Piles, when bleeding, lower the vitality. Piles, when protruding, annoy and distress. Piles, when internal, cause obscure symptoms. Piles, when ulcerated, cause reflex disturbances. Piles, when acutely inflamed, cause severe suffering. Piles, when accompanied with fissure cause intense pain. Piles, when attended with chronic inflammation, cause itching. Piles, of any kind, are apt to induce sympathetic ailments.

Why Suffer from Piles ?

There is an economical, safe and certain cure, that may be bought at any drug store, and self-applied in the privacy of your own home. There is no experimenting, no waiting your turn at a surgeon's office, no indeli cate examinations, or barbarous, painful and dangerous operations. You simply go to your druggist, buy the Pyramid Pile Cure, apply it yourself,

and get well. That the Pyramid Pile Cure does really cure piles, relieve the congested parts, allay inflammation, and stop all aching, itching and throb-bing is vouched for by many hundred voluntary and unsolicited testi-monials of which the following are representative specimens :--

Gured of Piles where Knife Falled. | Awful Pile Torturo Gured in 3 Days.

At the last hearing of the case in the district court of Douglas county these three bondsmen were released from 'liability and it is to reverse this holding that the state has appealed to the higher tribunal.

The defendants, Paxton, Swobe and Taylor, contend that the verdict below was the only one that could have been given

JOYFUL MATERNITY.

Hopeful Words to Childless Women. Two Grateful Women Tell How They Were Helped by Lydia E. Pinkham's Vegetable Compound.

How shall a mother who is weak and sick with some female trouble bear healthy children?

How anxious women ought to be to give their children the blessing of a good constitution !

Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in women is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers.

The Story of Mrs. De Bett and Her Baby Girl.

"DEAR MRS. PINEHAM : - Before I took your medicine I suffered for years. Life to me was a torture. I often wished I were dead. I had no children, and the doctor said I never could have. Menstruation was very painful, also suffered with severe pains in left ovary, had pains in my back and heart, terrible headaches, and weakness of the kidneys. I tried everything, had womb dilated twice but that did no good. I got discouraged and concluded to let the doctors go and try your medicine. After writing to you explaining my case I followed your adjoint concluded with the result that I never to let the doctors go and try your medicine. After writing to you explaining my case, I followed your advice carefully and with the result that I never feit so well in all my life. I am indeed a new woman and have a loving little baby girl which is the happiness of my home. I feel that I owe my life to Lydia E. Pinkham's Medicine, and feel very proud to recommend it to others. I hope that many others will follow my example and that homes may be brightened as mine has."-MRS. LUCY DE BETT. 80% S. Halstead St., Chicago, III. (March 1, 1901.)

"DEAR MRS. PINEHAM : - I must write and tell you what your Vegetable Compound has done for me. Before taking your medicine I was unable to carry a babe to maturity, having lost two — one at six months and one at seven. The doctor said next time I would die, but thanks to Lydia E. Pinkham's Vegetable Compound, I did not die, but am the proud mother of a six months old girl baby. She weighs nineteen pounds and has never seen a sick day in her life. She is the delight of our home."- MRS. A. D. JARRET,
