the toughest and most rugged opponent of his ring career. He replied to several ques-tions as to how he felt: "Bully, never felt better in my life and while I have taken no chances and have gotten into the best condition. I feel very confident of the re-suit. McGovern tipped the scale at 122 pounds today and said that with a road run to-morrow he would finish up his training and break up camp, prior to his leaving for Hartford tomorrow afternoon. He expects to reach the ringside weighing no more than 124 pounds. Among the sporting men here there is very little betting being done. McGovern backers are offering hets of two to one on their man, with few takers. Among the sporting resorts on Upper Broadway some of the sports are making what they call gambling bets on the Den-ver lad, taking odds of five to two, but the prevailing price is two to one on the champion. President Hickey said he would certainly resign as president of the Western league next week, but refused to say where the meeting will be held. As far as he knows and as far as can be learned here today that is the end of the revolt.

Owner Van Brunt, who headed the revolt. said he would not stand in the way of President Hickey's advancement, but seeing no opportunity to get St. Joseph into the larger league, said he would have nothing more to do with base ball. The new Western league as planned now is to comprise Denver. St Joseph, Colorado Springs, Sioux City, Des Moines and probably Lincoln, although the

deal has not been closed there. As to dissatisfaction among the other magnates in the Western league Owner Van Brunt has nothing to say. He has given up and that is the end of the revolt it is believed here.

LINCOLN, Nov. 26 .- (Special Telegram.) -It will not be definitely known whether or not Lincoln is to get a base ball franchise until the Western league magnates meet in Kansas City next week. A substantial offer will be made by the local promoters and the belief is that it will be accepted. Among the men who are giving the project financial backing are A. H. Armstrong and J. C. Seacrest.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition - is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the sys-tem. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN all morbid, UPON THE SYSTEM. When this has been accomplished the dis-charge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter
