4007. Seven-Gored Petticoat, 22 to 30 Waist.

Woman's Seven-Gored Petticoat With Pointed Circular Flounce. Perforated for Dip Front and Habit Back. No. 4007—Carefully shaped, well fitted petticoats are as important as the gowns worn over them if the latter are to appear at their best. The very satisfactory model illustrated was designed with all the requirements in view and is suited to silk, moreen, brilliantine, gloria and all similar skirting materials, but, in the original, is of taffeta in old rose, with bands and frill of twine-colored lace, The skirt is cut in seven gores that are shaped to be snug about the hips and to flare at the feet. At the lower edge is a straight frill of plisse silk edged with a ruche, and above it the graduated circular lounce that is shaped in points at the lower edge. The back gores are laid in flat plaits at the center, but are perforated, to be made without fullness in habit style, a fact which renders the petticoat peculiarly desirable for wear beneath the fashionable skirt, and the top can be cut in dip style b 7:20 am b 9:40 pm and finished with or without the belt.

To cut this petticoat for a woman of medium size 12% yards of material 21 inches wide, 8% yards 27 inches wide, 5% yards 44 inches wide, 5% yards 21 inches wide when material has entire figure or nap will be required, with 101/2 yards 71/2 inches wide for plisse frill, 11 yards of lace 2 inches wide and 51/2 yards of insertion to trim as illustrated.

The pattern 4007 is cut in sizes for a 22 24, 26, 28 and 30-inch waist measure.

ers these patterns, which usually retail at from 25 to 50 cents, will be furnished at a nominal price. 10 cents, which covers all expense. In order to get any pattern enclose 10 cents, give number and name of pattern wanted and bust measure. Allow about ten days from date of your letter before beginning to look for the patters.
